H.291

Introduced by Representatives Sibilila of Dover and Chase of Colchester

Referred to Committee on

Date:

Subject: Executive; Agency of Digital Services; information technology;
cybersecurity; critical infrastructure

Statement of purpose of bill as introduced: This bill proposes to statutorily create the Cybersecurity Advisory Council to advise on the State’s cybersecurity infrastructure, standards, and safeguards. This bill also proposes to require the Cybersecurity Advisory Council to biennially review and approve the State’s cybersecurity standards for the State’s critical infrastructure domains.

An act relating to the creation of the Cybersecurity Advisory Council

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. 20 V.S.A. chapter 208 is added to read:

Chapter 208. CYBERSECURITY

§ 4661. DEFINITIONS

As used in this chapter:

(1) “Critical infrastructure” has the same meaning as in 11 V.S.A.

§ 1701.

1 (2) “Cybersecurity” means the practice of deploying people, policies,
2 processes, and technologies to protect organizations, their critical systems, and
3 sensitive information from digital attacks.

4 § 4662. CYBERSECURITY ADVISORY COUNCIL

5 (a) Creation. There is created the Cybersecurity Advisory Council to
6 advise on the State’s cybersecurity infrastructure, standards, and safeguards.

7 (b) Membership. The Council shall be composed of the following
8 members:

9 (1) one current member of the House of Representatives, who shall be
10 appointed by the Speaker of the House;

11 (2) one current member of the Senate, who shall be appointed by the
12 Committee on Committees;

13 (3) the Chief Information Officer, who shall serve as the Chair or
14 appoint a designee from the Council to serve as the Chair;

15 (4) the Chief Information Security Officer;

16 (5) a representative from a State electrical public utility, appointed by
17 the Governor;

18 (6) a representative from a State municipal water system, appointed by
19 the Governor;

20 (7) a representative from a Vermont hospital or accountable care
21 organization, appointed by the Governor;

1 (8) a person representing a Vermont business related to an essential
2 supply chain, appointed by the Governor;

3 (9) the Director of Vermont Emergency Management or designee;

4 (10) the Governor’s Homeland Security Advisor or designee;

5 (11) the Vermont Adjutant General or designee; and

6 (12) the Attorney General or designee.

7 (c) Powers and duties. The Council shall have the following duties:

8 (1) develop a strategic plan for protecting the State’s public sector and
9 private sector information and systems from cybersecurity attacks;

10 (2) review and approve the State’s cybersecurity standards for critical
11 infrastructure domains;

12 (3) evaluate statewide cybersecurity readiness and develop best
13 practices for policies and procedures to strengthen administrative, technical,
14 and physical cybersecurity safeguards as a resource for State government,
15 Vermont businesses, and the public;

16 (4) build relationships and conduct outreach within State government
17 and to federal government and the private sector to ensure the resilience of
18 electronic information systems;

19 (5) build strong partnerships with local universities and colleges in order
20 to leverage cybersecurity resources; and

21 (6) identify and advise on opportunities to:

1 (A) ensure Vermont promotes, attracts, and retains a highly skilled
2 cybersecurity workforce;

3 (B) raise citizen awareness through outreach and public service
4 announcements;

5 (C) provide technical capabilities, training, and advice to local
6 government and the private sector;

7 (D) provide recommendations on legislative action to the General
8 Assembly to protect critical assets, infrastructure, services, and personally
9 identifiable information;

10 (E) advise on strategic, operational, and budgetary impacts of
11 cybersecurity on the State;

12 (F) engage State and federal partners in assessing and managing risk;
13 and

14 (G) investigate ways the State can implement a unified cybersecurity
15 communications and response.

16 (d) Assistance. The Council shall have the administrative and technical
17 assistance of the Agency of Digital Services.

18 (e) Working groups and consultations.

19 (1) The Council may establish interagency working groups to support its
20 charge, drawing membership from any State agency or department.

1 (2) The Council may consult with private sector and municipal, State,
2 and federal government professionals for information and advice on issues
3 related to the Council's charge.

4 (f) Meetings.

5 (1) The Chief Information Officer shall be the Chair of the Council.

6 (2) A majority of the membership shall constitute a quorum.

7 (3) The Council shall meet at least quarterly.

8 (g) Reports. On or before January 15 each year, the Council shall submit a
9 written report to the House Committees on Commerce and Economic
10 Development, on Environment and Energy, on Government Operations and
11 Military Affairs, and on Ways and Means, and the Senate Committees on
12 Economic Development, Housing and General Affairs, on Finance, and on
13 Government Operations on information acquired pursuant to activities required
14 under subsection (c) of this section and any recommendations for legislative
15 action. The provisions of 2 V.S.A. § 20(d) (expiration of required reports)
16 shall not apply to the report to be made under this subsection.

17 § 4663. CYBERSECURITY STANDARDS FOR CRITICAL

18 INFRASTRUCTURE

19 (a) Standards. Beginning on July 1, 2024 and biennially thereafter, the
20 Cybersecurity Advisory Council, established pursuant to section 4662 of this

1 title, shall review and approve the cybersecurity standards for the critical
2 infrastructure domains. The standards shall include:

3 (1) the identification of critical infrastructure and the associated risks;

4 (2) the implementation of security controls to protect against identified
5 risks;

6 (3) regular testing and evaluation of the effectiveness of the security
7 controls;

8 (4) the development and implementation of incident response plans;

9 (5) the regular training of personnel on cybersecurity risks and incident
10 response;

11 (6) the implementation of measures to protect against unauthorized
12 access, use, disclosure, disruption, modification, or destruction of critical
13 infrastructure data;

14 (7) compliance with all State and federal laws and regulations related to
15 cybersecurity; and

16 (8) the implementation of measures to ensure the ongoing
17 confidentiality, integrity, and availability of critical infrastructure.

18 (b) Standards for other regulatory bodies. The cybersecurity standards
19 approved by the Council pursuant to subsection (a) of this section shall
20 include:

1 (1) cybersecurity standards developed by the Public Utility Commission
2 to protect the State’s critical infrastructures relating to electric, water,
3 telecommunications, and any other essential sectors as determined by the
4 Commission.

5 (2) cybersecurity standards developed by the Green Mountain Board to
6 protect the State’s critical infrastructures relating to health care, including
7 hospitals, health care systems, accountable care organizations, and other
8 essential health systems as determined by the Board.

9 (c) Exemption. Any assessments and reports related to the cybersecurity
10 standards for critical infrastructure are exempt from public inspection and
11 copying under the Public Records Act and shall be kept confidential.

12 Sec. 2. 11 V.S.A. § 1701 is amended to read:

13 § 1701. DEFINITIONS

14 ~~As~~ As used in this chapter:

15 (1) “Critical infrastructure” means property and equipment owned or
16 used by communications networks and electric generation, transmission, and
17 distribution systems; water and wastewater systems; health systems; essential
18 supply chains; and communications networks, including cellular, broadband,
19 and telecommunications networks.
