4 (B) The beginning date for the period of total abstinence shall be not
5 earlier than the effective date of the suspension or revocation from which the

16 Commissioner is satisfied by a preponderance of the evidence that the
17 applicant has ~~abstained for the required number of years~~ maintained total

19 successfully completed a therapy program as required under this section, and
20 has operated under a valid ignition interlock RDL or under an ignition

2 ~~he or she cannot drink any amount of alcohol at all and cannot consume~~
3 ~~nonprescription regulated drugs under any circumstances~~ the applicant must
4 maintain total abstinence at all times while participating in the Total

6 shall be reinstated immediately, subject to the condition that the ~~person's~~
7 applicant's suspension or revocation will be put back in effect in the event any
8 further investigation reveals a ~~return to the consumption of alcohol or drugs~~
9 failure to maintain total abstinence and to ~~such~~ any additional conditions as the
10 Commissioner may impose to advance the public interest in public safety. The
11 requirement to operate under an ignition interlock RDL or ignition interlock
12 certificate shall not apply if the ~~person~~ applicant is exempt under subdivision
13 (a)(4) of this section.

14 ~~(3)(4)~~ If after notice and an opportunity for a hearing the Commissioner
15 later finds that the ~~person~~ individual was violating the conditions of the
16 ~~person's~~ individual's reinstatement under this subsection, the ~~person's~~
17 individual's operating license or privilege to operate shall be immediately
18 suspended or revoked for life.

19 ~~(4)(5)~~ If the Commissioner finds that a ~~person~~ an individual reinstated
20 under this subsection is suspended pursuant to section 1205 of this title or is
21 convicted of a violation of section 1201 of this title subsequent to

3 ~~(5)(6)~~ ~~A person~~ An individual shall be eligible for reinstatement under
4 this subsection only once following a suspension or revocation for life.

5 ~~(6)(7)~~(A) If an applicant for reinstatement under this subsection (b)
6 resides in a jurisdiction other than Vermont, the Commissioner may elect not
7 to conduct an investigation. If the Commissioner elects not to conduct an
8 investigation, ~~he or she~~ the Commissioner shall provide a letter to the
9 applicant's jurisdiction of residence stating that Vermont does not object to the
10 jurisdiction issuing the applicant a license if the applicant is required to operate
11 only vehicles equipped with an ignition interlock device for at least a three-
12 year period, unless exempt under subdivision (a)(4) of this section, and is
13 required to complete any alcohol rehabilitation or treatment requirements of
14 the licensing jurisdiction.

15 (B) If the applicant's jurisdiction of residence is prepared to issue or
16 has issued a license in accordance with subdivision (A) of this subdivision (6)
17 and the applicant satisfies the requirements of section 675 of this title, the
18 Commissioner shall update relevant State and federal databases to reflect that
19 the applicant's lifetime suspension or revocation in Vermont under chapter 13,
20 subchapter 13 of this title has terminated.

1 (c) Screening and therapy programs. In the case of a second or subsequent
2 suspension, the Commissioner shall notify the ~~person that he or she is required~~
3 individual of the requirement to enroll in the alcohol and driving education
4 screening and therapy program provided for in this section within 30 days of
5 after license suspension. If the ~~person~~ individual fails to enroll or fails to
6 remain so enrolled until completion, the Drinking Driver Rehabilitation
7 Program shall report such failure to the sentencing court. The court may order
8 the ~~person~~ individual to appear and show cause why ~~he or she~~ the individual
9 failed to comply.

10 (d) Judicial review. ~~A person~~ An individual aggrieved by a decision of a

14 * * * Implementation of DMV Modernization Project; Driver Services * * *

15 Sec. 41. IMPLEMENTATION OF DEPARTMENT OF MOTOR VEHICLES

16 MODERNIZATION PROJECT; GENERAL ASSEMBLY

17 OVERSIGHT

18 (a) Findings. The General Assembly finds that:

19 (1) The Department of Motor Vehicles provides services to almost all
20 Vermonters, including, in fiscal year 2022, engaging in more than a million
21 transactions, with almost half of all transactions being conducted online.

