<p>* * * Inclusion of Maintenance for the Lamoille Valley Rail Trail in the Annual Proposed Transportation Program * * *</p>	
<p>Sec. 2. 19 V.S.A. § 10g(p) is added to read:</p> <p><u>(p) The Agency shall include the annual maintenance required for the Lamoille Valley Rail Trail (LVRT), running from Swanton to St. Johnsbury, in the Transportation Program it presents to the General Assembly under subsection (a) of this section. The proposed authorization for the maintenance of the LVRT shall be sufficient to cover:</u></p>	<p><b><u>[SECTION DELETED]</u></b></p>

<p><u>(1) maintenance and repair or replacement of any bridges along the LVRT;</u></p> <p><u>(2) maintenance and repair of the fencing along the LVRT and any leased lines;</u></p> <p><u>(3) maintenance and repair of the stormwater systems for the LVRT;</u></p> <p><u>(4) any large-scale surface maintenance required due to dangerous conditions along the LVRT or compromise of the rail bed of the LVRT, or both;</u></p> <p><u>(5) resolution of any unauthorized encroachments related to the rail bed, but not the recreational use of the LVRT;</u></p> <p><u>(6) any other maintenance obligations required of the Agency under a memorandum of understanding entered into regarding the maintenance of the LVRT; and</u></p> <p><u>(7) the cost of all ongoing maintenance of the LVRT by the Department of Forests, Parks and Recreation at such time as the Agency enters into a lease and maintenance agreement with the Department of Forests, Parks and Recreation for the LVRT.</u></p>	
	<p style="text-align: center;">* * * Summary of Transportation Investments * * *</p>
	<p><b>Sec. 2. FISCAL YEAR 2022 TRANSPORTATION INVESTMENTS INTENDED TO REDUCE TRANSPORTATION-RELATED GREENHOUSE GAS EMISSIONS, REDUCE FOSSIL FUEL USE, AND SAVE VERMONT HOUSEHOLDS MONEY</b></p>

This act includes the State’s fiscal year 2022 transportation investments intended to reduce transportation-related greenhouse gas emissions, reduce fossil fuel use, and save Vermont households money in furtherance of the policies articulated in 19 V.S.A. § 10b and the goals of the Comprehensive Energy Plan and to satisfy the Executive and Legislative Branches’ commitments to the Paris Agreement climate goals. In fiscal year 2022, these efforts will include the following:

(1) **Park and Ride Program.** This act provides for a fiscal year expenditure of \$5,220,233.00, which will fund three park and ride construction projects, including the creation of two new park and ride facilities; the design of two additional park and ride facilities scheduled for construction in future fiscal years; and paving projects for existing park and ride facilities. This year’s Park and Ride Program will create 226 new State-owned spaces. Specific additions and improvements include:

(A) Berlin (Exit 6)—Design for 62 spaces;

(B) Berlin (Exit 7)—Construction of 34 new spaces;

(C) Manchester—Design for 50 spaces;

(D) Williamstown-Northfield (Exit 5)—Construction of 50 new spaces; and

(E) Williston—Construction of 142 new spaces.

(2) **Bike and Pedestrian Facilities Program.** This act, in concert with 2020 Acts and Resolves No. 139, Sec. 12(b)(1), provides for a fiscal year expenditure, including local match, of \$21,180,936.00, which will fund 27 bike and pedestrian

construction projects; two new pedestrian bridge installations; and 12 bike and pedestrian design, right-of-way, or design and right-of-way projects for construction in future fiscal years. The construction projects include the creation, improvement, or rehabilitation of walkways, sidewalks, shared-use paths, bike paths, and cycling lanes. In addition to the Lamoille Valley Rail Trail, which will run from Swanton to St. Johnsbury, projects are funded in Arlington, Bennington, Brattleboro, Chester, Colchester-Essex, Dover, East Montpelier, Enosburg Falls, Hartford, Hartland, Hinesburg, Jericho, Johnson, Lincoln, Middlebury, Moretown, Plainfield, Poultney, Proctor, Richford, Rutland City, Shelburne, South Burlington, Springfield, St. Albans City, Swanton, Underhill, Vergennes, Waitsfield, Waterbury, Williston, Wilmington, and Winooski. This act also provides State funding for some of Local Motion's operation costs to run the Bike Ferry on the Colchester Causeway, which is part of the Island Line Trail; funding for the small-scale municipal bicycle and pedestrian grant program for projects to be selected during the fiscal year; and funding for bicycle and pedestrian education activities being conducted through a grant to Local Motion.

(3) Transportation Alternatives Program. This act provides for a fiscal year expenditure of \$5,567,868.00, including local funds, which will fund 22 transportation alternatives construction projects and 20 transportation alternatives design, right-of-way, or design and right-of-way projects. Of these 42 projects, seven involve environmental mitigation related to clean water, stormwater, or both clean water and stormwater concerns, and nine involve bicycle and pedestrian facilities. Projects are funded in Bennington, Bridgewater, Bridport, Burlington, Castleton, Chester, Colchester, Derby, Duxbury, East Montpelier, Enosburg, Essex,

Essex Junction, Fair Haven, Fairfax, Franklin, Granville, Hartford, Hyde Park, Jericho, Montgomery, Newfane, Norwich, Pittsford, Proctor, Rutland Town, South Burlington, St. Albans City, St. Johnsbury, Vergennes, Warren, Wilmington, and Winooski.

(4) Public Transit Program.

