

Vermont State Board of Education

**Presentation to the
House Education Committee
April 10, 2024**

**Comments on S.304
Jennifer Deck Samuelson, Chair
Tammy Kolbe, Vice-Chair**

Considerations and Concerns

- **Consistency**

- 16 V.S.A. §§164(9) and 165 refer to SBE, not AOE, powers and duties
- SBE has rulemaking authority over public schools and independent schools
- Need to ensure alignment across EQS, independent school rules, and CTEs

- **Access to rulemaking process**

- SBE is the eyes and ears of the public
- Rulemaking benefits from input from the field
- Benefits to leveraging SBE strengths in this area

- **Board expertise**

- **Lyle Jepson**, former director of Stafford Technical Center (1999-2014)
- **Tom Lovett**, former head of St. Johnsbury Academy (2001-2020)

- **Partnership**

- SBE has track record of productive and collaborative relationship with education constituents

- **Funding**

- SBE needs to be resourced to do this work
