

To the Judicial Retention Committee:

I'm a Vermont attorney with 11 years of practice. Since Judge Jiron was appointed to the bench in early 2022 and began presiding here in Caledonia-Essex, I have appeared before him almost every week, sometimes multiple times a week. Judge Jiron is professional. He is smart and thoughtful. He is even-tempered, and extraordinarily compassionate and diplomatic. He is consistently well-prepared and knows the law inside and out. He treats litigants, attorneys, and court clerks with the utmost respect and fosters a positive, collegial atmosphere in his courtroom. Over the course of 2022, with the challenging backlog of cases on our family and criminal dockets, he has navigated pandemic-related concerns with sensitivity, flexibility, and consistency. I consider us incredibly fortunate to have him presiding here in the NEK.

Laura Wilson, Esq.