(A) Sec. 24 of this act expresses the General Assembly's intent that all public transit, both rural and urban, be operated on a zero-fare basis in fiscal year 2022, as practicable and, in the case of urban routes, as approved by the governing body of the transit agency, with monies for public transit from the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. No. 116-136 (CARES Act); the Consolidated Appropriations Act, 2021, Pub. L. No. 116-260; and the American Rescue Plan Act of 2021, Pub. L. No. 117-2 (ARPA).

(B) Sec. 25 of this act requires the Agency to review and implement coordinated intermodal connections, to the extent practicable, to ensure efficient and accessible intermodal transportation opportunities in Vermont and support the cross promotion of intermodal connections.

(C) Sec. 27 of this act requires the Agency to prepare a long-range plan that outlines the costs, timeline, training, maintenance, and operational actions required to move to a fully electric public transportation fleet.

(D) This act also authorizes \$45,821,522.00 in funding for public transit uses throughout the State, which is an 11.1 percent increase over fiscal year 2021 levels and a 24.4 percent increase over fiscal year 2020 levels. Included in

the authorization are:

(i) Go! Vermont, with an authorization of \$793,400.00. This authorization supports the promotion and use of carpools and vanpools.

(ii) Vermont Kidney Association Grant, with an authorization of \$50,000.00. This authorization supports the transit needs of Vermonters in need of dialysis services.

(iii) Opioid Treatment Pilot, with an authorization of \$84,064.00. This authorization supports the transit needs of Vermonters in need of opioid treatment services.

(5) Rail Program. This act authorizes \$36,780,019.00, including local funds, for intercity passenger rail service and rail infrastructure throughout the State, including modifications to the Burlington Vermont Rail Systems railyard to accommodate overnight servicing to facilitate New York City–Burlington rail service.

(6) Transformation of the State Vehicle Fleet. The Department of Buildings and General Services, which manages the State Vehicle Fleet, currently has 25 PHEVs and two BEVs in the State Vehicle Fleet. In fiscal year 2022, the Department of Buildings and General Services expects to add 12 additional PHEVs and eight additional BEVs to the fleet.

(7) Electric vehicle supply equipment. In furtherance of the State's goal to increase the presence of EVSE in Vermont:

(A) Sec. 22 of this act authorizes up to \$1,000,000.00 to the Interagency EVSE Grant Program for a pilot program for

EVSE at multi-unit affordable housing and multi-unit dwellings owned by a nonprofit; and

(B) Sec. 23 of this act sets a State goal to have a level 3 EVSE charging port available to the public within five miles of every exit of the Dwight D. Eisenhower National System of Interstate and Defense Highways within the State and 50 miles of another level 3 EVSE charging port available to the public along a State highway and requires the annual filing of an up-to-date map showing the locations of all level 3 EVSE available to the public within the State with the House and Senate Committees on Transportation until this goal is met.

(8) Vehicle incentive programs and expansion of the PEV market.

(A) Incentive Program for New PEVs and partnership with Drive Electric Vermont. Sec. 10 of this act authorizes:

(i) up to an additional \$250,000.00 for the Agency to continue and expand the Agency's public-private partnership with Drive Electric Vermont to support the expansion of the PEV market in the State; and

(ii) at least \$3,000,000.00 for PEV purchase and lease incentives under the Incentive Program for New PEVs, which is the State's program to incentivize the purchase and lease of new PEVs, and capped administrative costs.

(B) MileageSmart. Sec. 13 of this act authorizes up to \$750,000.00 for purchase incentives under MileageSmart, which is the State's used high-fuel-efficiency vehicle incentive program, and capped administrative costs.

(C) Emissions repairs. Sec. 18 of this act authorizes up to \$375,000.00 for emissions repair vouchers and capped startup and administrative costs.

(D) Replace Your Ride Program. Sec. 20 of this act creates a new program to be known as the Replace Your Ride Program, which will be the State's program to incentivize Vermonters to remove older low-efficiency vehicles from operation and switch to modes of transportation that produce fewer greenhouse gas emissions, and authorizes up to \$1,500,000.00 for incentives under the Program and capped startup and administrative costs.

(E) Electric bicycle incentives. Sec. 21 of this act authorizes up to \$50,000.00 for \$200.00 incentives for the purchase of an electric bicycle.

(9) PEV rate design. Sec. 26 of this act requires the State's electric distribution utilities to implement PEV rates for public and private EVSE not later than June 30, 2024.

(10) Transportation equity framework. Sec. 35 of this act requires the Agency, in consultation with the State's 11 Regional Planning Commissions (PRCs), to complete and report back on a comprehensive analysis of the State's existing transportation programs and develop a recommendation on a transportation equity framework that can be used to advance mobility equity, which is a transportation system that increases access to mobility options, reduces air pollution, and enhances economic opportunity for Vermonters in communities that have been underserved by the State's transportation system. As part of this analysis, the RPCs are required to engage in a targeted public

	<b>outreach process.</b>

	<b>* * * Bridge 61; Program Development; Town Highway Bridges * * *</b>																																																																																																								
	<p><b>Sec. 4. BRIDGE 61 IN SPRINGFIELD, VT</b></p> <p><u>(a) Within the Agency of Transportation’s Proposed Fiscal Year 2022 Transportation Program, the following project is moved from Program Development to Town Highway Bridges: Springfield BF 1034(49).</u></p>																																																																																																								

