

1 S.184

2 An act relating to the temporary use of automated traffic law enforcement  
3 (ATLE) systems

4 It is hereby enacted by the General Assembly of the State of Vermont:

5 Sec. 1. 23 V.S.A. chapter 15 is amended to read:

6 CHAPTER 15. POWERS OF ENFORCEMENT OFFICERS

7 Subchapter 1. General Provisions

8 § 1600. DEFINITION

9 Notwithstanding subdivision 4(4) of this title, as used in this chapter,  
10 “Commissioner” means the Commissioner of Public Safety.

11 \* \* \*

12 Subchapter 2. Automated Law Enforcement

13 § 1605. DEFINITIONS

14 As used in this subchapter:

15 (1) “Active data” is distinct from historical data as defined in  
16 subdivision (5) of this section and means data uploaded to individual  
17 automated license plate recognition system units before operation as well as  
18 data gathered during the operation of an ALPR system. Any data collected by  
19 an ALPR system in accordance with section 1607 of this subchapter shall be  
20 considered collected for a legitimate law enforcement purpose.

1           (2) “Automated license plate recognition system” or “ALPR system”  
2           means a system of one or more mobile or fixed high-speed cameras combined  
3           with computer algorithms to convert images of registration number plates into  
4           computer-readable data.

5           (3) “Automated traffic law enforcement system” or “ATLE system”  
6           means a device with one or more sensors working in conjunction with a speed  
7           measuring device to produce recorded images of the rear registration number  
8           plates of motor vehicles traveling at more than 10 miles above the speed limit.

9           (4) “Calibration laboratory” means an International Organization for  
10          Standardization (ISO) 17025 accredited testing laboratory that is approved by  
11          the Commissioner of Public Safety.

12          (5) “Historical data” means any data collected by an ALPR system and  
13          stored on the statewide automated law enforcement server operated by the  
14          Vermont Justice Information Sharing System of the Department of Public  
15          Safety. Any data collected by an ALPR system in accordance with section  
16          1607 of this subchapter shall be considered collected for a legitimate law  
17          enforcement purpose.

18          (6) “Law enforcement officer” means a State Police officer, municipal  
19          police officer, motor vehicle inspector, Capitol Police officer, constable,  
20          sheriff, or deputy sheriff certified by the Vermont Criminal Justice Council as  
21          a Level II or Level III law enforcement officer under 20 V.S.A. § 2358.

1           (7) “Legitimate law enforcement purpose” applies to access to active or  
2           historical data and means investigation, detection, analysis, or enforcement of a  
3           crime or of a commercial motor vehicle violation or a person’s defense against  
4           a charge of a crime or commercial motor vehicle violation, or operation of  
5           AMBER alerts or missing or endangered person searches.

6           (8) “Owner” means the first- or only listed registered owner of a motor  
7           vehicle or the first- or only listed lessee of a motor vehicle under a lease of one  
8           year or more.

9           (9) “Recorded image” means a photograph, microphotograph, electronic  
10           image, or electronic video that shows, clearly enough to identify, the rear  
11           registration number plate of a motor vehicle that has activated the radar  
12           component of an ATLE system by traveling past the ATLE system at more  
13           than 10 miles above the speed limit.

14           (10) “Vermont Intelligence Center analyst” means any sworn or civilian  
15           employee who through employment with the Vermont Intelligence Center  
16           (VIC) has access to secure storage systems that support law enforcement  
17           investigations.

18           § 1606. AUTOMATED TRAFFIC LAW ENFORCEMENT SYSTEMS;

19           SPEEDING

20           (a) Use. Deployment of ATLE systems on behalf of the Agency of  
21           Transportation by a third-party pursuant to subsection (b) of this section is

1 intended to investigate the benefits of automated law enforcement for speeding  
2 violations as a way to improve work crew safety and reduce traffic crashes  
3 resulting from an increased adherence to traffic laws achieved by effective  
4 deterrence of potential violators, which could not be achieved by traditional  
5 law enforcement methods or traffic calming measures, or both. Deployment of  
6 ATLE systems on behalf of the Agency is not intended to replace law  
7 enforcement personnel, nor is it intended to mitigate problems caused by  
8 deficient road design, construction, or maintenance.

