Subject: Final Report on Secondary Enforcement of Minor Traffic Offenses Pursuant to Act 106 of 2022

The above-referenced final report is due to the General Assembly on October 1, 2023. On behalf of the "H.635 Working Group" I am requesting an extension of the filing date to January 15, 2024. Over the past month our organizations have been directly involved with the recovery efforts resulting from the flooding events. In addition, our working group's participation, and guidance in making recommendations under this report has been invaluable. The working group has recommended we conduct Community Engagement Sessions, we agree. We anticipate hosting five sessions in different areas of our State, starting in mid-September. This extension request will allow us time to incorporate the community feedback into our final recommendations.
