

1 S.98

2 Introduced by Senators Ram Hinsdale, Cummings, Gulick, Hashim, Lyons,  
3 MacDonal and Watson

4 Referred to Committee on

5 Date:

6 Subject: Health; prescription drugs; Green Mountain Care Board

7 Statement of purpose of bill as introduced: This bill proposes to authorize and  
8 direct the Green Mountain Care Board to evaluate the costs of certain high-cost  
9 prescription drugs and recommend methods for addressing those costs,  
10 including setting limits on what Vermonters would be expected to pay for  
11 some high-cost drugs. The bill would also require the Board to submit a report  
12 on generic drugs and generic drug prices.

13 An act relating to Green Mountain Care Board authority over prescription  
14 drug costs

15 It is hereby enacted by the General Assembly of the State of Vermont:

16 Sec. 1. 18 V.S.A. chapter 91, subchapter 5 is added to read:

17 Subchapter 5. Prescription Drug Affordability

18 § 4671. DEFINITIONS

19 As used in this subchapter:

1           (1) “Biologic” means a drug that is produced or distributed in  
2           accordance with a biologics license application approved under 42 C.F.R.  
3           § 447.502.

4           (2) “Biosimilar” means a drug that is produced or distributed in  
5           accordance with a biologics license application approved under 42 U.S.C.  
6           § 262(k)(3).

7           (3) “Board” means the Green Mountain Care Board established pursuant  
8           to chapter 220 of this title.

9           (4) “Brand-name drug” means a drug produced or distributed in  
10          accordance with an original new drug application approved under 21 U.S.C.  
11          § 355(c). The term does not include an authorized generic drug as defined in  
12          42 C.F.R. § 447.502.

13          (5) “Generic drug” or “generic” means:

14               (A) a retail drug that is marketed or distributed in accordance with an  
15               abbreviated new drug application approved under 21 U.S.C. § 355(j);

16               (B) an authorized generic drug, as defined in 42 C.F.R. § 447.502; or

17               (C) a drug that entered the market before 1962 that was not originally  
18               marketed under a new drug application.

19          (6) “Health care provider” has the same meaning as in section 4631a of  
20          this chapter.

1           (7) “Health insurer” has the same meaning as in section 9402 of this  
2 title.

3           (8) “Health plan” means a health benefit plan offered, issued, or  
4 administered by a health insurer doing business in Vermont.

5           (9) “Manufacturer” means an entity that:

6                   (A)(i) owns the patent to a prescription drug product; or

7                           (ii) enters into a lease with another manufacturer to market and  
8 distribute a prescription drug product under the entity’s own name; and

9                   (B) sets or changes the wholesale acquisition cost of the prescription  
10 drug product it manufactures or markets.

11           (10) “Prescription drug product” means a brand-name drug, a generic  
12 drug, a biologic, or a biosimilar.

13           § 4672. GREEN MOUNTAIN CARE BOARD; COST AFFORDABILITY

14                   REVIEW

15           (a) Scope of review; public input. The Green Mountain Care Board shall  
16 identify high-cost prescription drug products for a potential review of their  
17 affordability under this section.

18           (1) The Green Mountain Care Board shall limit its review of  
19 prescription drug products to those that are:

20                   (A) brand-name drugs or biologics that, as adjusted annually for  
21 inflation in accordance with the Consumer Price Index, have:

1                   (i) a wholesale acquisition cost of \$60,000.00 or more per year or  
2 per course of treatment, if less than a year; or

3                   (ii) a wholesale acquisition cost increase of \$3,000.00 or more in  
4 any 12-month period;

5                   (B) biosimilar drugs that have a wholesale acquisition cost that is not  
6 at least 20 percent lower than the brand-name biologic reference product at the  
7 time the biosimilars are launched;

8                   (C) generic drugs that, as adjusted annually for inflation in  
9 accordance with the Consumer Price Index, have a wholesale acquisition cost:

10                   (i) of \$100.00 or more for a 30-day supply or for a course of  
11 treatment of less than 30 days; and

12                   (ii) increased by 200 percent or more during the immediately  
13 preceding 12-month period, as determined by the difference between the  
14 resulting wholesale acquisition cost and the average of the wholesale  
15 acquisition cost reported over the immediately preceding 12 months; and

16                   (D) other prescription drug products that the Board, in consultation  
17 with the Prescription Drug Affordability Stakeholder Advisory Council  
18 established pursuant section 4674 of this subchapter, determines may create  
19 affordability challenges for the State's health care system and for patients,  
20 including drugs to address public health emergencies.

1           (2) The Board shall solicit public input on prescription drugs thought to  
2           be creating affordability challenges that meet the parameters set forth in  
3           subdivision (1)(A)–(D) of this subsection.

