12	obtains from a source other than a dealer or a dealer's data management

warranty, predelivery, and recall obligations of repair and servicing at amounts not less than the retail amounts customarily charged by the dealer to its retail customers for like parts for nonwarranty work. The amounts established by a dealer to its retail customers for labor and like parts for nonwarranty work are deemed to be fair and reasonable compensation; provided, however, a manufacturer may rebut such a presumption by showing that such amount so established is unfair and unreasonable in light of the practices of at least four other franchised motor vehicle dealers in the vicinity offering the same linemake or a similar competitive line-make. A manufacturer may not otherwise recover all or any portion of its costs for compensating its motor vehicle dealers licensed in this State for warranty parts and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition. (c)(1) For purposes of this section, the "retail amounts customarily charged" by the franchisee for parts may or labor rate, or both, shall be established by submitting to the manufacturer 100 sequential nonwarranty customer-paid service repair orders or 60 days of nonwarranty customer-paid service repair orders, whichever is less in terms of total cost, covering repairs made no not more than 180 days before the submission and declaring the average percentage markup for parts or labor rate, or both. The average percentage markup for parts or labor rate, or both, so declared is the retail

1	amount, which goes into effect 30 days following the declaration, subject to
2	audit of the submitted repair orders by the manufacturer and adjustment of the
3	average percentage markup based on that audit. Only All retail sales not
4	involving shall be considered in calculating the average percentage markup,
5	except for:
6	(A) warranty repairs, not involving state inspection, not involving:
7	(B) State inspections;
8	(C) routine maintenance such as changing the oil and oil filter,
9	including the replacement of bulbs, fluids, filters, batteries, and belts that are
10	not provided in the course of, or related to, a repair;
11	(D) factory special events, specials, or promotional discounts for
12	retail customer repairs;
13	(E) parts sold, or repairs performed, at wholesale;
14	(F) factory-approved goodwill or policy repairs or replacements;
15	(G) repairs with aftermarket parts, when calculating the retail parts
16	rate, but not the retail labor rate;
17	(H) repairs on aftermarket parts;
18	(I) replacement of or work on tires, including alignments and wheel
19	or tire rotations;
20	(J) repairs of motor vehicles owned by the dealer or an employee of
21	the dealer at the time of the repair;

1	(K) engine assemblies or transmission assemblies, or both engine and
2	transmission assemblies;
3	(L) vehicle reconditioning;
4	(M) items that do not have individual part numbers, including nuts,
5	bolts, and fasteners; and not involving
6	(N) accessories may be considered in calculating the average
7	percentage markup .
8	(2) A manufacturer may not require a new motor vehicle dealer to
9	establish the average percentage markup by an unduly burdensome or time-
10	consuming method or by requiring information that is unduly burdensome or
11	time-consuming to provide, including part-by-part or transaction-by-
12	transaction calculations.
13	(3) If a manufacturer furnishes a part or component to a dealer at less
14	than its normal and customary price, including the price previously reflected in
15	the manufacturer's parts catalogue, to use in performing repairs under a recall,
16	campaign service action, or warranty repair, the manufacturer shall compensate
17	the dealer for the part or component in the same manner as warranty parts
18	compensation under this section by compensating the dealer the average
19	markup on the cost for the part or component as listed in the manufacturer's
20	price schedule less the cost for the part or component.

(4) A new motor vehicle dealer may not change the average percentage
markup more than two times in one calendar year. Further, the manufacturer
shall reimburse the new motor vehicle dealer for any labor performed at the
retail rate customarily charged by that franchisee for the same labor when not
performed in satisfaction of a warranty, provided the franchisee's rate for labor
not performed in satisfaction of a warranty is routinely posted in a place
conspicuous to its service customer.

- (5) A manufacturer shall not require, influence, or attempt to influence a dealer to implement or change the prices for which it sells parts or labor in retail customer repairs.
- (6) A manufacturer shall not implement or continue a policy, procedure, or program with any of its dealers in this State for compensation that is inconsistent with this subsection.
- (d) It is a violation of this section for any new motor vehicle manufacturer to fail to perform any warranty obligations or to fail to include in written notices of factory recalls to new motor vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of such defects, or to fail to compensate any of the new motor vehicle dealers in this State for repairs effected by a recall <u>at the rates set forth</u> in subsection (c).

