

Senate proposal of amendment

H. 230

An act relating to implementing mechanisms to reduce suicide

The Senate proposes to the House to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds:

(1) More than 700 Vermont residents died of gunshot wounds in the decade from 2011 to 2020. Eighty-eight percent of these deaths were by suicide.

(2) Of all the deaths in Vermont involving firearms in 2021, 89 percent were by suicide and eight percent were by homicide.

(3) The 2021 suicide rate by all methods in Vermont was 20.3 per 100,000 persons, compared to a national rate of 14.0 per 100,000 persons. Suicide among Vermont men and boys is 50 percent higher than the national average.

(4) In 2021, the number of suicides in Vermont was 142, with 83 of them completed by firearm, or 58 percent.

(5) According to 2023 data from the Vermont Department of Health, 44 percent of Vermont households store at least one firearm in or around the home.

(6) Children are 4.4 times more likely to die by suicide in a home with a firearm compared to a home without a firearm.

(7) Extreme risk protection orders have proven successful in situations where other protective orders, mental health proceedings, or criminal charges could not address the risk presented. In fiscal year 2022, 18 extreme risk protection order petitions were filed statewide. In at least five of these cases, a temporary or final order was based on a finding that the respondent had “threatened or attempted suicide or serious bodily harm.”

(8) Emphasis on the eight percent of firearm deaths by homicide in the State of Vermont does not portray the full impact of Vermont firearms on public safety. Firearms purchased in Vermont and transferred, lawfully or unlawfully, out of state contribute to violent crime in other states, including homicide. A report prepared by the Federal Bureau of Alcohol, Tobacco, Firearms, and Explosives revealed that in 2016, there were 51 traces of firearms involved in a homicide to the State of Vermont.

(9) The National Firearms Commerce and Trafficking Assessment (NFCTA): Crime Guns - Volume Two report prepared by the Federal Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) revealed that between 2017 and 2021, 6,333 firearms that were used in a crime were traced to Vermont. Of the 1,903 firearms that could be traced to a known purchaser, 65 percent were recovered from someone other than the purchaser, and 64 percent were recovered outside the State of Vermont. Over 750 of these firearms were recovered in our neighboring states of New York, Massachusetts, and New Hampshire.

(10) Waiting period laws, which create a buffer between the time of gun purchase and gun acquisition, can help to prevent impulsive acts of gun violence. One study found that waiting period laws that delay the purchase of firearms by a few days can reduce gun homicides by roughly 17 percent.

Sec. 2. LEGISLATIVE PURPOSE

The purposes of this legislation are to prevent death by suicide by reducing access to operable firearms by children and prohibited persons and to reduce community violence. Although there are many other methods for completing suicide, firearms are unique in their ability to create instantaneous and irreversible outcomes. Nearly every other commonly used method for suicide has a high survivability rate. It is extremely rare for someone to survive a suicide attempt in which a firearm is used. This fact, combined with the high prevalence of firearms in Vermont, is why this method alone is being addressed by this act.

Sec. 3. 13 V.S.A. § 4024 is added to read:

§ 4024. NEGLIGENCE FIREARMS STORAGE

(a)(1) A person who stores or keeps a firearm within any premises that are under the person's custody or control, and who knows or reasonably should know that a child or prohibited person is likely to gain access to the firearm, shall be:

If you or a loved one is experiencing distress or depression, call the 988 Suicide and Crisis hotline or text “VT” to 741741.

Failure to securely store firearms may result in criminal prosecution. It is important that the owner of a firearm seek firearm safety instructions from a certified firearms instructor and keep firearms secured from unauthorized use.