	<p>(b) Authorized spending for Springfield BF 1034(49) is not modified in any way.</p>
	<p>* * * Repeal of U.S. Route 4 Permit * * *</p>
	<p>Sec. 5. LEGISLATIVE INTENT</p> <p>(a) It is the intent of the General Assembly not to repeal 23 V.S.A. § 1432(c), pursuant to Secs. 6 and 36(b) of this act, until the Agency of Transportation:</p> <p>(1) works with the Town of Woodstock to identify safety concerns related to tractor trailers traveling through the Town on U.S. Route 4; and</p> <p>(2) incorporates improvements it determines, in its sole authority, are feasible within the town highway right-of-way and scope of work for Woodstock NH PC21(5) within the Agency’s Proposed Fiscal Year 2022 Transportation Program for Program Development—Paving.</p> <p>(b) The project identified as Woodstock NH PC21(5) is expected to be completed during the summer 2021 construction season and there is no projected fiscal year 2023 funding for the project included in the Proposed Fiscal Year 2022 Transportation Program, so having the repeal of 23 V.S.A. § 1432(c) be effective on January 1, 2022 should provide sufficient time for the Agency to work with the Town to design and complete the project identified as Woodstock NH PC21(5) and the Town to make any additional improvements that it deems necessary.</p>

	<p>Sec. 6. 23 V.S.A. § 1432(c) is amended to read:</p> <p>(c) Operation on U.S. Route 4. Notwithstanding any other law to the contrary, vehicles with a trailer or semitrailer that are longer than 68 feet but not longer than 75 feet may be operated with a single or multiple trip overlength permit issued at no cost by the Department of Motor Vehicles or, for a fee, by an entity authorized in subsection 1400(d) of this title on U.S. Route 4 from the New Hampshire state line to the junction of VT Route 100 south, provided the distance from the kingpin of the semitrailer to the center of the rearmost axle group is not greater than 41 feet. [Repealed.]</p>
	<p>* * * Federal Infrastructure Funding * * *</p>
	<p>Sec. 7. FEDERAL INFRASTRUCTURE FUNDING</p> <p>(a) Notwithstanding Sec. 1 of this act; 2020 Acts and Resolves No. 121, Sec. 1; 19 V.S.A. § 10g(n); and 32 V.S.A. § 706, if a federal infrastructure bill or other federal legislation that provides for infrastructure funding is enacted that provides Vermont with additional federal funding for transportation-related projects, the Secretary, with approval from the Joint Transportation Oversight Committee pursuant to subdivision (c)(2) of this section, is authorized to exceed federal monies spending authority in the Fiscal Year 2021 and Fiscal Year 2022 Transportation Programs and to obligate and expend federal monies and up to \$2,000,000.00 in State Transportation Fund monies on development and evaluation for additional projects that meet federal eligibility and readiness criteria and have been evaluated through the Agency’s prioritization process but are not in the Fiscal Year 2021 or Fiscal Year 2022 Transportation Program.</p>

(b) Nothing in subsection (a) of this section shall be construed to authorize the Secretary to obligate or expend:

(1) State TIB funds above amounts authorized in the Fiscal Year 2021 or Fiscal Year 2022 Transportation Program; or

(2) State Transportation Fund monies if the Agency does not:

(A) expect to accept and obligate federal monies pursuant to subsection (a) of this section in an amount sufficient to cover the additional expenditure of State Transportation Fund monies; and

(B) expect the projects for which State Transportation Fund monies are used to eventually be eligible for funding entirely through federal monies.

(c)(1) The Agency shall promptly report the obligation or expenditure of monies under the authority of this section to the House and Senate Committees on Transportation and to the Joint Fiscal Office while the General Assembly is in session.

(2)(A) Consistent with 19 V.S.A. § 12b(c), the Agency shall promptly report any changes in the availability of federal funds and the anticipated obligation or expenditure of monies under the authority of this section to the Joint Fiscal Office, the Joint Fiscal Committee, and the Joint Transportation Oversight Committee.

(B) If the Joint Transportation Oversight Committee

	<p><u>disapproves of the anticipated obligation or expenditure of monies under the authority of this section, it shall provide notice of that disapproval, and an explanation of the basis for the disapproval, to the Agency within 30 calendar days following receipt of the report of the anticipated expenditure.</u></p> <p><u>(C) If the Joint Transportation Oversight Committee disapproves of an anticipated obligation or expenditure of monies under subdivision (B) of this subdivision (2), the Agency may revise and resubmit for further consideration.</u></p> <p><u>(D) If the Joint Transportation Oversight Committee does not disapprove of the anticipated obligation or expenditure of monies under the authority of this section within 30 calendar days of receipt of the report of the anticipated obligation or expenditure or receipt of a revised submittal, then the anticipated obligation or expenditure is deemed approved.</u></p> <p><u>(d) Subsections (a) and (b) of this section shall continue in effect until February 1, 2022.</u></p>
<p style="text-align: center;">* * * Town Highway Aid * * *</p>	
<p>Sec. 4. TOWN HIGHWAY AID</p> <p><u>(a) Notwithstanding 19 V.S.A. § 306(a), the fiscal year 2022 budget increases the annual appropriation for aid to town highways by \$3,000,000.00 in one-time Transportation Fund monies to a total of \$30,105,769.00, which shall be distributed to municipalities in the same apportionments and for the same purposes as prescribed under 19 V.S.A. § 306(a)(3).</u></p> <p><u>(b) The additional \$3,000,000.00 in one-time Transportation</u></p>	<p style="text-align: center;"><b><u>[SECTION DELETED]</u></b></p>