- (e) All claims made by new motor vehicle dealers pursuant to this section for labor and parts shall be paid within 45 days following their approval; provided, however, that the manufacturer retains the right to audit the claims and to charge back the dealer for fraudulent claims for a period of two years one year following payment. All claims shall be either approved or disapproved within 45 days after their receipt on forms and in the manner specified by the manufacturer, and any claim not specifically disapproved in writing within 45 days after the receipt shall be construed to be approved and payment must follow within 45 days. No claim that has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not made properly or were unnecessary to correct the defective condition, or that the dealer failed to reasonably substantiate the claim either in accordance with the manufacturer's reasonable written procedures or by other reasonable means.
- (f) A manufacturer shall retain the right to audit warranty claims for a period of one year after the date on which the claim is paid.
- (g) A manufacturer shall retain the right to audit all incentive and reimbursement programs and charge back any amounts paid on claims that are false or unsubstantiated for a period of 18 months one year from the date on which the claim is paid or one year from the end of a program that gave rise to the payment, whichever is later.

2	Sec. X3. 9 V.S.A. § 4096 is amended to read:
3	§ 4096. UNLAWFUL ACTS BY MANUFACTURERS OR DISTRIBUTORS
4	H Notwithstanding the terms of any franchise or other agreement between a
5	manufacturer and new motor vehicle dealer, it shall be a violation of this
6	chapter for any manufacturer, as defined under this chapter, to require, attempt
7	to require, coerce, or attempt to coerce any new motor vehicle dealer in this
8	State:
9	* * *
10	(9)(A) To change the location of the dealership or to make any
11	substantial alterations to the dealership premises or facilities in the absence of
12	written assurance from the manufacturer or distributor of a sufficient supply of
13	new motor vehicles commensurate with customer demand in the market to
14	justify the change in location or the alterations and written assurance from the
15	manufacturer or distributor that the new motor vehicle dealer will be able, in
16	the ordinary course of business as conducted by the new motor vehicle dealer,
17	to earn a reasonable return on the total investment in the change in location or
18	the alterations and the full return of the total investment within 10 years.
19	(B) Except as necessary to comply with a health or safety law, or to
20	comply with a technology requirement that is necessary to sell or service a

motor vehicle that the new motor vehicle dealer is authorized or licensed by

the manufacturer to sell or service, a dealer that completes a facility
construction or renovation pursuant to factory requirements shall not be
required to construct a new facility or renovate the existing facility for the next
10 years during which time the dealer will be considered in compliance with
any new facility program for purposes of being entitled to all incentive or
bonus payments offered to same line-make dealers.
(10) To purchase goods or services for the construction, renovation, or
improvement of the new motor vehicle dealer's facility or essential tools and
equipment to service vehicles from a vendor chosen by the manufacturer if
goods or services available from other sources are of substantially similar
quality and design and comply with all applicable laws; provided, however,
that such goods are not subject to the manufacturer's intellectual property or
trademark rights and the new motor vehicle dealer has received the
manufacturer's approval, which approval may not be unreasonably withheld.
Nothing in this subdivision shall be construed to allow a new motor vehicle
dealer to impair or eliminate a manufacturer's intellectual property, trademark
rights, or trade dress usage guidelines.
(11) To purchase essential tools and equipment to service vehicles if the
manufacturer cannot demonstrate that the new motor vehicle dealer will
receive a reasonable return on investment required to purchase the essential
tools and equipment.