9 (b) Vendor. The Agency of Transportation shall enter into a contract with  
10 a third party for the operation and deployment of ATLE systems on behalf of  
11 the Agency.

12 (c) Locations. An ATLE system may only be utilized at a location in the  
13 vicinity of a work zone on a limited-access highway under the jurisdiction of  
14 the Agency of Transportation and selected by the Agency, in consultation with  
15 the Department of Public Safety; provided that:

16 (1) the Agency confirms, through a traffic engineering analysis of the  
17 proposed location, that the location meets highway safety standards;

18 (2) the ATLE system is not used as a means of combating deficiencies  
19 in roadway design or environment;

1           (3) at least two signs notifying members of the traveling public of the  
2           use of an ATLE system are in place before any recorded images or other data  
3           is collected by the ATLE system;

4           (4) there is a sign at the end of the work zone;

5           (5) the ATLE system is only in operation when workers are present in  
6           the work zone and at least one of the signs required under subdivision (3) of  
7           this subsection indicates whether the ATLE system is currently in operation;  
8           and

9           (6) there is notice of the use of the ATLE system on the Agency's  
10          website, including the location and typical hours when workers are present and  
11          the ATLE system is in operation.

12          (d) Daily log.

13           (1) The vendor that deploys an ATLE system in accordance with this  
14           section must maintain a daily log for each deployed ATLE system that  
15           includes:

16           (A) the date, time, and location of the ATLE system setup; and

17           (B) the name of the employee who performed any self-tests required  
18           by the ATLE system manufacturer and the results of those self-tests.

19           (2) The daily log shall be retained for not fewer than three years by the  
20           Agency and admissible in any proceeding for a violation involving ATLE  
21           systems deployed on behalf of the Agency.

1       (e) Annual calibration. All ATLE systems shall undergo an annual  
2       calibration check performed by a calibration laboratory. The calibration  
3       laboratory shall issue a signed certificate of calibration after the annual  
4       calibration check, which shall be retained for not fewer than three years by the  
5       Agency and admissible in any proceeding for a violation involving the ATLE  
6       system.

7       (f) Penalty.

8       (1) The owner of the motor vehicle bearing the rear registration number  
9       plate captured in a recorded image shall be liable for one of the following civil  
10       penalties unless, for the violation in question, the owner is convicted of  
11       exceeding the speed limit under chapter 13 of this title or has a defense under  
12       subsection (h) of this section:

13               (A) \$0.00, which shall be exempt from surcharges under 13 V.S.A.  
14               § 7282(a), for a first violation within 12 months;

15               (B) \$80.00 for a second violation within 12 months; provided,  
16       however, that a violation shall be considered a second violation for purposes of  
17       this subdivision only if it has occurred at least 30 days after the date on which  
18       the notice of the first violation was mailed; and

19               (C) \$160.00 for a third or subsequent violation within 12 months.

20       (2) The owner of the motor vehicle bearing the rear registration number  
21       plate captured in a recorded image shall not be deemed to have committed a

1 crime or moving violation unless otherwise convicted under another section of  
2 this title, and a violation of this section shall not be made a part of the  
3 operating record of the owner or considered for insurance purposes.

4 (g) Notice and complaint.

5 (1) An action to enforce this section shall be initiated by issuing a  
6 Vermont civil violation complaint to the owner of a motor vehicle bearing the  
7 rear registration number plate captured in a recorded image and mailing the  
8 Vermont civil violation complaint to the owner by U.S. mail.