4           (b) Selection for review. After identifying prescription drug products  
5           pursuant to subsection (a) of this section, the Board shall determine whether to  
6           conduct a full affordability review for the proposed prescription drugs after  
7           compiling preliminary information about the cost of the product, patient cost  
8           sharing for the product, health plan spending on the product, and stakeholder  
9           input and other information decided by the Board.

10          (c) Information used in review.

11           (1) The information the Board uses to conduct an affordability review  
12           may include any document or research related to the manufacturer’s selection  
13           of the introductory price or price increase of the prescription drug product,  
14           patient assistance programs specific to the product, estimated or actual  
15           manufacturer produce price concessions in the market, net product cost to State  
16           payors, and other information as determined by the Board.

17           (2) The failure of a manufacturer to provide the Board with information  
18           for an affordability review shall not affect the Board’s authority to conduct  
19           such a review.

20           (3) In determining whether a drug creates affordability challenges or in  
21           determining an upper payment limit amount pursuant to subsection (e) of this

1 section and section 4673 of this chapter, the Board shall not use cost-  
2 effectiveness analyses that include cost per quality-adjusted life year or similar  
3 measures to identify subpopulations for which a treatment would be less cost-  
4 effective due to severity of illness, age, or preexisting disability. In addition,  
5 for any treatment that extends life, if the Board uses cost-effectiveness results,  
6 the Board shall use results that weight the value of all additional lifetime  
7 gained equally for all patients, regardless of their severity of illness, age, or  
8 preexisting disability.

9 (4) Notwithstanding any provision of 1 V.S.A. § 312 or 313 to the  
10 contrary, the Board may meet in executive session to discuss proprietary data  
11 and information or to hear from an expert witness who will discuss proprietary  
12 data and information.

13 (d) Affordability review criteria. When the Board conducts a review of the  
14 affordability of a prescription drug product, the review shall determine whether  
15 use of the prescription drug product in a manner fully consistent with the  
16 labeling approved by the U.S. Food and Drug Administration or standard  
17 medical practice has led or is likely to lead to affordability challenges for  
18 Vermont's health care system or to high out-of-pocket costs for patients, or  
19 both.

20 (e) Upper payment limit.

1           (1) If the Board finds that spending on a prescription drug product  
2           reviewed pursuant to this section has led or is likely to lead to affordability  
3           challenges, the Board shall establish an upper payment limit in accordance  
4           with section 4673 of this chapter that takes into consideration any exceptional  
5           administrative costs related to the distribution of the drug in this State.

6           (2) The upper payment limit established by the Board for a prescription  
7           drug product shall apply to all purchases of and payer reimbursements for the  
8           prescription drug product intended for use by individuals in Vermont in  
9           person, by mail, or by any other means.

10          (f) Public comment. The Board shall provide an opportunity for the public  
11          to provide written comments on pending affordability decisions.

12          (g) Rulemaking. The Green Mountain Care Board may adopt rules in  
13          accordance with 3 V.S.A. chapter 25 as needed to carry out its duties under this  
14          section.

15          (h) Marketing permitted. Nothing in this section shall be construed to  
16          prevent a manufacturer from marketing a prescription drug product approved  
17          by the U.S. Food and Drug Administration while the product is under review  
18          by the Board.

19          (i) Enforcement. The Chair of the Green Mountain Care Board shall have  
20          the same authority to enforce the provisions of this subchapter as are available  
21          to the Chair under chapter 220 of this title.

1       (j) Appeals. Any person aggrieved by a decision of the Green Mountain  
2       Care Board under this section may appeal the Board's decision in accordance  
3       with the provisions of section 9381 of this title.

4       § 4673. UPPER PAYMENT LIMITS; APPLICABILITY; EXEMPTIONS

5       (a)(1)(A) The upper payment limits for prescription drug products  
6       established by the Green Mountain Care Board pursuant to subsection 4672(e)  
7       of this chapter shall apply to all health plans and health benefit programs  
8       regulated, offered, or administered by the State, including individual and group  
9       health benefit plans; health plans offered to State employees, teachers, and  
10       other public employees; and the Medicaid program.

11       (B) An upper payment limit shall not include either the pharmacy  
12       dispensing fee or the provider administration fee.

13       (2)(A) Upper payment limits established by the Board pursuant to  
14       subsection 4672(e) of this chapter shall not apply to Medicare Part D plans or  
15       to employee benefit plans that the State is preempted from regulating under the  
16       Employee Retirement Income Security Act, 29 U.S.C. § 1001 et seq. These  
17       plans may choose to reimburse for prescription drug products in amounts that  
18       exceed Board-established upper payment limits.

19       (B) The Board shall not create an upper payment limit that differs  
20       from the Medicare maximum fair price for any drug for which the Secretary of

1 the U.S. Department of Health and Human Services has negotiated a price  
2 under the Medicare Drug Price Negotiation Program.

3 (3) The Board shall consider how upper payment limits would affect  
4 health care providers participating in the federal 340B drug pricing program.