<p><u>Fund monies shall not be included in any subsequent calculations for the annual appropriation for aid to town highways pursuant to 19 V.S.A. § 306(a).</u></p>	
<p>*** Town Highway Structures and Class 2 Town Highway Roadway Programs ***</p>	
	<p>*** Fiscal Year 2022 ***</p>
	<p><b>Sec. 8. TOWN HIGHWAY STRUCTURES AND CLASS 2 TOWN HIGHWAY ROADWAY PROGRAMS IN FISCAL YEAR 2022</b></p> <p><u>Within the Agency of Transportation’s Proposed Fiscal Year 2022 Transportation Program for Town Highway Structures and Town Highway Class 2 Roadway, collective spending between the two programs is amended by increasing the total authorization for the two programs combined by \$3,000,000.00 in one-time Transportation Fund monies. The Agency shall determine, based on municipal need, how to distribute the increased authorization between the two programs.</u></p>
<p>*** Fiscal Year 2021 ***</p>	
<p><b>Sec. 5. TOWN HIGHWAY STRUCTURES AND CLASS 2 TOWN HIGHWAY ROADWAY PROGRAMS IN FISCAL YEAR 2021</b></p> <p><u>Notwithstanding any other provision of law, in fiscal year 2022, the Agency is authorized to reimburse, subsequent to performance of the work, municipalities for projects awarded a grant under the Town Highway Structures and Class 2 Town Highway Roadway Programs for costs incurred during fiscal year 2021.</u></p>	<p><b>Sec. 9. TOWN HIGHWAY STRUCTURES AND CLASS 2 TOWN HIGHWAY ROADWAY PROGRAMS IN FISCAL YEAR 2021</b></p> <p><u>Notwithstanding any other provision of law, in fiscal year 2022, the Agency is authorized to reimburse, subsequent to performance of the work, municipalities for projects awarded a grant under the Town Highway Structures and Class 2 Town Highway Roadway Programs for costs incurred during fiscal year 2021.</u></p>

<p style="text-align: center;">* * * Minimum Total Grant Awards; Maximum Grant Award * * *</p>	
<p>Sec. 6. 19 V.S.A. § 306 is amended to read:</p> <p>§ 306. APPROPRIATION; STATE AID FOR TOWN HIGHWAYS</p> <p style="text-align: center;">* * *</p> <p>(e) State aid for town highway structures.</p> <p>(1) There shall be an annual appropriation for grants to municipalities for maintenance (including actions to extend life expectancy) and for construction of bridges and culverts; for maintenance and construction of other structures, including causeways and retaining walls, intended to preserve the integrity of the traveled portion of class 1, 2, and 3 town highways; and for alternatives that eliminate the need for a bridge, culvert, or other structure, such as the construction or reconstruction of a highway, the purchase of parcels of land that would be landlocked by closure of a bridge, the payment of damages for loss of highway access, and the substitution of other means of access.</p> <p>(2) Each fiscal year, the Agency shall approve qualifying projects with a total estimated State share cost of <del>\$5,833,500.00</del> <u>\$7,200,000.00</u> at a minimum as new grants. The Agency's proposed appropriation for the Program shall take into account the estimated amount of qualifying invoices submitted to the Agency with respect to project grants approved in prior years but not yet completed as well as with respect to new project grants to be approved in the fiscal year. In a given fiscal year, should</p>	<p style="text-align: center;"><b><u>SECTION DELETED</u></b></p>

expenditures in the Town Highway Structures Program exceed the amount appropriated, the Agency shall advise the Governor of the need to request a supplemental appropriation from the General Assembly to fund the additional project cost, provided that the Agency has previously committed to completing those projects.

\* \* \*

(h) Class 2 Town Highway Roadway Program. There shall be an annual appropriation for grants to municipalities for resurfacing, rehabilitation, or reconstruction of paved or unpaved class 2 town highways. However, municipalities that have no State highways or class 1 town highways within their borders may use the grants for such activities with respect to both class 2 and class 3 town highways. Each fiscal year, the Agency shall approve qualifying projects with a total estimated State share cost of ~~\$7,648,750.00~~ \$8,600,000.00 at a minimum as new grants. The Agency's proposed appropriation for the Program shall take into account the estimated amount of qualifying invoices submitted to the Agency with respect to project grants approved in prior years but not yet completed as well as with respect to new project grants to be approved in the fiscal year. In a given fiscal year, should expenditures in the Class 2 Town Highway Roadway Program exceed the amount appropriated, the Agency shall advise the Governor of the need to request a supplemental appropriation from the General Assembly to fund the additional project cost, provided that the Agency has previously committed to completing those projects. Funds received as grants for State aid under the Class 2 Town Highway Roadway Program may be used by a municipality to satisfy a portion of the matching requirements for federal earmarks, subject to subsection 309b(c) of this title.