9 (2) The civil violation complaint shall:

10 (A) be based on an inspection of recorded images and data produced  
11 by one or more ATLE systems or one or more ATLE and ALPR systems;

12 (B) be issued, sworn, and affirmed by the law enforcement officer  
13 who inspected the recorded images and data;

14 (C) enclose copies of applicable recorded images and at least one  
15 recorded image showing the rear registration number plate of the motor  
16 vehicle;

17 (D) include the date, time, and place of the violation;

18 (E) include the applicable civil penalty amount and the dates, times,  
19 and places for any prior violations from the prior 12 months;

1           (F) include written verification that the ATLE system was operating  
2           correctly at the time of the violation and the date of the most recent inspection  
3           that confirms the ATLE system to be operating properly; and

4           (G) in compliance with 4 V.S.A. § 1105(f), include an affidavit that  
5           the issuing officer has determined the owner's military status to the best of the  
6           officer's ability by conducting a search of the available Department of Defense  
7           Manpower Data Center (DMDC) online records, together with a copy of the  
8           record obtained from the DMDC that is the basis for the issuing officer's  
9           affidavit.

10           (3) In the case of a violation involving a motor vehicle registered under  
11           the laws of this State, the civil violation complaint shall be mailed within 30  
12           days after the violation to the address of the owner as listed in the records of  
13           the Department of Motor Vehicles.

14           (4) In the case of a violation involving a motor vehicle registered under  
15           the laws of a jurisdiction other than this State, the notice of violation shall be  
16           mailed within 30 days after the discovery of the identity of the owner to the  
17           address of the owner as listed in the records of the official in the jurisdiction  
18           having charge of the registration of the motor vehicle. A notice of violation  
19           issued under this subdivision shall be issued not more than 90 days after the  
20           date of the violation. A notice issued after 90 days is void.

1       (h) Defenses. The following shall be defenses to a violation under this  
2       section:

3               (1) that the motor vehicle or license plates shown in one or more  
4       recorded images was in the care, custody, or control of another person at the  
5       time of the violation; and

6               (2) that the radar component of the ATLE system was not properly  
7       calibrated or tested at the time of the violation.

8       (i) Proceedings before the Judicial Bureau.

9               (1) To the extent not inconsistent with this section, the provisions for the  
10       adjudication of a Vermont civil violation complaint, the payment of a Vermont  
11       civil violation complaint, and the collection of civil penalties associated with a  
12       civil violation complaint in 4 V.S.A. chapter 29 shall apply to civil violation  
13       complaints issued under this section.

14               (2) Notwithstanding an owner's failure to request a hearing, a Vermont  
15       civil violation complaint issued pursuant to this section shall be dismissed,  
16       without consequence, upon showing by the owner that the motor vehicle in  
17       question was not in the care, custody, or control of the owner at the time of the  
18       violation because, at the time, the owner was a person in military service as  
19       defined in 50 U.S.C. § 3911.

20       (j) Retention.

1           (1) All recorded images shall be retained by the vendor pursuant to the  
2           requirements of subdivision (2) of this subsection.

3           (2) A recorded image shall only be retained for 12 months after the date  
4           it was obtained or until the resolution of the applicable violation and the appeal  
5           period if the violation is contested. When the retention period has expired, the  
6           vendor and any law enforcement agency with custody of the recorded image  
7           shall destroy it and cause to have destroyed any copies or backups made of the  
8           original recorded image.

9           (k) Review process and annual report.

10           (1) The Department of Public Safety, in consultation with the Agency of  
11           Transportation, shall establish a review process to ensure that recorded images  
12           are used only for the purposes permitted by this section. The Department of  
13           Public Safety shall report the results of this review annually on or before  
14           January 15 to the Senate and House Committees on Judiciary and on  
15           Transportation. The report shall contain the following information based on  
16           prior calendar year data:

17                   (A) the total number of ATLE systems units being operated on behalf  
18                   of the Agency in the State;

19                   (B) the terms of any contracts entered into with any vendors for the  
20                   deployment of ATLE on behalf of the Agency;

1           (C) all of the locations where an ATLE system was deployed along  
2           with the dates and hours that the ATLE system was in operation;

3           (D) the number of violations issued based on recorded images and  
4           the outcomes of those violations by category, including first, second, and third  
5           and subsequent violations and contested violations;

6           (E) the number of recorded images the Agency submitted to the  
7           automated traffic law enforcement storage system;

8           (F) the total amount paid in civil penalties; and

9           (G) any recommended changes for the use of ATLE systems in  
10          Vermont.

