(v) an individual who is part of a married couple with at least one spouse domiciled in the State and at least one spouse whose federal income tax filing status is married filing separately with an adjusted gross income under the laws of the United States at or below $60,000.00; or

(vi) an individual who is a member of a household with an adjusted gross income that is at or below 80 percent of the State median income.
(2) Vehicle removal.

(A) In order for an individual to qualify for an incentive under the Replace Your Ride Program, the individual must remove an older low-efficiency vehicle from operation and switch to a mode of transportation that produces fewer greenhouse gas emissions. The entity that administers the Replace Your Ride Program, in conjunction with the Agency of Transportation, shall establish Program guidelines that specifically provide for how someone can show that the vehicle removal eligibility requirement has been, or will be, met.

(B) For purposes of the Replace Your Ride Program:

(i) An “older low-efficiency vehicle”:

(I) is currently registered, and has been for two years prior to the date of application, with the Vermont Department of Motor Vehicles;

(II) is currently titled in the name of the applicant and has been for at least one year prior to the date of application;

(III) has a gross vehicle weight rating of 10,000 pounds or less;

(IV) is at least 10 model years old;

(V) has an internal combustion engine; and

(VI) passed the annual inspection required under 23 V.S.A. § 1222 within the prior year.
(ii) Removing the older low-efficiency vehicle from operation must be done by disabling the vehicle’s engine from further use and fully dismantling the vehicle for either donation to a nonprofit organization to be used for parts or destruction.

(iii) The following qualify as a switch to a mode of transportation that produces fewer greenhouse gas emissions:

(I) purchasing or leasing a new or used PEV;

(II) purchasing a new or used bicycle, electric bicycle, electric cargo bicycle, adaptive electric cycle, or motorcycle that is fully electric, and the necessary safety equipment; and

(III) utilizing shared-mobility services.

(e) Administrative costs. Up to 15 percent of any appropriations for the Replace Your Ride Program can be used for any costs associated with administering and promoting the Replace Your Ride Program.

(f) Outreach and marketing. The Agency, in consultation with any retained contractors, shall ensure that there is sufficient outreach and marketing, including the use of translation and interpretation services, of the Replace Your Ride Program so that Vermonters who are eligible for an incentive can easily learn how to secure as many different incentives as are available and such costs shall be considered administrative costs for purposes of subsection (e) of this section.
§ 2905. ANNUAL REPORTING

(a) The Agency shall annually evaluate the programs established under this chapter to gauge effectiveness and shall submit a written report on the effectiveness of the programs to the House and Senate Committees on Transportation, the House Committee on Environment and Energy, and the Senate Committee on Finance on or before the 31st day of January in each year following a year that an incentive was provided through one of the programs.

(b) The report shall also include:

(1) any intended modifications to program guidelines for the upcoming fiscal year along with an explanation for the reasoning behind the modifications and how the modifications will yield greater uptake of PEVs and other means of transportation that will reduce greenhouse gas emissions; and

(2) any recommendations on statutory modifications to the programs, including to income and vehicle eligibility, along with an explanation for the reasoning behind the statutory modification recommendations and how the modifications will yield greater uptake of PEVs and other means of transportation that will reduce greenhouse gas emissions.

(c) Notwithstanding 2 V.S.A. § 20(d), the annual report required under this section shall continue to be required if an incentive is provided through one of
the programs unless the General Assembly takes specific action to repeal the
report requirement.

* * * Mileage-Based User Fee (MBUF) * * *

Sec. 20. MILEAGE-BASED USER FEE LEGISLATIVE INTENT

It is the intent of the General Assembly for the State:

(1) to start collecting a mileage-based user fee from all battery-electric vehicles registered in Vermont starting on July 1, 2025, which is expected to be the first day of the first fiscal year where more than 15 percent of new pleasure car registrations in the State are plug-in electric vehicles (PEVs);

(2) to start subjecting plug-in hybrid electric vehicles (PHEVs) that are a pleasure car to an annual or a biennial registration fee that is one and three-quarters times the amount of the annual or biennial fee for a pleasure car pursuant to 23 V.S.A. § 361 starting on July 1, 2025, and that PHEVs shall not be subject to a mileage-based user fee;

(3) to work towards collecting a fee on kWhs that are dispensed through certain electric vehicle supply equipment available to the public so as to supplant lost gas tax revenue from PEVs that are not registered in Vermont but utilize highways in Vermont; and

(4) to not commence collecting a mileage-based user fee until such authorizing language is codified in statute and becomes effective.