<p style="text-align: center;">* * *</p>	
<p>Sec. 7. 19 V.S.A. § 309b is amended to read:</p> <p>§ 309b. LOCAL MATCH; CERTAIN TOWN HIGHWAY PROGRAMS</p> <p>(a) Notwithstanding subsection 309a(a) of this title, grants provided to towns under the town highway structures program shall be matched by local funds sufficient to cover 20 percent of the project costs, unless the town has adopted road and bridge standards, has completed a network inventory, and has submitted an annual certification of compliance for town road and bridge standards to the <del>secretary</del> <u>Secretary</u>, in which event the local match shall be sufficient to cover 10 percent of the project costs. The <del>secretary</del> <u>Secretary</u> may adopt rules to implement the town highway structures program. Town highway structures projects receiving funds pursuant to this subsection shall be the responsibility of the applicant municipality.</p> <p>(b) Notwithstanding subsection 309a(a) of this title, grants provided to towns under the class 2 town highway roadway program shall be matched by local funds sufficient to cover 30 percent of the project costs, unless the town has adopted road and bridge standards, has completed a network inventory, and has submitted an annual certification of compliance for town road and bridge standards to the <del>secretary</del> <u>Secretary</u>, in which event the local match shall be sufficient to cover 20 percent of the project costs. The <del>secretary</del> <u>Secretary</u> may adopt rules to implement the class 2 town highway roadway program. The Department of Environmental Conservation, in consultation with the Agency of Transportation, shall establish and administer an emissions repair program that shall:</u></p> <p><u>(1) apply to repairs of certain vehicles that failed the on board diagnostic (OBD) systems inspection;</u></p> <p><u>(2) provide point-of-repair vouchers and base eligibility for vouchers on the same criteria used for income qualification for the Low Income Home Energy Assistance Program (LIHEAP) through the State’s Economic Services Division within the Department for Children and Families; and</u></p> <p><u>(3) provide a point-of-repair voucher to repair a motor vehicle that was ready for testing, failed the OBD systems inspection, requires repairs that are not under warranty, and will be able to pass the State’s vehicle inspection once the repairs are made provided that the point-of-repair voucher is commensurate with the fair market value of the vehicle to be repaired and does not exceed \$2,500.00, with \$2,500.00 vouchers only being available to repair vehicles with a fair market value of at least \$5,000.00.</u></p>

<p><u>(b) Authorization</u> . In fiscal year 2022, the Agency and Department are authorized to spend up to \$375,000.00 in one-time Transportation Fund monies on <u>the emissions repair program established under this section, with up to \$50,000.00 of that \$375,000.00 authorization available for start-up costs and outreach education and up to \$32,500.00 of that \$375,000.00 authorization available for costs associated with developing and administering the emissions repair program.</u></p>	<p><u>(b) Authorization and transfer.</u> In fiscal year 2022, the Agency <u>of Transportation is</u> authorized to <u>transfer</u> \$375,000.00 in one-time Transportation Fund monies <u>to the Department of Environmental Conservation for</u> the emissions repair program established under this section, with up to \$50,000.00 of that \$375,000.00 <u>transfer</u> available for start-up costs and outreach education and up to <u>\$125,000.00</u> of that \$375,000.00 <u>transfer</u> available for costs associated with developing and administering the emissions repair program.</p>
	<p><b>*** Repeal of Emissions Inspections Waiver ***</b></p>
	<p><b>Sec. 19. REPEALS</b></p> <p><u>(a) 2018 Acts and Resolves No. 206, Sec. 23(e) (establishment of emissions inspections waiver) is repealed on December 31, 2022.</u></p> <p><u>(b) 2018 Acts and Resolves No. 158, Sec. 42(e) (establishment of emissions inspections waiver) is repealed on December 31, 2022.</u></p>
<p><b>*** Replace Your Ride Program ***</b></p>	
<p><b>Sec. 16. REPLACE YOUR RIDE PROGRAM</b></p> <p><u>(a) Program creation. The Agency of Transportation, in consultation with the Departments of Environmental Conservation and of Public Service, shall expand upon the vehicle incentive programs established under 2019 Acts and Resolves No. 59, Sec. 34, as amended, to provide additional incentives for Vermonters with low income through a program</u></p>	<p><b>Sec. 20. REPLACE YOUR RIDE PROGRAM</b></p> <p><u>(a) Program creation. The Agency of Transportation, in consultation with the Departments of Environmental Conservation and of Public Service, shall expand upon the vehicle incentive programs established under 2019 Acts and Resolves No. 59, Sec. 34, as amended, to provide additional incentives for Vermonters with low income through a program</u></p>

to be known as the Replace Your Ride Program.

(b) Incentive amount. The Replace Your Ride Program shall provide up to a \$3,000.00 incentive, which may be in addition to any other available incentives, including through a program funded by the State, to individuals who qualify based on both income and the removal of an internal combustion vehicle. Only one incentive per individual or married couple is available under the Replace Your Ride Program and incentives shall be provided on a first-come, first-served basis once the Replace Your Ride Program is operational.

(c) Eligibility. Applicants must qualify through both income and the removal of an eligible vehicle with an internal combustion engine.

(1) Income eligibility. The following applicants meet the income eligibility requirement:

(A) an individual domiciled in the State whose federal income tax filing status is single or head of household, with an adjusted gross income under the laws of the United States at or below \$50,000.00;

(B) an individual domiciled in the State whose federal income tax filing status is surviving spouse with an adjusted gross income under the laws of the United States at or below \$75,000.00;

(C) a married couple with at least one spouse domiciled in the State whose federal income tax filing status is married filing jointly with an adjusted gross income under the laws of the United States at or below

to be known as the Replace Your Ride Program.

(b) Incentive amount. The Replace Your Ride Program shall provide up to a \$3,000.00 incentive, which may be in addition to any other available incentives, including through a program funded by the State, to individuals who qualify based on both income and the removal of an internal combustion vehicle. Only one incentive per individual is available under the Replace Your Ride Program and incentives shall be provided on a first-come, first-served basis once the Replace Your Ride Program is operational.

(c) Eligibility. Applicants must qualify through both income and the removal of an eligible vehicle with an internal combustion engine.