11          (2) Notwithstanding 2 V.S.A. § 20(d), the annual report required under  
12          this section shall continue to be required if an ATLE system is deployed in the  
13          State unless the General Assembly takes specific action to repeal the report  
14          requirement.

15          (l) Limitations.

16           (1) ATLE systems shall only record violations of this section and shall  
17           not be used for any other surveillance purposes.

18           (2) Recorded images shall only be accessed to determine if a violation  
19           of this section was committed in the prior 12 months.

20           (m) Rulemaking. The Department of Public Safety may adopt rules  
21           pursuant to 3 V.S.A. chapter 25 to implement this section.

1 § 1607. AUTOMATED LICENSE PLATE RECOGNITION SYSTEMS

2 (a) ~~Definitions. As used in this section:~~

3 (1) ~~“Active data” is distinct from historical data as defined in~~  
4 ~~subdivision (3) of this subsection and means data uploaded to individual~~  
5 ~~automated license plate recognition system units before operation as well as~~  
6 ~~data gathered during the operation of an ALPR system. Any data collected by~~  
7 ~~an ALPR system in accordance with this section shall be considered collected~~  
8 ~~for a legitimate law enforcement purpose.~~

9 (2) ~~“Automated license plate recognition system” or “ALPR system”~~  
10 ~~means a system of one or more mobile or fixed high speed cameras combined~~  
11 ~~with computer algorithms to convert images of registration plates into~~  
12 ~~computer readable data.~~

13 (3) ~~“Historical data” means any data collected by an ALPR system and~~  
14 ~~stored on the statewide ALPR server operated by the Vermont Justice~~  
15 ~~Information Sharing System of the Department of Public Safety. Any data~~  
16 ~~collected by an ALPR system in accordance with this section shall be~~  
17 ~~considered collected for a legitimate law enforcement purpose.~~

18 (4) ~~“Law enforcement officer” means a State Police officer, municipal~~  
19 ~~police officer, motor vehicle inspector, Capitol Police officer, constable,~~  
20 ~~sheriff, or deputy sheriff certified by the Vermont Criminal Justice Council as~~  
21 ~~a level II or level III law enforcement officer under 20 V.S.A. § 2358.~~

1           ~~(5) “Legitimate law enforcement purpose” applies to access to active or~~  
2           ~~historical data, and means investigation, detection, analysis, or enforcement of~~  
3           ~~a crime or of a commercial motor vehicle violation or a person’s defense~~  
4           ~~against a charge of a crime or commercial motor vehicle violation, or operation~~  
5           ~~of AMBER alerts or missing or endangered person searches.~~

6           ~~(6) “Vermont Intelligence Center analyst” means any sworn or civilian~~  
7           ~~employee who through his or her employment with the Vermont Intelligence~~  
8           ~~Center (VIC) has access to secure databases that support law enforcement~~  
9           ~~investigations.~~

10          ~~(b)~~ Operation. A Vermont law enforcement officer shall be certified in  
11          ALPR operation by the Vermont Criminal Justice Council in order to operate  
12          an ALPR system.

13          ~~(e)~~(b) ALPR use and data access; confidentiality.

14          (1)(A) Deployment of ALPR equipment by Vermont law enforcement  
15          agencies is intended to provide access to law enforcement reports of wanted or  
16          stolen vehicles and wanted persons and to further other legitimate law  
17          enforcement purposes. Use of ALPR systems by law enforcement officers and  
18          access to active data are restricted to legitimate law enforcement purposes.

19          (B) Active data may be accessed by a law enforcement officer  
20          operating the ALPR system only if ~~he or she~~ the law enforcement officer has a  
21          legitimate law enforcement purpose for the data. Entry of any data into the

1 system other than data collected by the ALPR system itself must be approved  
2 by a supervisor and shall have a legitimate law enforcement purpose.

