2 The Committee on Environment and Energy to which was referred Senate  
3 Bill No. 100 entitled “An act relating to housing opportunities made for  
4 everyone” respectfully reports that it has considered the same and recommends  
5 that the House propose to the Senate that the report of the committee on  
6 General and Housing be amended as follows:

7 First: By striking out Secs. 1–25 and their reader assistance headers in their  
8 entireties and inserting in lieu thereof the following:

10 Sec. 1. 24 V.S.A. § 4414 is amended to read:

11 § 4414. ZONING; PERMISSIBLE TYPES OF REGULATIONS

12 \* \* \*

13 (4) Parking and loading facilities. A municipality may adopt provisions  
14 setting forth standards for permitted and required facilities for off-street  
15 parking and loading, which may vary by district and by uses within each  
16 district. In any district that is served by municipal sewer and water  
17 infrastructure that allows residential uses, a municipality shall not require more  
18 than one parking space per dwelling unit. However, a municipality may  
19 require 1.5 parking spaces for duplexes and multi-unit dwellings in areas not  
20 served by water and sewer and in areas that are located more than one-quarter  
21 mile away from public parking rounded down to the nearest whole number

1 when calculating the total number of spaces. These bylaws may also include  
2 provisions covering the location, size, design, access, landscaping, and  
3 screening of those facilities. In determining the number of parking spaces for  
4 nonresidential uses and size of parking spaces required under these regulations,  
5 the appropriate municipal panel may take into account the existence or  
6 availability of employer “transit pass” and rideshare programs, public transit  
7 routes, and public parking spaces in the vicinity of the development. ~~However,~~  
8 ~~a municipality shall not require an accessory dwelling unit to have more than~~  
9 ~~one parking space per bedroom.~~

11 Sec. 2. 24 V.S.A. § 4412 is amended to read:

12 § 4412. REQUIRED PROVISIONS AND PROHIBITED EFFECTS

1 duplexes shall be an allowed use with the same dimensional standards as a  
2 single-unit dwelling. In any district that is served by municipal sewer and  
3 water infrastructure that allows residential development, multiunit dwellings  
4 with four or fewer units shall be a permitted use, unless that district  
5 specifically requires multiunit structures to have more than four dwelling units.

6 (E) Except for flood hazard and fluvial erosion area bylaws adopted  
7 pursuant to section 4424 of this title, no bylaw shall have the effect of  
8 excluding as a permitted use one accessory dwelling unit that is located within  
9 or appurtenant to a single-family dwelling on an owner-occupied lot. A bylaw  
10 ~~may~~ shall require a single-family dwelling with an accessory dwelling unit to  
11 be subject to the same review, dimensional, or other controls as required for a  
12 single-family dwelling without an accessory dwelling unit. ~~An accessory~~  
13 ~~dwelling unit means a distinct unit that is clearly subordinate to a single family~~  
14 ~~dwelling, and has facilities and provisions for independent living, including~~  
15 ~~sleeping, food preparation, and sanitation, provided there is compliance with~~

17 nonresidential building to habitable space for an accessory dwelling unit shall  
18 not be more restrictive than the criteria used for a single-family dwelling  
19 without an accessory dwelling unit.

20 ~~(i) The property has sufficient wastewater capacity.~~

4 size, height, building bulk, yards, courts, setbacks, density of buildings, off-  
5 street parking, loading facilities, traffic, noise, lighting, landscaping, and  
6 screening requirements, and only to the extent that regulations do not have the  
7 effect of interfering with the intended functional use:

9 and facilities;

10 (B) public and private schools and other educational institutions  
11 certified by the Agency of Education;

10 Sec. 19. 2022 Acts and Resolves No. 182, Sec. 41 is amended to read:

11 Sec. 41. REPORT; NATURAL RESOURCES BOARD

12 (a) On or before December 31, 2023, the Chair of the Natural Resources  
13 Board shall report to the House Committees on ~~Natural Resources, Fish, and~~  
14 ~~Wildlife~~ Environment and Energy and on Ways and Means and the Senate  
15 Committees on Finance and on Natural Resources and Energy on necessary  
16 updates to the Act 250 program.

17 (b) The report shall include:

18 (1) How to transition to a system in which Act 250 jurisdiction is based  
19 on location, which shall encourage development in designated areas; the  
20 maintenance of intact rural working lands; and the protection of natural  
21 resources of statewide significance, including biodiversity. Location-based

1 jurisdiction would adjust the threshold for Act 250 jurisdiction based on the  
2 characteristics of the location. This section of the report shall consider whether  
3 to develop thresholds and tiers of jurisdiction as recommended in the  
4 Commission on Act 250: the Next 50 Years Report.