5 (b)(1) Health care providers who dispense or administer prescription drug  
6 products to patients in this State shall bill all payers not more than the upper  
7 payment limit for dispensing or administering a prescription drug product for  
8 which the Board has set an upper payment limit pursuant to subsection 4672(e)  
9 of this chapter, regardless of whether a payer administering a plan described in  
10 subdivision (a)(2) of this section chooses to reimburse the provider in an  
11 amount that exceeds the Board-established upper payment limit.

12 (2) Independent pharmacies licensed by this State pursuant to 26 V.S.A.  
13 chapter 36 shall not be reimbursed less than the upper payment limit.

14 (c) An upper payment limit shall take effect not sooner than six months  
15 after it is announced.

16 § 4674. PRESCRIPTION DRUG AFFORDABILITY STAKEHOLDER

17 ADVISORY COUNCIL

18 (a) There is created the Prescription Drug Affordability Stakeholder  
19 Advisory Council to assist and advise the Green Mountain Care Board in  
20 making the decisions required under this subchapter.

21 (b)(1) The Council shall be composed of the following 15 members:

1           (A) five members appointed by the Speaker of the House;

2           (B) five members appointed by the Senate President Pro Tempore;

3       and

4           (C) five members appointed by the Governor.

5           (2) The members appointed to the Council shall have knowledge in one  
6       or more of the following:

7           (A) the pharmaceutical business model;

8           (B) supply chain business models;

9           (C) the practice of medicine or clinical training;

10          (D) consumer or patient perspectives;

11          (E) clinical and health services research; or

12          (F) the State's health care marketplace.

13          (3) Members of the Council shall serve three-year terms and members  
14       may be reappointed to additional terms.

15          (c) The Council shall have the administrative, technical, and legal  
16       assistance of the Green Mountain Care Board.

17          (d) The Chair of the Green Mountain Care Board shall appoint one of the  
18       members of the Council to be the Council's Chair.

19          (e) Members of the Council shall not receive compensation for their service  
20       on the Council but shall be entitled to reimbursement of expenses as permitted

1 under 32 V.S.A. § 1010. These reimbursements shall be made from monies  
2 appropriated to the Green Mountain Care Board.

3 Sec. 2. 18 V.S.A. § 9375 is amended to read:

4 § 9375. DUTIES

5 (a) The Board shall execute its duties consistent with the principles  
6 expressed in section 9371 of this title.

7 (b) The Board shall have the following duties:

8 \* \* \*

9 (16)(A) Identify high-cost prescription drugs, evaluate their  
10 affordability, and set upper payment limits as appropriate in accordance with  
11 chapter 91, subchapter 5 of this title.

12 (B) Based on its work under chapter 91, subchapter 5 of this title, the  
13 Board shall include in its annual report pursuant to subsection (d) of this  
14 section:

15 (i) information on price trends for prescription drug products;

16 (ii) the number of prescription drug products that were subject to

17 Board review, including the results of the reviews and the number and

18 disposition of any appeals to the Board and to the Vermont Supreme Court;

19 and

20 (iii) any recommendations for further legislative action needed to

21 make prescription drug products more affordable in this State.

Sec. 3. PRESCRIPTION DRUG AFFORDABILITY STAKEHOLDER  
ADVISORY COUNCIL; IMPLEMENTATION

(a) The Chair of the Green Mountain Care Board shall call the first meeting of the Prescription Drug Affordability Stakeholder Advisory Council to occur on or before February 1, 2024.

(b) Notwithstanding any provision of 18 V.S.A. § 4674 to the contrary, the initial members of the Council shall serve staggered terms as follows:

(1) the terms of two members appointed by each appointing authority shall expire in 2026;

(2) the terms of two members appointed by each appointing authority shall expire in 2027; and

(3) the terms of one member appointed by each appointing authority shall expire in 2028.

Sec. 4. GENERIC DRUG MARKET; GREEN MOUNTAIN CARE BOARD;  
REPORT

On or before January 15, 2025, the Green Mountain Care Board shall report to the House Committee on Health Care and the Senate Committee on Health and Welfare regarding the operation of the generic drug market in the United States and in Vermont, including generic physician-administered drugs, that addresses:

- 1           (1) the price trend of generic drugs on a year-over-year basis;  
2           (2) the degree to which generic drug prices affect health insurance  
3 premiums based on the information provided to the Board pursuant to 18  
4 V.S.A. § 4636;  
5           (3) recent and current trends in patient cost-sharing for generic drugs;  
6           (4) the causes and prevalence of generic drug shortages; and  
7           (5) any other relevant information regarding generic drugs and generic  
8 drug prices.

9       Sec. 5. REPEAL

10           18 V.S.A. § 4635 (prescription drug cost transparency) is repealed.

11       Sec. 6. EFFECTIVE DATE

12           This act shall take effect on July 1, 2023.