1 (2) The Department is in the middle of the DMV Core System
2 Modernization project, with an estimated launch date for the vehicle services
3 module in November 2023 and with the driver services module expected to
4 launch approximately 18 months after it commences in February 2024.

5 (3) As part of its design and implementation of the vehicle services
6 module, the Department has discovered that one of the barriers to modernizing
7 Department operations is certain outdated statutes. In order to best modernize
8 and optimize Department processes for the future during the months-long
9 module design and development process, the Commissioner of Motor Vehicles
10 has had to make business decisions that conflict with current statutes while the
11 General Assembly was adjourned, prior to an opportunity to seek amendments
12 to those statutes through the legislative process.

13 (4) The driver services module of the DMV Core System Modernization
14 project will design and implement processes to issue and maintain driver's
15 licenses and other credentials; support fraud detection and investigation;
16 administer hearings; and administer, manage, and report driver restrictions,
17 convictions, and other information related to driver improvement.

18 (5) Driver services processes are regulated by statute in 23 V.S.A.
19 chapters 1, 3, 5, 9, 11, 24, 25, and 39, as well as more than 15 rules adopted
20 pursuant to authority under Title 23.

21 (6) It is anticipated that in designing and implementing the driver

1 services module, the Commissioner will need to make additional business
2 decisions that conflict with current statutes in order to modernize and optimize
3 Department processes to best serve Vermonters.

4 (7) Of the modernization projects in which the State is currently
5 engaged, the DMV Core System Modernization Project will likely have the
6 most significant impact on existing statutory language, but it is anticipated that
7 other modernization projects, such as the one that the Department of Labor will
8 undertake related to unemployment insurance, will raise similar tensions
9 between promoting efficiencies as part of modernization and contending with
10 outdated statutory provisions.

11 (8) A collaborative partnership between the Department and the General
12 Assembly throughout the driver services module, monitored during legislative
13 adjournment by the Joint Transportation Oversight Committee, the Joint Fiscal
14 Committee, and members of the House and Senate Committees on
15 Transportation, provides the best opportunity to save money, promote
16 transparency, streamline the process of amending statute to optimize potential
17 efficiencies for Vermonters, and serve as a model for collaboration between
18 branches of State government in future modernization projects.

19 (b) Reports.

20 (1) The Commissioner of Motor Vehicles shall file three written reports
21 on the design and implementation of the driver services module of the DMV

1 Core System Modernization project with the Joint Transportation Oversight
2 Committee, the Joint Fiscal Committee, and the House and Senate Committees
3 on Transportation. The first shall be due on or before July 31, 2024, the
4 second shall be due on or before October 15, 2024, and the third shall be due
5 on or before January 15, 2025.

6 (2) To the extent practicable, at the time each written report is filed, the
7 Department shall include recommendations on which provisions of statute and
8 rule the Department anticipates will need to be amended or repealed in order to
9 best modernize and optimize Department processes related to the provision of
10 driver services.

11 (c) General Assembly oversight. To the extent practicable, the Joint
12 Transportation Oversight Committee, the Joint Fiscal Committee, and the
13 House and Senate Committees on Transportation shall promptly express any
14 concerns to the Department regarding any Department recommendations
15 contained in any written report filed pursuant to subsection (b) of this section

9 (3) costs to train law enforcement officers on noise testing;

12 vehicle’s exhaust system, whether as part of enforcement of the State motor
13 vehicle inspection, and labeling on one or more components of a motor
14 vehicle’s exhaust system; and

15 (5) approaches to minimize excessive motor vehicle noise that have
16 been taken in other states, including increased enforcement by law
17 enforcement coupled with an objective noise standard defense.

18 (c) On or before January 1, 2025, the Commissioner of Motor Vehicles
19 shall submit a written report to the House and Senate Committees on Judiciary
20 and on Transportation with the Commissioner’s findings and any