(1) Income eligibility. The following applicants meet the income eligibility requirement:

(A) an individual domiciled in the State whose federal income tax filing status is single or head of household, with an adjusted gross income under the laws of the United States at or below \$50,000.00;

(B) an individual domiciled in the State whose federal income tax filing status is surviving spouse with an adjusted gross income under the laws of the United States at or below \$75,000.00;

(C) an individual who is part of a married couple with at least one spouse domiciled in the State whose federal income tax filing status is married filing jointly with an adjusted gross income under the laws of the United States at or below

<p><u>\$75,000.00;</u></p> <p><u>(D) a married couple with at least one spouse domiciled in the State and at least one spouse whose federal income tax filing status is married filing separately with an adjusted gross income under the laws of the United States at or below \$50,000.00; or</u></p> <p><u>(E) an individual or married couple who qualifies for an incentive under MileageSmart, which is based on the same criteria used for income qualification for weatherization services through the Weatherization Program.</u></p> <p><u>(2) Vehicle removal.</u></p> <p><u>(A) In order for an individual or married couple to qualify for an incentive under the Replace Your Ride Program, the individual or married couple must remove an older low-efficiency vehicle from operation and switch to a mode of transportation that produces fewer greenhouse gas emissions. The entity that administers the Replace Your Ride Program, in conjunction with the Agency of Transportation, shall establish Program guidelines that specifically provide for how someone can show that the vehicle removal eligibility requirement has been, or will be, met.</u></p> <p><u>(B) For purposes of the Replace Your Ride Program:</u></p> <p><u>(i) An “older low-efficiency vehicle”:</u></p> <p><u>(I) is currently registered, and has been for two years prior to the date of application, with the Vermont Department of Motor Vehicles;</u></p>	<p><u>\$75,000.00;</u></p> <p><u>(D) an individual who is part of a married couple with at least one spouse domiciled in the State and at least one spouse whose federal income tax filing status is married filing separately with an adjusted gross income under the laws of the United States at or below \$50,000.00; or</u></p> <p><u>(E) an individual who qualifies for an incentive under MileageSmart, which is set at 80 percent of the State median income</u></p> <p><u>(2) Vehicle removal.</u></p> <p><u>(A) In order for an individual to qualify for an incentive under the Replace Your Ride Program, the individual must remove an older low-efficiency vehicle from operation and switch to a mode of transportation that produces fewer greenhouse gas emissions. Sec. 18. GRANT PROGRAMS FOR LEVEL 2 CHARGERS  
IN MULTI-UNIT DWELLINGS; REPORT

(a) The Agency of Transportation shall establish and administer, through a memorandum of understanding with the

Sec. 22. GRANT PROGRAMS FOR LEVEL 2 CHARGERS  
IN MULTI-UNIT DWELLINGS; REPORT

(a) As used in this section:

(1) “Area median income” means the county or Metropolitan Statistical Area median income published by the federal Department of Housing and Urban Development.

(2) “Multi-unit affordable housing” means a housing project, such as cooperatives, condominiums, dwellings, or mobile home parks, with 10 or more units constructed or maintained on a tract or tracts of land where:

(A) at least 50 percent of the units are or will be occupied by households whose income does not exceed 100 percent of the greater of the State or area median income; or

(B) all units are affordable to households earning between 60 and 120 percent of area median income.

(3) “Multi-unit dwellings owned by a nonprofit” means a housing project, such as cooperatives, condominiums, dwellings, or mobile home parks, with 10 or more units constructed or maintained on a tract or tracts of land owned by a person that has nonprofit status under Section 501(c)(3) of the U.S. Internal Revenue Code, as amended, and is registered as a nonprofit corporation with the Office of the Secretary of State.

(b) The Agency of Transportation shall establish and administer, through a memorandum of understanding with the

Department of Housing and Community Development, a pilot program to support the continued buildout of electric vehicle supply equipment at multi-unit dwellings and build upon the existing VW EVSE Grant Program that the Department of Housing and Community Development has been administering on behalf of the Department of Environmental Conservation.

(b) In fiscal year 2022, the Agency is authorized to spend up to \$1,000,000.00 in one-time Transportation Fund monies on the pilot program established in this section.

(c) Pilot program funding shall be awarded with consideration of broad geographic distribution as well as service models ranging from restricted private parking to publicly accessible parking so as to examine multiple strategies to increase access to EVSE.

(d) The Department of Housing and Community Development shall consult with an interagency team consisting of the Commissioner of Housing and Community Development or designee, the Commissioner of Environmental Conservation or designee, the Commissioner of Public Service or designee, and the Agency’s Division Director of Policy, Planning, and Intermodal Development or designee regarding the design, award of funding, and administration of this pilot program.

(e) The Department of Housing and Community Development shall file a written report on the outcomes of the pilot program with the House and Senate Committees on Transportation not later than January 15, 2022.

Department of Housing and Community Development, a pilot program to support the continued buildout of electric vehicle supply equipment at multi-unit affordable housing and multi-unit dwellings owned by a nonprofit and build upon the existing VW EVSE Grant Program that the Department of Housing and Community Development has been administering on behalf of the Department of Environmental Conservation.

(c) In fiscal year 2022, the Agency is authorized to spend up to \$1,000,000.00 in one-time Transportation Fund monies on the pilot program established in this section.

(d) Pilot program funding shall be awarded with consideration of broad geographic distribution as well as service models ranging from restricted private parking to publicly accessible parking so as to examine multiple strategies to increase access to EVSE.

(e) The Department of Housing and Community Development shall consult with an interagency team consisting of the Commissioner of Housing and Community Development or designee; the Commissioner of Environmental Conservation or designee; the Commissioner of Public Service or designee; and the Agency’s Division Director of Policy, Planning, and Intermodal Development or designee regarding the design, award of funding, and administration of this pilot program.

(f) The Department of Housing and Community Development shall file a written report on the outcomes of the pilot program with the House and Senate Committees on Transportation not later than January 15, 2022.