3 (C)(i) Requests to access active data shall be in writing and include  
4 the name of the requester, the law enforcement agency the requester is  
5 employed by, if any, and the law enforcement agency's Originating Agency  
6 Identifier (ORI) number. To be approved, the request must provide specific  
7 and articulable facts showing that there are reasonable grounds to believe that  
8 the data are relevant and material to an ongoing criminal, missing person, or  
9 commercial motor vehicle investigation or enforcement action. The written  
10 request and the outcome of the request shall be transmitted to VIC and retained  
11 by VIC for not less than three years.

12 (ii) In each department operating an ALPR system, access to  
13 active data shall be limited to designated personnel who have been provided  
14 account access by the department to conduct authorized ALPR stored data  
15 queries. Access to active data shall be restricted to data collected within the  
16 past seven days.

17 (2)(A) A VIC analyst shall transmit historical data only to a Vermont or  
18 out-of-state law enforcement officer or person who has a legitimate law  
19 enforcement purpose for the data. A law enforcement officer or other person  
20 to whom historical data are transmitted may use such data only for a legitimate  
21 law enforcement purpose. Entry of any data onto the ~~statewide ALPR server~~

1 automated traffic law enforcement storage system other than data collected by  
2 an ALPR system itself must be approved by a supervisor and shall have a  
3 legitimate law enforcement purpose.

4 (B) Requests for historical data within six months ~~of~~ after the date of  
5 the data's creation, whether from Vermont or out-of-state law enforcement  
6 officers or other persons, shall be made in writing to a VIC analyst. The  
7 request shall include the name of the requester, the law enforcement agency the  
8 requester is employed by, if any, and the law enforcement agency's ORI  
9 number. To be approved, the request must provide specific and articulable  
10 facts showing that there are reasonable grounds to believe that the data are  
11 relevant and material to an ongoing criminal, missing person, or commercial  
12 motor vehicle investigation or enforcement action. VIC shall retain all  
13 requests and shall record in writing the outcome of the request and any  
14 information that was provided to the requester or, if applicable, why a request  
15 was denied or not fulfilled. VIC shall retain the information described in this  
16 subdivision ~~(e)(2)(B)~~ (b)(2)(B) for ~~no~~ not fewer than three years.

17 (C) After six months from the date of its creation, VIC may only  
18 disclose historical data:

19 (i) pursuant to a warrant if the data are not sought in connection  
20 with a pending criminal charge; or

1                   (ii) to the prosecution or the defense in connection with a pending  
2 criminal charge and pursuant to a court order issued upon a finding that the  
3 data are reasonably likely to be relevant to the criminal matter.

4                   (3) Active data and historical data shall not be subject to subpoena or  
5 discovery, or be admissible in evidence, in any private civil action.

6                   (4) Notwithstanding any contrary provisions of subdivision (2) of this  
7 subsection, in connection with commercial motor vehicle screening,  
8 inspection, and compliance activities to enforce the Federal Motor Carrier  
9 Safety Regulations, the Department of Motor Vehicles (DMV):

10                   (A) may maintain or designate a server for the storage of historical  
11 data that is separate from the ~~statewide server~~ automated traffic law  
12 enforcement storage system;

13                   (B) may designate a DMV employee to carry out the same  
14 responsibilities as a VIC analyst and a supervisor as specified in subdivision  
15 (2) of this subsection (b); and

16                   (C) shall have the same duties as the VIC with respect to the  
17 retention of requests for historical data.

18                   ~~(d)~~(c) Retention.

19                   (1) Any ALPR information gathered by a Vermont law enforcement  
20 agency shall be sent to the Department of Public Safety to be retained pursuant  
21 to the requirements of subdivision (2) of this subsection. The Department of

1 Public Safety shall maintain the ~~ALPR~~ automated traffic law enforcement  
2 storage system for Vermont law enforcement agencies.