1	Sec. X4. 9 V.S.A. § 4097 is amended to read:
2	§ 4097. MANUFACTURER VIOLATIONS
3	It Notwithstanding the terms of any franchise or other agreement with the
4	manufacturer, it shall be a violation of this chapter for any manufacturer
5	defined under this chapter:
6	* * *
7	(8)(A) To compete with a new motor vehicle dealer operating under an
8	agreement or franchise from the aforementioned manufacturer in the State.
9	(B) For purposes of this subdivision (8), any manufacturer that is not
10	a non-franchised zero-emission vehicle manufacturer competes with a new
11	motor vehicle dealer if it engages in the business of any of the following with
12	respect to new motor vehicles or the retail sale of parts and accessories to the
13	end user for those new motor vehicles:
14	(i) selling or leasing;
15	(ii) offering to sell or lease;
16	(iii) soliciting or advertising the sale or lease; or
17	(iv) offering through a subscription or like agreement; or
18	(v) offering or selling software and hardware upgrades or changes
19	to vehicle function and features.
20	* * *

1	To impose unreasonable standards of performance or unreasonable
2	facilities, financial, operating, or other requirements upon a motor vehicle
3	franchisee, whether as part of the franchise or a separate program. It shall be
4	considered unreasonable for a manufacturer to fail to take into account all
5	circumstances relevant to a new motor vehicle dealer's local market when
6	imposing standards of performance.
7	* * *
8	(25)(A) To, with respect to consumer data, do any of the following:
9	(i) Fail to comply with, or cause a new motor vehicle dealer to
10	violate, any applicable restrictions on reuse or disclosure of consumer data
11	established by federal or State law.
12	(ii) Upon request by the new motor vehicle dealer, fail to provide
13	a written statement to the new motor vehicle dealer describing the established
14	procedures adopted by the manufacturer or third party acting on behalf of the
15	manufacturer that meet or exceed any federal or state requirements to
16	safeguard the consumer data, including those established in the Gramm-Leach-
17	Bliley Act, Pub. L. No. 106-102 (portions codified at 15 U.S.C. chapter 94).
18	(iii) Upon written request by the new motor vehicle dealer, fail to
19	provide a written list of the consumer data obtained from the dealer and all
20	persons to whom any consumer data has been provided by the manufacturer or
21	a third party acting on behalf of a factory during the preceding six months.

1	The dealer may make such a request not more than once every six months.
2	The list shall indicate the specific fields of consumer data that were provided to
3	each person.
4	(iv) Require that a new motor vehicle dealer grant the
5	manufacturer or a third party acting on behalf of the manufacturer direct or
6	indirect access to the dealer's data management system to obtain consumer
7	data. A manufacturer or a third party acting on behalf of a manufacturer shall
8	permit a dealer to furnish consumer data in a widely accepted file format, such
9	as comma delimited, and through a third-party vendor selected by the dealer.
10	However, a manufacturer or a third party acting on behalf of a manufacturer
11	may access or obtain consumer data directly from a dealer's data management
12	system with the express written consent of the dealer. The consent must be in
13	the form of a standalone written document that is executed by a principal or
14	operator of the dealer and may be withdrawn by the dealer upon 30 days'
15	written notice to the manufacturer. Such consent shall not be required as a
16	condition to a new motor vehicle dealer's participation in an incentive program
17	unless such consent is necessary to obtain consumer data to implement the
18	program.
19	(v) Fail to indemnify the dealer for any third-party claims asserted
20	against or damages incurred by the dealer to the extent caused by access to, use
21	of, or disclosure of consumer data in violation of this section by the

1	manufacturer or a third party to whom the manufacturer has provided
2	consumer data.
3	(vi) Fail to provide any benefit or incentive to a new motor vehicle
4	dealer resulting from the dealer's refusal to give the manufacturer, or a third
5	party acting on behalf of the manufacturer, access to all or parts of the dealer's
6	data management system.
7	(B) Nothing contained in subdivision (A) of this subdivision (25)
8	shall limit the ability of the manufacturer to require that the dealer provide, or
9	use in accordance with the law, such customer information related solely to the
10	manufacturer's own vehicle makes to the extent necessary to do any of the
11	following:
12	(i) satisfy any safety or recall notice obligations or other legal
13	notice obligations on the part of the manufacturer;
14	(ii) complete the sale and delivery of a new motor vehicle to a
15	customer;
16	(iii) validate and pay customer or new motor vehicle dealer
17	incentives; or
18	(iv) submit to the factory claims for any services supplied by the
19	new motor vehicle dealer for any claim for warranty parts or repair.