\*\*\* PEV Electric Distribution Utility Rate Design \*\*\*

Sec. 21. PEV ELECTRIC DISTRIBUTION UTILITY RATE DESIGN

(a) This section serves to encourage efficient integration of PEVs and EVSE into the electric system and the timely adoption of PEVs and public charging through managed loads or time-differentiated price signals.

(b) Unless an extension is granted pursuant to subsection (e) of this section, all State electric distribution utilities shall implement PEV rates, which may include rates for electricity sales to an entire customer premises, for public and private EVSE not later than June 30, 2024. These rates shall, pursuant to 30 V.S.A. § 225, be filed for review and approval by the Public Utility Commission and encourage:

(1) efficient use of PEV loads consistent with objectives of least-cost integrated planning, set out in 30 V.S.A. § 218c, and 30 V.S.A. § 202(b) and (c);

(2) participation in the PEV rates;

(3) travel by PEV relative to available alternatives; and

(4) greater adoption of PEVs.

(c) PEV rates approved by the Public Utility Commission under subdivisions (1) and (2) of this subsection comply with subsection (b) of this section.

(1) The Public Utility Commission shall approve PEV

Sec. 26. PEV ELECTRIC DISTRIBUTION UTILITY RATE DESIGN

(a) This section serves to encourage efficient integration of PEVs and EVSE into the electric system and the timely adoption of PEVs and public charging through managed loads or time-differentiated price signals.

(b) Unless an extension is granted pursuant to subsection (e) of this section, all State electric distribution utilities shall offer PEV rates, which may include rates for electricity sales to an entire customer premises, for public and private EVSE not later than June 30, 2024. These rates shall, pursuant to 30 V.S.A. § 225, be filed for review and approval by the Public Utility Commission and encourage:

(1) efficient use of PEV loads consistent with objectives of least-cost integrated planning, set out in 30 V.S.A. § 218c, and 30 V.S.A. § 202(b) and (c);

(2) participation in the PEV rates;

(3) travel by PEV relative to available alternatives; and

(4) greater adoption of PEVs.

(c) PEV rates approved by the Public Utility Commission under subdivisions (1) and (2) of this subsection comply with subsection (b) of this section.

(1) The Public Utility Commission shall approve PEV

rates that it finds, at a minimum:

(A) support greater adoption of PEVs;

(B) adequately compensate PEV operators and owners of EVSE available to the public for the value of grid-related services, including costs avoided through peak management;

(C) adequately compensate the electric distribution utility and its customers for the additional costs that are directly attributable to the delivery of electricity through a PEV rate;

(D) include a reasonable contribution to historic or embedded costs required to meet the overall cost of service;

(E) do not discourage EVSE available to the public;  
and

(F) do not have an adverse impact to ratepayers not utilizing the PEV rate.

(2) The Public Utility Commission may approve PEV rates that utilize direct load control, third-party managed load control, static or dynamic time-varying rates, or other innovative practices that accomplish the goals set forth in subsection (a) of this section.

(d) Electric distribution utilities with PEV rates approved by the Public Utility Commission prior to July 1, 2021 currently implemented as tariffs by those electric distribution utilities are exempt from subsection (b) of this section for the relevant rate classes, market segments, or customer segments in which the PEV rates are offered.

rates that it finds, at a minimum:

(A) support greater adoption of PEVs;

(B) adequately compensate PEV operators and owners of EVSE available to the public for the value of grid-related services, including costs avoided through peak management;

(C) adequately compensate the electric distribution utility and its customers for the additional costs that are directly attributable to the delivery of electricity through a PEV rate;

(D) include a reasonable contribution to historic or embedded costs required to meet the overall cost of service;

\* \* \* Work Zone Highway Safety Automated Traffic Law Enforcement Study and Report \* \* \*

Sec. 28. WORK ZONE HIGHWAY SAFETY AUTOMATED TRAFFIC LAW ENFORCEMENT STUDY AND REPORT

(a) Findings. The General Assembly finds that:

(1) There are times, either because of insufficient staffing or inherent onsite difficulties, where law enforcement personnel cannot practically be utilized in a work zone.

(2) The objectives of utilizing an automated traffic law enforcement system in a work zone are improved work crew safety and reduced traffic crashes resulting from an increased adherence to traffic laws achieved by effective deterrence of potential violators, which could not be achieved by traditional law enforcement methods.

(3) The use of automated traffic law enforcement systems in work zones is not intended to replace traditional law enforcement personnel, nor is it intended to mitigate problems caused by deficient road design, construction, or maintenance. Rather, it provides deterrence and enforcement at times when and in locations where law enforcement personnel cannot be utilized safely or are needed for other law enforcement activities.

(b) Definitions. As used in this section:

(1) “Automated traffic law enforcement system” means a device with one or more sensors working in conjunction with a speed measuring device to produce recorded images of motor vehicles traveling at more than 10 miles above the speed limit or traveling in violation of another traffic control device, or both.

Sec. 32. WORK ZONE HIGHWAY SAFETY AUTOMATED TRAFFIC LAW ENFORCEMENT STUDY AND REPORT

(a) Definitions. As used in this section:

(1) “Automated traffic law enforcement system” means a device with one or more sensors working in conjunction with a speed measuring device to produce recorded images of motor vehicles traveling at more than 10 miles above the speed limit or traveling in violation of another traffic control device, or both.

(2) “Recorded image” means a photograph, microphotograph, electronic image, or electronic video that shows the front or rear of the motor vehicle clearly enough to identify the registration number plate of the motor vehicle or that shows the front of the motor vehicle clearly enough to identify the registration number plate of the motor vehicle and shows the operator of the motor vehicle.

