- 9 The General Assembly finds that:
- 10 (1) According to the Vermont Agency of Education, an average of 38 percent of students across all supervisory unions during the 2019–2020 school 11 12 year qualified for free or reduced-price lunch. As a result, some 13 schoolchildren face more challenges than others in succeeding in school and in 14 life. The General Assembly recognizes that students need fresh and nutritional 15 foods to enable them to focus on their education and that many students come 16 to school hungry. Providing universal school meals offered at no cost to 17 students or their families creates a necessary foundation for learning readiness 18 during the school day.
 - (2) A 2021 study by the National Food Access and COVID Research

 Team found that in the first year of the pandemic, nearly one-third of persons
 in Vermont faced hunger, and families with children were five times more

1	likely to face hunger. Food insecurity rates remained above prepandemic
2	levels a year after the start of the pandemic.
3	(3) In a 2019 research report, the Urban Institute found that up to 42
4	percent of children living in food-insecure homes may not be eligible for free
5	or reduced-price school meals.
6	(4) In 2016, the Center for Rural Studies at the University of Vermont
7	(UVM) partnered with the Vermont Farm to School Network to measure the
8	economic contribution and impacts of Farm to School programs in Vermont.
9	The final report found that school meal programs support a vibrant agricultural
10	economy, with every \$1.00 spent on local food in schools contributing \$1.60 to
11	the Vermont economy.
12	(5) A study analyzing trends in food sources and diet quality published
13	in 2021 found that the most nutritious meals consumed by children in the
14	United States are school meals, including when compared to meals cooked at
15	home.
16	(6) A study conducted by UVM found that universal school meals
17	programs in Vermont were associated with, among other benefits, improved
18	overall school social climate as a result of financial difference being less
19	visible and improved readiness to learn among students overall.

11	Sec. 3. 16 V.S.A. § 4017 is added to read:
12	§ 4017. UNIVERSAL MEALS SUPPLEMENT
13	(a) Definition. For the purpose of this section, "universal meals
14	supplement" has the same meaning as that term has in subdivision 1261a(5) of
15	this title.
16	(b) Public schools. From State funds appropriated to the Agency from the
17	Education Fund for the universal meals supplement, the Agency shall provide
18	a universal meals supplement for the cost of each meal actually provided to
19	each student in the district during the previous quarter when meals are offered
20	to all students at no charge pursuant to subdivision 1264(a)(1)(B) of this title.

I	(1) Reimbursement from State funds shall be available only to districts
2	that maximize access to federal funds for the cost of the school breakfast and
3	lunch program by participating in the Community Eligibility Provision or
4	Provision 2 of these programs, or any other federal provision that in the
5	opinion of the Agency draws down the most possible federal funding for meals
6	served in that program. At the start of each school year, the Agency of
7	Education may require that a school food authority requesting the universal
8	meals supplement begin a new cycle of the relevant federal provision and
9	group sites in a manner the Agency determines will maximize the drawdown
10	of federal funds.
11	(2) Second breakfasts, as allowed under 7 C.F.R. § 220.9(a), do not
12	qualify for reimbursement under this subsection.
13	(3) A nonprofit prequalified private prekindergarten provider that is
14	qualified pursuant to subsection 829(c) of this title and is not also an approved
15	independent school is eligible for the universal meals supplement under this
16	subsection if it operates a food program under a public school school food
17	authority.
18	(c) Approved independent schools.
19	(1) From State funds appropriated to the Agency from the Education
20	Fund for the universal meals supplement, the Agency shall provide a universal
21	meals supplement for the cost of each meal actually provided to each

1	qualifying student on public tuition when meals are offered to all students at no
2	charge pursuant to subdivision 1264(a)(1)(B) of this title, provided that:
3	(A) If the approved independent school participates in the food
4	programs as a site under a public school school food authority, the public
5	school school food authority shall be reimbursed only for students attending
6	the approved independent school on public tuition.
7	(B) If the approved independent school participates in the
8	Community Eligibility Provision or is in a year other than the base year of
9	Provision 2, the school shall provide the Agency with the number of students
10	attending the school on public tuition and the total number of students enrolled
11	in the school. The Agency shall calculate the percentage of students attending
12	the school on public tuition and multiply that number by the paid student
13	percentage, the results of which shall be the number of meals the school shall
14	be reimbursed for.
15	(2) Second breakfasts, as allowed under 7 C.F.R. § 220.9(a), do not
16	qualify for reimbursement under this subsection.
17	(3) Students attending an approved independent school on public tuition
18	shall include a prekindergarten child if the approved independent school also
19	qualifies as a prequalified private provider and the child's school district of
20	residence pays tuition to the school pursuant to section 829 of this title.

1	(4) An approved independent school is eligible for reimbursement under
2	this subsection only if it operates a food program that makes available a school
3	lunch, as provided in the National School Lunch Act as amended, and a school
4	breakfast, as provided in the Child Nutrition Act as amended, to each attending
5	student who qualifies for those meals under these acts every school day.
6	(5) Reimbursement from State funds shall be available only to approved
7	independent schools that maximize access to federal funds for the cost of the
8	school breakfast and lunch program by participating in the Community
9	Eligibility Provision or Provision 2 of these programs, or any other federal
10	provision that in the opinion of the Agency draws down the most possible
11	federal funding for meals served in that program. At the start of each school
12	year, the Agency of Education may require that a school food authority
13	requesting the universal meals supplement begin a new cycle of the relevant
14	federal provision and group sites in a manner the Agency determines will
15	maximize the drawdown of federal funds.
16	(d) Reimbursement amounts for public schools and approved independent
17	schools. The reimbursement amount for breakfast shall be a sum equal to the
18	federal reimbursement rate for a free school breakfast less the federal
19	reimbursement rate for a paid school breakfast, using rates identified annually
20	by the Agency of Education from payment levels established annually by the
21	U.S. Department of Agriculture. The reimbursement amount for lunch shall be

1	a sum equal to the federal reimbursement rate for a free school lunch less the
2	federal reimbursement rate for a paid school lunch, using rates identified
3	annually by the Agency of Education from payment levels established annually
4	by the U.S. Department of Agriculture.
5	* * * Appropriation * * *
6	Sec. 4. APPROPRIATION; SCHOOL MEALS

8	Agency of Education for fiscal year 2024 to provide funding for the universal
9	meals supplement pursuant to 16 V.S.A. § 4017.