Sec. 21. MILEAGE-BASED USER FEE AUTHORIZATION

(a) Within the Agency of Transportation’s Proposed Fiscal Year 2024 Transportation Program for Environmental Policy and Sustainability, the
Agency of Transportation, including the Department of Motor Vehicles, is authorized to apply for and accept a competitive federal Strategic Innovation for Revenue Collection grant established pursuant to the Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (IIJA), Sec. 13001 in an amount not to exceed $3,500,000.00 in federal monies, with up to $350,000.00 in Transportation Fund monies authorized for the nonfederal match in fiscal year 2024.

(b) As permitted under federal regulations and grant terms, the Agency shall utilize grant monies to design a mileage-based user fee that is consistent with Secs. 20 and 22 of this act.

(c) Subject to State procurement requirements, the Agency may retain one or more contractors or consultants, or both, to assist with the design of a process to commence collecting a mileage-based user fee on July 1, 2025.

Sec. 22. MILEAGE-BASED USER FEE DESIGN

(a) Definitions. As used in this section and Secs. 21 and 23 of this act:

(1) “Account manager” means a person under contract with the Agency of Transportation or Department of Motor Vehicles to administer and manage the mileage-based user fee.

(2) “Annual vehicle miles traveled” means the total number of miles that a BEV is driven between annual inspections as reported by an inspection mechanic to the Department of Motor Vehicles.
(3) “Mileage-based user fee” means the total amount that an owner or lessee of a BEV registered in Vermont owes the State and is calculated by multiplying the mileage-based user fee rate by the annual vehicle miles traveled or, in the case of a terminating event, by multiplying the mileage-based user fee rate by the vehicle miles traveled between the last Vermont annual inspection and the terminating event.

(4) “Mileage-based user fee rate” means the per-mile usage fee charged to the owner or lessee of a BEV registered in Vermont.

(5) “Mileage reporting period” means the time between annual inspections or the time between an annual inspection and a terminating event.

(6) “Pleasure car” has the same meaning as in 23 V.S.A. § 4(28).

(7) “Plug-in electric vehicle (PEV)” has the same meaning as in 23 V.S.A. § 4(85) and includes battery electric vehicles (BEVs) and plug-in hybrid electric vehicles (PHEVs), which have the same meaning as in 23 V.S.A. § 4(85)(A) and (B).

(8) “Terminating event” means either the registering of a BEV that had been registered in Vermont in a different state or a change in ownership or lesseeship of the BEV, or both.

(b) Commencement date. The Agency shall design a process to collect a mileage-based user fee for miles driven by a BEV registered in Vermont to commence collecting revenue on July 1, 2025.
(c) Covered vehicles. The Agency shall design a process to collect a
mileage-based user fee based on the annual vehicle miles traveled by BEVs
registered in the State.

(d) Imposition of a mileage-based user fee. The Agency shall design a
process to collect a mileage-based user fee from the owner or lessee of a BEV
registered in Vermont for each mileage reporting period within 60 days after
the Vermont annual inspection or terminating event that closes the mileage
reporting period.

Sec. 23. REPORTS

The Secretary of Transportation and the Commissioner of Motor Vehicles
shall file a written report not later than January 31, 2024 with the House and
Senate Committees on Transportation, the House Committee on Ways and
Means, and the Senate Committee on Finance that provides the following:

(1) a comprehensive implementation plan to commence collecting, on
July 1, 2025, a mileage-based user fee for miles driven by a BEV registered in
Vermont;

(2) a recommendation on what language should be codified in statute to
enable the State to commence collecting, on July 1, 2025, a mileage-based user
fee for miles driven by a BEV registered in Vermont, which shall include a
recommendation for the mileage-based user fee rate and that includes, for that
recommendation:
(A) an explanation for how the recommended mileage-based user fee rate was calculated;

(B) what the recommended mileage-based user fee rate is estimated to yield in revenue for the State in total per year; and

(C) how the anticipated mileage-based user fee for a pleasure car is expected to compare to the amount collected by the State in gas tax revenue from the use of a non-PEV pleasure car registered in Vermont and the amount collected by the State in gas tax revenue and increased registration fee from the use of a non-PHEV pleasure car registered in Vermont based on estimates of low, medium, and high annual vehicle miles traveled;

(3) a recommendation on what should be required in annual reporting on the mileage-based user fee starting in 2026 for fiscal year 2025, which shall, at a minimum, address whether the following should be reported on:

(A) the total amount of revenue collected in mileage-based user fees for the prior fiscal year and an estimate of the total amount of revenue anticipated to be collected in mileage-based user fees during the subsequent fiscal year;

(B) the average mileage-based user fee collected for a BEV with low, medium, and high annual vehicle miles traveled in the prior fiscal year;
(C) an estimate of the average amount in motor fuel revenue that was collected for a pleasure car that is not a plug-in electric vehicle with low, medium, and high annual vehicle miles traveled in the prior fiscal year;

(D) an estimate of the average amount in motor fuel revenue and increased registration fee that was collected for a pleasure car that is a plug-in hybrid electric vehicle with low, medium, and high annual vehicle miles traveled in the prior fiscal year;

