

Hello,

My name is David Mentzer and I live in Ferrisburgh, Vermont. I have a son with a disability (Down syndrome) and I'm writing to express my support for Act 186 (H.720). I also support what I understand to be a \$10.82M appropriation for the implementation of a pilot planning grant housing begun by Act 186, and I support developing a pipeline for annual funding for the development of stable, service-supported housing for adults with developmental disabilities.

Thank you for your consideration.

Dave Mentzer