3 (2) Except as provided in this subsection and section 1608 of this title,  
4 information gathered by a law enforcement officer through use of an ALPR  
5 system shall only be retained for 18 months after the date it was obtained.

6 When the permitted 18-month period for retention of the information has  
7 expired, the Department of Public Safety and any local law enforcement  
8 agency with custody of the information shall destroy it and cause to have  
9 destroyed any copies or backups made of the original data. Data may be  
10 retained beyond the 18-month period pursuant to a preservation request made  
11 or disclosure order issued under section 1608 of this title or pursuant to a  
12 warrant issued under Rule 41 of the Vermont or Federal Rules of Criminal  
13 Procedure.

14 ~~(e)~~(d) Oversight; rulemaking.

15 (1) The Department of Public Safety, in consultation with the  
16 Department of Motor Vehicles, shall establish a review process to ensure that  
17 information obtained through use of ALPR systems is used only for the  
18 purposes permitted by this section. The Department of Public Safety shall  
19 report the results of this review annually on or before January 15 to the Senate  
20 and House Committees on Judiciary and on Transportation. The report shall  
21 contain the following information based on prior calendar year data:

1 (A) the total number of ALPR units being operated by government  
2 agencies in the State, the number of such units that are stationary, and the  
3 number of units submitting data to the ~~statewide ALPR database~~ automated  
4 traffic law enforcement storage system;

5 (B) the number of ALPR readings each agency submitted, and the  
6 total number of all such readings submitted, to the ~~statewide ALPR database~~  
7 automated traffic law enforcement storage system;

8 (C) the 18-month cumulative number of ALPR readings being  
9 housed on the ~~statewide ALPR database~~ automated traffic law enforcement  
10 storage system as of the end of the calendar year;

11 (D) the total number of requests made to VIC for historical data, the  
12 average age of the data requested, and the number of these requests that  
13 resulted in release of information from the ~~statewide ALPR database~~  
14 automated traffic law enforcement storage system;

15 (E) the total number of out-of-state requests to VIC for historical  
16 data, the average age of the data requested, and the number of out-of-state  
17 requests that resulted in release of information from the ~~statewide ALPR~~  
18 ~~database~~ automated traffic law enforcement storage system;

19 (F) the total number of alerts generated on ALPR systems operated  
20 by law enforcement officers in the State by a match between an ALPR reading

1 and a plate number on an alert ~~database~~ storage system and the number of  
2 these alerts that resulted in an enforcement action;

3 (G) the total number of criminal, missing person, and commercial  
4 motor vehicle investigations and enforcement actions to which active data  
5 contributed, and a summary of the nature of these investigations and  
6 enforcement actions;

7 (H) the total number of criminal, missing person, and commercial  
8 motor vehicle investigations and enforcement actions to which historical data  
9 contributed, and a summary of the nature of these investigations and  
10 enforcement actions; and

11 (I) the total annualized fixed and variable costs associated with all  
12 ALPR systems used by Vermont law enforcement agencies and an estimate of  
13 the total of such costs per unit.

14 (2) ~~Before January 1, 2018, the~~ The Department of Public Safety ~~shall~~  
15 may adopt rules to implement this section.

16 § 1608. PRESERVATION OF DATA

17 (a) Preservation request.

18 (1) A law enforcement agency or the Department of Motor Vehicles or  
19 other person with a legitimate law enforcement purpose may apply to the  
20 Criminal Division of the Superior Court for an extension of up to 90 days of  
21 the 18-month retention period established under subdivision 1607~~(d)~~(c)(2) of

1 this ~~title~~ subchapter if the agency or Department offers specific and articulable  
2 facts showing that there are reasonable grounds to believe that the captured  
3 plate data are relevant and material to an ongoing criminal or missing persons  
4 investigation or to a pending court or Judicial Bureau proceeding involving  
5 enforcement of a crime or of a commercial motor vehicle violation. Requests  
6 for additional 90-day extensions or for longer periods may be made to the  
7 Superior Court subject to the same standards applicable to an initial extension  
8 request under this subdivision.