11	§ 1264a. LOCALLY PRODUCED FOODS

13	foods purchased by supervisory unions and supervisory districts, together
14	referred to in this section as "supervisory unions," eligible entities, as defined
15	by subsection (e) of this section, be locally produced foods. School boards

17	the definition of "locally produced foods" for the purposes of this subsection
18	and subsection (b) of this section.
19	(b) On or before December 31, 2021 and annually thereafter, a school
20	board an eligible entity operating a school lunch, breakfast, or summer meals
21	program shall report to the Agency of Education an estimate of the percentage

2	programs that were locally produced foods during the one-year period ending
3	on June 30 of that year.
4	(c)(1) Beginning with the 2021-22 school year and thereafter, supervisory
5	unions eligible entities shall be eligible for a local foods incentive grant (grant)
6	from funds appropriated to the Agency of Education for this purpose.

12	produced foods, who shall be responsible for implementing the locally
13	produced foods purchasing plan;

15	foods; and
16	(D) complied with the reporting requirement under subsection (b) of
17	this section.
18	(3) A supervisory union An eligible entity that has satisfied the
19	conditions under subdivision (2) of this subsection may, on or before January
20	15, 2022 or on or before January 15 of any year thereafter, apply to the Agency
21	for the grant by submitting a certification, signed by the business manager for

1	the supervisory union <u>engine entity</u> , that the supervisory union <u>engine entity</u>
2	satisfies the conditions under subdivision (2) of this subsection.
3	(4) If a supervisory union an eligible entity is eligible for a grant under
4	subdivision (3) of this subsection, then the Agency shall make the grant
5	payment, subject to appropriation, on or before the following March 31 after
6	submission of the supervisory union's eligible entity's application, which is
7	due on or before January 15 of that year, which shall be equal to \$0.15 per
8	reimbursable school lunch served by the supervisory union eligible entity in
9	the prior school year through the National School Lunch Program. A
10	supervisory union An eligible entity may apply for this grant and receive this
11	grant funding only once.
12	(5)(A) A supervisory union An eligible entity that has received a grant
13	under subdivision (4) of this subsection (c) may, on or before January 15, 2023
14	or on or before January 15 of any year thereafter, apply for a further grant by
15	submitting to the Agency of Education information that demonstrates that at
16	least 15 percent of the cost of all foods purchased or grown, raised, or
17	produced by the supervisory union eligible entity during the one-year period
18	ending on June 30 of the previous year were local to Vermont as defined in 9
19	V.S.A. § 2465a(b), excluding:

1	(i) foods purchased or grown, raised, or produced by the
2	supervisory union eligible entity that were used to provide catering services for
3	which the supervisory union eligible entity received compensation; and
4	(ii) fluid milk.
5	(B) If a supervisory union an eligible entity grows, raises, or
6	produces food, it shall assign a fair market value to that food for the purpose of
7	reporting its cost.
8	(C) A vendor that contracts with a supervisory union an eligible
9	entity to supply food products shall certify to the supervisory union which of
10	the food products supplied meet the definition of local to Vermont, taking into
11	account the exclusions under subdivision 5(A) of this subsection subdivision
12	(c) <u>(5)</u> .
13	(6) If a supervisory union an eligible entity is eligible for a grant under
14	subdivision (5) of this subsection, the Agency shall, on or before the following
15	April 30 after submission of the supervisory union's eligible entity's
16	application, which is due on or before January 15 of that year, make the grant
17	payment, subject to appropriation, which shall be determined as follows:
18	(A) \$0.15 per reimbursable school lunch served in the prior school
19	year through the National School Lunch Program for supervisory unions

5	year through the National School Lunch Program for supervisory unions
6	purchasing at least 25 percent locally produced foods.
7	(7) A supervisory union An eligible entity may apply for and receive
8	grant funding under subdivisions (5) and (6) of this subsection for each year
9	that it qualifies for this grant funding. For applications covering the 2020-202
10	school year, meals served through the Summer Food Service Program shall
11	also be counted for this grant payment.
12	(8) The Agency of Education may perform sample audits for any year
13	that grant funds are paid to supervisory unions eligible entities under
14	subdivision (6) of this subsection to verify that information provided to the
15	Agency under subdivision (5) of this subsection is accurate. If the Agency
16	makes a grant payment under subdivision (6) of this subsection to a
17	supervisory union an eligible entity that was based on inaccurate information
18	reported by the supervisory union eligible entity, the Agency may seek
19	reimbursement from the supervisory union eligible entity for an overpayment
20	or reimburse the supervisory union eligible entity for an underpayment or may

1	adjust future grant amounts under this section to reflect the over- or
2	underpayment.
3	(d)(1) On or before January 31, 2022 and annually thereafter, the Agency
4	of Education shall submit to the Senate Committees on Agriculture and on

8	regarding the percentage of locally produced foods, as the supervisory unions
9	eligible entities define them, that were reported under subsection (b) of this
10	section; and
11	(B) the percentage of locally produced foods, using the grant funding
12	definition, that were reported under subdivision (c)(5) of this section and the