(E) the total number of delinquent mileage-based user fees in the prior fiscal year;

(F) the total number of outstanding payment plans for delinquent mileage-based user fees; and

(G) the cost to collect the mileage-based user fees in the prior fiscal year;

(A) a process to calculate and report the annual vehicle miles traveled by a BEV registered in Vermont;

(B) payment periods and other payment methods and procedures for the payment of the mileage-based user fee, which shall include the option to
prepay the anticipated mileage-based user fee in installments on a monthly,
quarterly, or annual basis;

(C) standards for mileage reporting mechanisms for an owner or
lessee of a BEV to report vehicle miles traveled throughout the year;

(D) procedures to provide security and protection of personal
information and data connected to a mileage-based user fee;

(E) penalty and appeal procedures necessary for the collection of a
mileage-based user fee, which, to the extent practicable, shall duplicate and
build upon existing Department of Motor Vehicles processes; and

Sec. 26. 19 V.S.A. § 10b is amended to read:

§ 10b. STATEMENT OF POLICY; GENERAL
(a) The Agency shall be the responsible agency of the State for the
development of transportation policy. It shall develop a mission statement to
reflect:

(1) that State transportation policy shall be to encompass, coordinate,
and integrate all modes of transportation and to consider “complete streets” as
defined in section 2401 of this title, principles, which are principles of safety
and accommodation of all transportation system users, regardless of age,
ability, or modal preference; and

(2) the need for transportation projects that will improve the State’s
economic infrastructure, as well as the use of resources in efficient,
coordinated, integrated, cost-effective, and environmentally sound ways, and
that will be consistent with the recommendations of the Comprehensive
Energy Plan (CEP) issued under 30 V.S.A. § 202b.

(b) The Agency shall coordinate planning and education, and training
efforts with those of the Vermont Climate Change Oversight Committee and
those of local and regional planning entities to:

(1) to ensure that the transportation system as a whole is integrated, that
access to the transportation system as a whole is integrated, and that
statewide, local, and regional conservation and efficiency opportunities and
practices are integrated; and
(2) to support employer-led or local or regional government-led conservation, efficiency, rideshare, and bicycle programs and other innovative transportation advances, especially employer-based incentives.

(c) In developing the State’s annual Transportation Program, the Agency shall, consistent with the planning goals listed in 24 V.S.A. § 4302 as amended by 1988 Acts and Resolves No. 200 and with appropriate consideration to local, regional, and State agency plans:

(1) Develop or incorporate designs that provide integrated, safe, and efficient transportation and that are consistent with the recommendations of the CEP;

(2)(A) Consider the safety and accommodation of all transportation system users, including motorists, bicyclists, public transportation users, and pedestrians of all ages and abilities, consider complete streets principles in all State- and municipally managed transportation projects and project phases, including planning, development, construction, and maintenance, except in the case of projects or project components involving unpaved highways. If, after the consideration required under this subdivision, a State-managed project does not incorporate complete streets principles, the project manager shall make a written determination, supported by documentation and available for public inspection at the Agency, that one or more of the following circumstances exist:
(i) Use of the transportation facility by pedestrians, bicyclists, or other users is prohibited by law.

(ii) The cost of incorporating complete streets principles is disproportionate to the need or probable use as determined by factors including land use, current and projected user volumes, population density, crash data, historic and natural resource constraints, and maintenance requirements. The Agency shall consult local and regional plans, as appropriate, in assessing these and any other relevant factors.

(iii) Incorporating complete streets principles is outside the scope of a project because of its very nature.

(B) The written determination required under subdivision (A) of this subdivision (2) shall be final and shall not be subject to appeal or further review;

(3) Promote economic opportunities for Vermonters and the best use of the State’s environmental and historic resources;

(4) Manage available funding to:

Sec. 27. REPEAL

19 V.S.A. § 309d (policy for municipally managed transportation projects) is repealed.
Sec. 28. 19 V.S.A. chapter 24 is added to read:

CHAPTER 24. COMPLETE STREETS

§ 2401. DEFINITION

As used in this chapter, “complete streets” means streets that provide safe and accessible options for multiple travel modes for individuals of all ages and abilities, including walking, cycling, public transportation, and motor vehicles.

§ 2402. STATE POLICY

(a) Agency of Transportation funded, designed, or funded and designed projects shall seek to increase and encourage more pedestrian, bicycle, and public transit trips, with the State goal to promote intermodal access to the maximum extent feasible, which will help the State meet the transportation-related recommendations outlined in the Comprehensive Energy Plan (CEP) issued under 30 V.S.A. § 202b and the recommendations of the Vermont Climate Action Plan (CAP) issued under 10 V.S.A. § 592.