9 (2) A governmental entity making a preservation request under this  
10 section shall submit an affidavit stating:

11 (A) the particular camera or cameras for which captured plate data  
12 must be preserved or the particular license plate for which captured plate data  
13 must be preserved; and

14 (B) the date or dates and time frames for which captured plate data  
15 must be preserved.

16 (b) Destruction. Captured plate data shall be destroyed on the schedule  
17 specified in section 1607 of this ~~title~~ subchapter if the preservation request is  
18 denied or 14 days after the denial, whichever is later.

1 Sec. 2. 4 V.S.A. § 1102 is amended to read:

2 § 1102. JUDICIAL BUREAU; JURISDICTION

3 (a) The Judicial Bureau is created within the Judicial Branch under the  
4 supervision of the Supreme Court.

5 (b) The Judicial Bureau shall have jurisdiction of the following matters:

6 (1) Traffic violations alleged to have been committed on or after July 1,  
7 1990.

8 \* \* \*

9 (33) Automated traffic law enforcement violations issued pursuant to  
10 23 V.S.A. § 1606.

11 \* \* \*

12 Sec. 3. IMPLEMENTATION; OUTREACH

13 (a) The Agency shall develop an implementation plan and secure federal  
14 funding from the Federal Highway Administration for a work zone ATLE pilot  
15 program to run in locations throughout Vermont from July 1, 2025 until  
16 October 1, 2026.

17 (b) The Department of Public Safety, in consultation with the Agency of  
18 Transportation, shall implement a public outreach campaign not later than  
19 January 1, 2025 that, at a minimum, addresses:

20 (1) the use of automated traffic law enforcement (ATLE) systems in  
21 work zones throughout the State;

1           (2) what recorded images captured by ATLE systems will show;

2           (3) the legal significance of recorded images captured by ATLE  
3 systems; and

4           (4) the process to challenge and defenses to a Vermont civil violation  
5 complaint issued based on a recorded image captured by an ATLE system.

6           (c) The public outreach campaign shall disseminate information on ATLE  
7 systems through the Department of Public Safety’s web page and through other  
8 mediums such as social media platforms, community posting websites, radio,  
9 television, and printed materials.

10       Sec. 4. REPEAL OF CURRENT PROSPECTIVE REPEAL

11           2013 Acts and Resolves No. 69, Sec. 3(b), as amended by 2015 Acts and  
12 Resolves No. 32, Sec. 1, 2016 Acts and Resolves No. 169, Sec. 6, 2018 Acts  
13 and Resolves No. 175, Sec. 1, 2020 Acts and Resolves No. 134, Sec. 3, and  
14 2022 Acts and Resolves No. 147, Sec. 34 (July 1, 2024 repeal of Automated  
15 License Plate Recognition system standards), is repealed.

16       Sec. 5. PROSPECTIVE REPEAL

17           4 V.S.A. § 1102(b)(33) (Vermont Judicial Bureau jurisdiction over  
18 automated traffic law enforcement violations) and 23 V.S.A. §§ 1606–1608  
19 (automated law enforcement) are repealed on July 1, 2027; provided, however,  
20 if the Agency is unable to secure federal funding for a work zone ATLE pilot

1 program by June 30, 2025, then 4 V.S.A. § 1102(b)(33) and 23 V.S.A.

2 §§ 1606–1608 are repealed on July 2, 2025.

3 Sec. 6. 23 V.S.A. § 1605 is amended to read:

4 § 1605. DEFINITIONS

5 As used in this subchapter:

6 (1) ~~“Active data” is distinct from historical data as defined in~~  
7 ~~subdivision (5) of this section and means data uploaded to individual~~  
8 ~~automated license plate recognition system units before operation as well as~~  
9 ~~data gathered during the operation of an ALPR system. Any data collected by~~  
10 ~~an ALPR system in accordance with section 1607 of this subchapter shall be~~  
11 ~~considered collected for a legitimate law enforcement purpose. [Repealed.]~~

12 (2) “Automated license plate recognition system” or “ALPR system”  
13 means a system of one or more mobile or fixed high-speed cameras combined  
14 with computer algorithms to convert images of registration number plates into  
15 computer-readable data.

