

TO THE HONORABLE SENATE:

The Committee on Natural Resources and Energy to which was referred House Bill No. 466 entitled “An act relating to surface water withdrawals and interbasin transfers” respectfully reports that it has considered the same and recommends that the Senate propose to the House that the bill be amended as follows:

First: In Sec. 1, 10 V.S.A. chapter 41, in subchapter 4, in section 1042, by striking out subsection (c) in its entirety and inserting in lieu thereof the following:

(c) Methods of reporting withdrawals.

(1) Except as provided in subdivision (2) of this subsection, the following methods shall be used to report the amounts of withdrawn surface water required to be reported under subsection (b) of this section:

(A) Withdrawals of between 5,000 and 50,000 gallons of surface water per day, averaged over any 30-day period in a year, shall either provide an estimate of total volume withdrawn or provide meter data. The report shall describe how any estimate was calculated.

(B) Withdrawals of more than 50,000 gallons of surface water per day, averaged over any 30-day period in a year, shall provide meter data or measured data by a technically appropriate method approved by the Secretary.

(2) Withdrawals for irrigation or watering of livestock of more than 5,000 gallons of surface water per day, averaged over any 30-day period in a year, may provide an estimate of the total volume withdrawn based on log records maintained by the person withdrawing the surface water.

Second: In Sec. 1, 10 V.S.A. chapter 41, in subchapter 4, in section 1043, by striking out subsection (c) in its entirety and inserting in lieu thereof the following:

(c) Permits.

(1) The Secretary may issue a general permit to authorize certain withdrawal activities.

(2) The Secretary shall issue a general permit under this chapter for the withdrawal of surface water for State or municipal infrastructure projects. The general permit shall establish withdrawal volumes that only require notification of the Secretary and do not require Secretary approval prior to withdrawal.

(3) A permit issued under this subchapter shall be for a period of not longer than 10 years from the date of issuance.

Third: By inserting a new section to be Sec. 4a to read as follows:

Sec. 4a. IMPLEMENTATION; RULEMAKING

The Secretary of Natural Resources shall conduct public input and outreach with interested parties prior to initiating formal rulemaking pursuant to the

Administrative Procedure Act for surface water withdrawals as set forth in
10 V.S.A. § 1045. The public input and outreach shall include an opportunity
for interested parties to comment on a draft rule for surface water withdrawals.
