

STATE OF VERMONT
LEGISLATIVE JOINT FISCAL OFFICE

TO: Representative Emilie Kornheiser
CC: Representative Lori Houghton
FROM: Nolan Langweil, JFO
DATE: Updated 2/16/23
RE: Fiscal Impact of pending Interstate Compact legislation

The purpose of this memo is to summarize the fiscal impacts of three pending House bills regarding interstate compacts. They are:

- H.62 – An act relating to the Interstate Counseling Compact
- H.77 – An act relating to Vermont’s adoption of the Physical Therapy Licensure Compact
- H.86 – An act relating to Vermont’s adoption of the Audiology and Speech-Language Pathology Interstate Compact.

Each of these bills would result in reduced revenues from the loss of license and application fees from out-of-state applicants from compact states totaling an estimated \$104,800 during the first years of the compacts. To the extent more states sign onto these compacts, potential revenue losses would increase.

Bill #	Profession	Est. Out-of-state Applicants # ¹	Current Fee (When paid)	Est. Revenue Loss ²		Est. Revenue w/ \$50 fee
				FY 2024	FY 2025	
H.62	Mental Health Counselors	254	\$200 (Odd Years)		\$54,800	\$12,700
H.77	Physical Therapists & Physical Therapist Assistants	212	\$150 (Even Years)	\$32,800		\$10,600
H.86	Audiologists and Speech-Language Pathologists	70	\$240 (Even Years)	\$17,200		\$3,500
536				\$50,000	\$54,800	\$26,800

Est. FY 24 & 25 Impact = \$104,800

¹ Based on the current number of Vermont licensees from States that have signed onto compact

² Licenses are renewed on 2-year cycles.

The fee to purchase Compact privileges varies state to state. Applicants will pay a compact commission fee and an optional state fee charged for each state compact privilege. No state privilege fees have been set under the counseling or audiology/SLP compacts yet since they are still being set up. Under the PT Compact, privilege fees range from \$0 (Arizona and South Carolina) to \$150 (Mississippi) with the median and mode being \$50. Should Vermont institute a \$50 privilege fee, revenue losses would be offset by \$26,800.

Finally, there will be additional staff and/or IT resources needed to accommodate this change. While current state applications are done online, OPR will need to process compact applications manually, requiring significantly more staff time. OPR's license platform could automate compact applications by building a compact-specific portal, but that would require additional financial resources.