16 (3) “Automated traffic law enforcement system” or “ATLE system”  
17 means a device with one or more sensors working in conjunction with a speed  
18 measuring device to produce recorded images of the rear registration number  
19 plates of motor vehicles traveling at more than five miles above the speed  
20 limit.

1           (4) ~~“Calibration laboratory” means an International Organization for~~  
2           ~~Standardization (ISO) 17025 accredited testing laboratory that is approved by~~  
3           ~~the Commissioner of Public Safety. [Repealed.]~~

4           (5) ~~“Historical data” means any data collected by an ALPR system and~~  
5           ~~stored on the statewide automated law enforcement server operated by the~~  
6           ~~Vermont Justice Information Sharing System of the Department of Public~~  
7           ~~Safety. Any data collected by an ALPR system in accordance with section~~  
8           ~~1607 of this subchapter shall be considered collected for a legitimate law~~  
9           ~~enforcement purpose. [Repealed.]~~

10          (6) ~~“Law enforcement officer” means a State Police officer, municipal~~  
11          ~~police officer, motor vehicle inspector, Capitol Police officer, constable,~~  
12          ~~sheriff, or deputy sheriff certified by the Vermont Criminal Justice Council as~~  
13          ~~a level II or level III law enforcement officer under 20 V.S.A. § 2358.~~  
14          ~~[Repealed.]~~

15          (7) ~~“Legitimate law enforcement purpose” applies to access to active or~~  
16          ~~historical data, and means investigation, detection, analysis, or enforcement of~~  
17          ~~a crime or of a commercial motor vehicle violation or a person’s defense~~  
18          ~~against a charge of a crime or commercial motor vehicle violation, or operation~~  
19          ~~of AMBER alerts or missing or endangered person searches. [Repealed.]~~

1           (8) ~~“Owner” means the first or only listed registered owner of a motor~~  
2 ~~vehicle or the first or only listed lessee of a motor vehicle under a lease of one~~  
3 ~~year or more. [Repealed.]~~

4           (9) ~~“Recorded image” means a photograph, microphotograph, electronic~~  
5 ~~image, or electronic video that shows, clearly enough to identify, the rear~~  
6 ~~registration number plate of a motor vehicle that has activated the radar~~  
7 ~~component of an ATLE system by traveling past the ATLE system at more~~  
8 ~~than five miles above the speed limit. [Repealed.]~~

9           (10) ~~“Vermont Intelligence Center analyst” means any sworn or civilian~~  
10 ~~employee who through his or her employment with the Vermont Intelligence~~  
11 ~~Center (VIC) has access to storage systems that support law enforcement~~  
12 ~~investigations. [Repealed.]~~

13       Sec. 7. 23 V.S.A. § 1609 is added to read:

14       § 1609. PROHIBITION ON USE OF AUTOMATED LAW

15               ENFORCEMENT

16       No State agency or department or any political subdivision of the State shall  
17 use automated license plate recognition systems or automated traffic law  
18 enforcement systems.

1       Sec. 8. EFFECTIVE DATES

2           (a) Secs. 1 (powers of enforcement officers; 23 V.S.A. chapter 15) and 2  
3           (Judicial Bureau jurisdiction; 4 V.S.A. § 1102) shall take effect on July 1,  
4           2025.

5           (b) Secs. 6 (amended automated law enforcement definitions; 23 V.S.A.  
6           § 1605) and 7 (prohibition on the use of automated law enforcement; 23  
7           V.S.A. § 1609) shall take effect upon the repeal of 4 V.S.A. § 1102(b)(33)  
8           (Vermont Judicial Bureau jurisdiction over automated traffic law enforcement  
9           violations) and 23 V.S.A. §§ 1606–1608 (automated law enforcement)  
10          pursuant to the provisions of Sec. 5.

11          (c) All other sections shall take effect on passage.