(3) “Traffic control device” means any sign, signal, marking, channelizing, or other device that conforms with the Manual on Uniform Traffic Control Devices, which is the standards for all traffic control signs, signals, and markings within the State pursuant to 23 V.S.A. § 1025, and is used to regulate, warn, or guide traffic and placed on, over, or adjacent to a highway, pedestrian facility, or bicycle path by authority of the State or the municipality with jurisdiction over the highway, pedestrian facility, or bicycle path.

(c) Study. The Agency of Transportation shall, in consultation with at least the Department of Public Safety and the Associated General Contractors of Vermont, study the feasibility of implementing automated traffic law enforcement systems in work zones in Vermont and make specific recommendations on whether to pursue a program that utilizes automated traffic law enforcement systems within work zones in Vermont, with a specific focus on affecting driver behavior. At a minimum, the Agency shall:

(1) research the cost to procure equipment and services to assist in the implementation of a program that utilizes automated traffic law enforcement systems within work zones in Vermont;

(2) “Recorded image” means a photograph, microphotograph, electronic image, or electronic video that shows the front or rear of the motor vehicle clearly enough to identify the registration number plate of the motor vehicle or that shows the front of the motor vehicle clearly enough to identify the registration number plate of the motor vehicle and shows the operator of the motor vehicle.

(3) “Traffic control device” means any sign, signal, marking, channelizing, or other device that conforms with the Manual on Uniform Traffic Control Devices, which is the standards for all traffic control signs, signals, and markings within the State pursuant to 23 V.S.A. § 1025, and is used to regulate, warn, or guide traffic and placed on, over, or adjacent to a highway, pedestrian facility, or bicycle path by authority of the State or the municipality with jurisdiction over the highway, pedestrian facility, or bicycle path.

**(b)** Study. The Agency of Transportation shall, in consultation with at least the Department of Public Safety and the Associated General Contractors of Vermont, study the feasibility of implementing automated traffic law enforcement systems in work zones in Vermont and make specific recommendations on whether to pursue a program that utilizes automated traffic law enforcement systems within work zones in Vermont, with a specific focus on affecting driver behavior. At a minimum, the Agency shall:

(1) research the cost to procure equipment and services to assist in the implementation of a program that utilizes automated traffic law enforcement systems within work zones in Vermont;

(2) research how images are collected, stored, accessed, used, and disposed of; by whom; and under what timeline or timelines when automated traffic law enforcement systems are used to collect a recorded image of a motor vehicle in violation of a traffic control device in a work zone;

(3) make recommendations on how images should be collected, stored, accessed, used, and disposed of; by whom; and under what timeline or timelines if a pilot program that utilizes automated traffic law enforcement systems within work zones in Vermont is implemented; and

(4) define the system components needed to implement a program that utilizes automated traffic law enforcement systems within work zones in Vermont.

(d) Report. On or before January 15, 2022, the Agency shall submit a written report to the House and Senate Committees on Judiciary and on Transportation with its findings and any proposals for implementation.

(2) research how images are collected, stored, accessed, used, and disposed of; by whom; and under what timeline or timelines when automated traffic law enforcement systems are used to collect a recorded image of a motor vehicle in violation of a traffic control device in a work zone;

(3) make recommendations on how images should be collected, stored, accessed, used, and disposed of; by whom; and under what timeline or timelines if a program that utilizes automated traffic law enforcement systems within work zones in Vermont is implemented; and

(4) define the system components needed to implement a program that utilizes automated traffic law enforcement systems within work zones in Vermont.

(c) Report. On or before January 15, 2022, the Agency shall submit a written report to the House and Senate Committees on Judiciary and on Transportation with its findings and any proposals for implementation.

	<p style="text-align: center;">* * * Transportation Equity Framework * * *</p>
	<p><b>Sec. 33. TRANSPORTATION EQUITY FRAMEWORK; REPORT</b></p> <p>(a) The Agency of Transportation, in consultation with the State's 11 Regional Planning Commissions (RPCs), shall undertake a comprehensive analysis of the State's existing transportation programs and develop a recommendation on a transportation equity framework through which the annual Transportation Program, and the Agency's Annual Project Prioritization Process, can be evaluated so as to advance mobility equity, which is a transportation system that increases access to mobility options, reduces air pollution, and enhances economic opportunity for Vermonters in communities that have been underserved by the State's transportation system.</p> <p>(b) In conducting the analysis required under subsection (a) of this section, the Agency, in coordination with the State's 11 RPCs, shall seek input from individuals who are underserved by the State's current transportation system or who may not have previously been consulted as part of the Agency's planning processes.</p> <p>(c) In order to aid the Agency in conducting the analysis required under subsection (a) of this section, the State's 11 RPCs shall convene regional meetings focused on achieving equity and inclusion in the transportation planning process. Meeting facilitation shall include identification of and outreach to underrepresented local communities and solicitation of input on the transportation planning process pursuant to the transportation planning efforts required under 19 V.S.A. § 10I.</p>

	<p>(d) The Agency shall file a written report with its analysis and a recommendation on a transportation equity framework as required under subsection (a) of this section with the House and Senate Committees on Transportation not later than January 15, 2022.</p>
<p>*** New Haven Train Depot ***</p>	
	<p>Sec. 34. NEW HAVEN TRAIN DEPOT</p> <p>In fiscal year 2022, the Agency is authorized to spend up to \$400,000.00 in one-time Transportation Fund monies to provide a grant to the Town of New Haven to cover a portion of the costs associated with relocating the New Haven Train Depot currently located at the junction of Routes 7 and 17.</p>
