2 Introduced by Committee on Ways and Means

3 Date:

4 Subject: Taxation; property tax; reappraisals; reports

5 Statement of purpose of bill as introduced: This bill proposes to remove  
6 municipalities from the property reappraisal process and require instead that  
7 the Division of Property Valuation and Review within the Department of  
8 Taxes conduct full and statistical reappraisals for all municipalities in the State.  
9 This bill also proposes to require a written plan and progress report from the  
10 Department of Taxes to the General Assembly on the implementation of the  
11 new statewide system of full and statistical reappraisals. Additionally, this bill  
12 requires the Department of Taxes to report to the General Assembly  
13 recommending new categories of property for the grand list. This bill also  
14 makes miscellaneous changes to lister and assessor education laws.

15 An act relating to property valuation and reappraisals

16 It is hereby enacted by the General Assembly of the State of Vermont:

17 \* \* \* Findings \* \* \*

18 Sec. 1. FINDINGS

19 The General Assembly finds that:

1           (1) In Vermont, according to the Vermont Department of Taxes,  
2           Division of Property Valuation and Review, as of January 1, 2023, when not  
3           accounting for the municipalities undergoing a reappraisal, the most recent  
4           year of reappraisal for municipalities was on average 2014. The grand lists of  
5           50 percent of municipalities were reappraised in 2014 or prior. 107  
6           municipalities have not performed a reappraisal in more than 10 years. For  
7           comparison, technical standard 4.8 of the International Association of  
8           Assessing Officers (IAAO) recommends conducting reappraisals every four to  
9           six years. According to the Property Valuation and Review 2023 Annual  
10           Report, in 2021, Property Valuation and Review issued reappraisal orders  
11           pursuant to 32 V.S.A. § 4041a(b) to 42 municipalities. Of the 42  
12           municipalities, 36 were ordered to reappraise for the first time and six had  
13           received an order in the prior year and had not yet completed a reappraisal.

14           (2) In the U.S., property owners of color are statistically more likely to  
15           have their properties overvalued during appraisals conducted for taxation  
16           purposes, according to numerous studies and reports, including Perry, et. al,  
17           “The Devaluation of Assets in Black Neighborhoods in the U.S.” (November  
18           2018) Brookings Institute; Perry, Christopher, “Reassessing the Property Tax”  
19           University of Chicago, Harris School of Public Policy (March 1, 2021); Yun,  
20           et. al, “Snapshot of Race and Home Buying in America” (February 2022),  
21           National Association of REALTORS; and Federal Home Loan Mortgage

1 Corporation (Freddie Mac), “Racial and Ethnic Valuation Gaps in Home  
2 Purchase Appraisals” (September 20, 2021). A University of Chicago, Harris  
3 School of Public Policy study found that, based on data from 2,600 U.S.  
4 counties, on average, more than 90 percent of counties appraised the least  
5 expensive homes higher, relative to the market price, than the most expensive.  
6 In 24 percent of counties, the lowest-valued homes were appraised more than  
7 twice as high in relative terms as the most expensive homes.

8 (3) Simultaneously, property owners of color in the U.S. are statistically  
9 more likely to have their properties undervalued during appraisals conducted  
10 for resale or financing purposes. Despite federal prohibitions on racial  
11 discrimination in the finance and housing industries, notably in the Fair  
12 Housing Act, 42 U.S.C. chapter 45, Black property owners seeking to sell their  
13 properties are routinely advised to “whitewash” their homes when seeking  
14 appraisals to remove evidence that the property is owned by an owner of color  
15 in an effort to avoid or reduce racial discrimination in the appraisal process, as  
16 detailed in news articles and recent lawsuits, including the Austin v. Miller and  
17 Perotti complaint filed in the U.S. District Court of Northern California (Case  
18 3:21-cv-09319-JCS); Kamin, Debra, “Black Homeowners Face Discrimination  
19 in Appraisals” (August 25, 2020), New York Times; and CST Editorial Board,  
20 “Race-based appraisals threaten American Dream for Black and Brown home  
21 sellers” (December 10, 2021), Chicago Sun Times. Rates of property

1 overvaluation or undervaluation for property owners of color is consistent  
2 regardless of the socioeconomic status of the property owner. Furthermore, the  
3 steepest and most disparate rates of property overvaluation and undervaluation  
4 are observed for properties owned by Black owners.

9           obtain detailed, accurate, and consistent data on all properties throughout the  
10           State. The plan shall include discrete categories for different types of rental  
11           housing properties, including affordable housing.

12           (B) Creation of a certification or other designation process for  
13           categorizing property in a detailed, accurate, and consistent way that takes into  
14           consideration the compliance and administrative burdens placed on both  
15           property owners and municipal and State administrators. The plan shall  
16           provide clear and actionable guidance on the new property categories and the
