

Hello,

My name is Michelle Ferland and I live n Burlington, Vt. I am writing in support of the 10.82 million dollars for the implementation of the pilot planning grant for housing begun by Act 186. I believe that it is imperative that we develop a mechanism to consistently fund stable, self-supported housing for adults with developmental disabilities.

There needs to be more available to members of our community who live with developmental disabilities, particularly adequate support for stable living situations into their adult years. Please help continue the work to remedy this sad state of affairs for these vulnerable members of our community and their families.

Thank you,

Michelle Ferland
