Subject: Re: Updated eBike language

Here is some possible language, as discussed with Rep. Shaw:

(3) only eBikes with a Base Manufacturer's Suggested Retail Price (MSRP) between \$800.00 and \$4,000.00, electric cargo bikes with a Base Manufacturer's Suggested Retail Price less than \$5,000.00, and adaptive electric bikes or trikes with any Base Manufacturer's Suggested Retail Price shall be eligible for an incentive.
