Subject: Proposition 3

Hello, my name is Greg Gove and I am the Business Manager of Vermont's plumbing, pipefitting, welding, and HVAC union. I represent 15 construction companies and over 300 workers. We would like to voice our support for proposal 3 and we ask that this be passed into law. Thank you very much for your consideration and thanks to all of the state's politicians for working on this in a bipartisan manner. Have a great day.
