

To whom it may concern:

My name is Constance Woodberry. I live in East Dummerston. My son, Nathan Hirth, is 44 years old and has an intellectual and developmental delay. I strongly support \$10.82 million for the implementation of the pilot planning grant housing begun by Act 186, and I support developing a pipeline for funding the annual development of stable, service-supported housing for adults with developmental disabilities. It is long overdue.

Thank you,
Constance Woodberry
