### SSCF Course & Job Interests- 2024

"Job training seems to me one of the most productive services a prison can offer. it empowers us and gives us hope for a positive future."

"I truly believe this will help us incorporate back into functioning as a proper citizen."

"I believe it is very important to have a job training at all facilities in VT, there is very little to do while incarcerated. I think training could be used to give inmates incentive to stay out of trouble while in the facility and get needed work experience to help them when released. "