5 (2) How to use the Capability and Development Plan to meet the  
6 statewide planning goals.

7 (3) An assessment of the current level of staffing of the Board and  
8 District Commissions, including whether there should be a district coordinator  
9 located in every district.

10 (4) Whether the permit fees are sufficient to cover the costs of the  
11 program and, if not, a recommendation for a source of revenue to supplement  
12 the fees.

13 (5) Whether the permit fees are effective in providing appropriate  
14 incentives.

15 (6) Whether the Board should be able to assess its costs on applicants.

16 (7) Whether increasing jurisdictional thresholds for housing  
17 development to 25 units under 10 V.S.A. § 6001(3)(A)(iv) would affect  
18 housing affordability, especially for primary homeownership, and what the  
19 potential impact of increasing those thresholds to 25 units would have on  
20 natural and community resources addressed under existing Act 250 criteria.

21 **Sec. 19a. 2022 Acts and Resolves No. 182, Sec. 40 is amended to read:**

1           (1) Vermont established the Residential Building Energy Standards  
2           (RBES) in 1997 and the Commercial Building Energy Standards (CBES) in  
3           2007. The Public Service Department is responsible for adopting and updating  
4           these codes regularly but does not have the capacity to administer or enforce  
5           them.

6           (2) The RBES and CBES are mandatory, but while municipalities with  
7           building departments handle some aspects of review and inspection, there is no  
8           State agency or office designated to interpret, administer, and enforce them.

9           (3) The Division of Fire Safety in the Department of Public Safety is  
10          responsible for development, administration, and enforcement of building  
11          codes but does not currently have expertise or capacity to add administration or  
12          enforcement of energy codes in buildings.

13          (4) Studies in recent years show compliance with the RBES at about 54  
14          percent and CBES at about 87 percent, with both rates declining. Both codes  
15          are scheduled to become more stringent with the goal of “net-zero ready” by  
16          2030.

17          (5) In December 2022, the U.S. Department of Energy issued the  
18          Bipartisan Infrastructure Law: Resilient and Efficient Codes Implementation  
19          Funding Opportunity Announcement. The first \$45 million of a five-year \$225  
20          million program is available in 2023. Vermont’s increased code compliance  
21          plans should include contingencies for this potential funding.

1       Sec. 23. ENERGY CODE COMPLIANCE; STUDY COMMITTEE

2           (a) Creation. There is created the Building Energy Code Study Committee  
3       to recommend strategies for increasing compliance with the Residential  
4       Building Energy Standards (RBES) and Commercial Building Energy  
5       Standards (CBES).

6           (b) Membership. The Committee shall have 15 members with applicable  
7       expertise, to include program design and implementation, building code  
8       administration and enforcement, and Vermont’s construction industry. The

1           (9) a representative of the Vermont League of Cities and Towns; and

2           (10) a representative from a regional planning commission.

3           (c) Powers and duties. The Committee shall:

4           (1) consider and recommend strategies to increase awareness of and  
5           compliance with the RBES and CBES, including the potential designation of  
6           the Division of Fire Safety (DFS) in the Department of Public Safety as the  
7           statewide authority having jurisdiction for administration, interpretation, and  
8           enforcement, in conjunction with DFS' existing jurisdiction, over building  
9           codes;

10           (2) evaluate current cost-effectiveness analyses for the RBES and the  
11           CBES, whether they include or should include nonenergy benefits such as  
12           public health benefits and the cost of carbon, and how that impacts the  
13           affordability of housing projects and provide recommendations; and

14           (3) assess how the building energy codes interact with the fire and  
15           building safety codes.

16           (d) Assistance. The Committee shall have the administrative, technical,  
17           and legal assistance of the Department of Public Service. The Department

9           (3) A majority of the membership shall constitute a quorum.

10          (4) The final meeting shall be held on or before October 31, 2023. The  
11       Committee shall cease to exist on December 1, 2023.

12       (g) Compensation and reimbursement.

14       Assembly, a legislative member of the Committee serving in the legislator's  
15       capacity as a legislator shall be entitled to per diem compensation and

17       meetings.

18           (2) Other members of the Committee who are not otherwise  
19       compensated by their employer shall be entitled to per diem compensation and  
20       reimbursement of expenses as permitted under 32 V.S.A. § 1010 for not more  
21       than six meetings.

1           (3) The payments under this subsection (g) shall be made from monies  
2           appropriated by the General Assembly or any grant funding received.
