**Subject:** Yes on H.463

**Please vote Yes on H.463!** I want the committee to vote YES on an ADA staff position because the legislative buildings should be accessible. I'm a person with disabilities and have worked many decades in higher education and nonprofits to advance inclusion and equity. It is both personally and professionally important to me that our state -- that does so much toward inclusion -- makes this change in its own house, so to speak.

Thank you!

SJ Muratori, Brattleboro
