

1       Sec. X. SALE OF STATE SURPLUS VEHICLES

2           (a) The Department of Buildings and General Services shall establish a  
3       policy, consistent with 3 V.S.A. § 217 and 29 V.S.A. § 1556(a)(1) and (7), on  
4       the sale of surplus vehicles at fair market value to the following in descending  
5       order of priority:

6           (1) the Department for Children and Families for participants in Reach  
7       Up;

8           (2) the Department of Disabilities, Aging and Independent Living for  
9       participants in any of the Division of Vocational Rehabilitation programs; and

10          (3) Capstone Community Action for participants in MileageSmart.

11          (b) The policy required under subsection (a) of this section shall, at a  
12       minimum, address:

13           (1) how the Department of Buildings and General Services determines  
14       the fair market value sales price for surplus vehicles;

15           (2) how, and under what timeline, the Department of Buildings and  
16       General Services makes the surplus vehicles exclusively available for purchase  
17       by the following in descending order of priority: the Department for Children  
18       and Families, the Department of Disabilities, Aging and Independent Living,  
19       and Capstone Community Action;

1           (3) the process for the Department for Children and Families, the  
2           Department of Disabilities, Aging and Independent Living, or Capstone  
3           Community Action to have a surplus vehicle inspected prior to purchase;

4           (4) what happens with the proceeds from a sale of a surplus vehicle to  
5           the Department for Children and Families, the Department of Disabilities,  
6           Aging and Independent Living, or Capstone Community Action; and

7           (5) how to track the disposal of a surplus vehicle as a State asset upon  
8           conveyance to a participant in Reach Up, a Division of Vocational  
9           Rehabilitation program, or MileageSmart.

10          (c) The Commissioner of Buildings and General Services shall enter into  
11          one or more memorandums of understanding related to the sale of surplus  
12          vehicles under the policy required under subsection (a) of this section.

13          (d) The Department of Buildings and General Services shall provide an  
14          oral update to the House and Senate Committees on Transportation regarding  
15          the implementation of the policy required under subsection (a) of this section  
16          during the 2023 legislative session.