(b) Except in the case of projects or project components involving unpaved highways, for all transportation projects and project phases managed by the Agency or a municipality, including planning, development, construction, or maintenance, it is the policy of this State for the Agency and municipalities, as applicable, to incorporate complete streets principles that:

(1) serve individuals of all ages and abilities, including vulnerable users as defined in 23 V.S.A. § 4(81);
(2) follow state-of-the-practice design guidance; and

(3) are sensitive to the surrounding community, including current and planned buildings, parks, and trails and current and expected transportation needs.

§ 2403. PROJECTS NOT INCORPORATING COMPLETE STREETS PRINCIPLES

(a) State projects. A State-managed project shall incorporate complete streets principles unless the project manager makes a written determination, supported by documentation, that one or more of the following circumstances exist:

disproportionate to the need or probable use as determined by factors such as
land use, current and projected user volumes, population density, crash data,

municipality shall consult local and regional plans, as appropriate, in assessing
these and any other relevant factors. If the municipality managing the project
bases the written determination required under this subsection in whole or in
part on this subdivision then the project manager shall provide a supplemental

**Registration; General Provisions**

Sec. 38. 23 V.S.A. § 304 is amended to read:

§ 304. REGISTRATION CERTIFICATES; NUMBER PLATES; VANITY

AND OTHER SPECIAL PLATES

**

(b) The authority to issue vanity motor vehicle number plates or special
number plates for safety organizations and service organizations shall reside
with the Commissioner. Determination of compliance with the criteria
contained in this section shall be within the discretion of the Commissioner.
Series of number plates for safety and service organizations that are authorized
by the Commissioner shall be issued in order of approval, subject to the
operating considerations in the Department as determined by the
Commissioner. The Commissioner shall issue vanity and special organization number plates in the following manner:

(1) Vanity plates. Subject to the restrictions of this section, vanity plates shall be issued at the request of the registrant of a motor vehicle unless the vehicle is registered under the International Registration Plan, upon application and upon payment of an annual fee of $48.00 $58.00 in addition to the annual fee for registration. The Commissioner shall not issue two sets of plates bearing the same initials or letters unless the plates also contain a distinguishing number. Vanity plates are subject to reassignment if not renewed within 60 days of expiration of the registration.

(2) Special organization plates.

* * *

(B) The officer of a safety organization or service organization may apply to the Commissioner to approve special plates indicating membership in a qualifying organization to be issued to organization members for a $17.00 $21.00 special fee for each set of plates in addition to the annual fee for registration. The application shall include designation of an officer or member to serve as the principal contact with the Department and a distinctive name or emblem, or both, for use on the proposed special plate. The name and emblem shall not be objectively obscene or confusing to the general public and shall not promote, advertise, or endorse a product, brand, or service
provided for sale. The organization’s name and emblem must not infringe on or violate a trademark, trade name, service mark, copyright, or other proprietary or property right, and the organization must have the right to use the name and emblem. After consulting with the principal contact, the Commissioner shall determine the design of the special plate on the basis that the primary purpose of motor vehicle number plates is vehicle identification. An organization may have only one design, regardless of the number of individual organizational units, squads, or departments within the State that may conduct the same or substantially similar activities.

(C) After the plate design is finalized and an officer or the principal contact provides the Commissioner a written statement authorizing issuance of the plates, the organization shall deposit $2,200.00 $2,600.00 with the Commissioner. Of this deposit, $500.00 shall be retained by the Department to recover costs of developing the organization plate. Notwithstanding 32 V.S.A. § 502, the Commissioner may charge the actual costs of production of the plates against the fees collected and the balance shall be deposited in the Transportation Fund. Upon application, special plates shall be issued to a registrant of a vehicle registered at the pleasure car rate or of a truck registered for less than 26,001 pounds (but excluding trucks registered under the International Registration Plan) who furnishes the Commissioner satisfactory proof that he or she the registrant is a member of an organization
that has satisfied the requirements of this subdivision (b)(2). For each of the first 100 applicants to whom sets of plates are issued, the $17.00 $21.00 special plate fee shall not be collected and shall be subtracted from the balance of the deposit. When the $1,700.00 $2,100.00 balance of the deposit is depleted, applicants shall be required to pay the $17.00 $21.00 fee as provided for in subdivision (2)(B) of this subsection. No organization shall charge its members any additional fee or premium charge for the authorization, right, or privilege to display special number plates, but any organization may recover up to $1,700.00 $2,100.00 from applicants for the special plates.

* * *

(f) Upon the request of a registrant of a motor vehicle with the previous issue number plates, the Commissioner shall issue current issue number plates bearing the same number as shown on the previous issue plates that are being replaced. The initial one-time fee for the plates shall be $24.00 $29.00 in addition to the regular registration fee. Official plates and plates with numbers of 9999 or lower are specifically exempted.
