Sec. 2 would appropriate \$1,100,000 in fiscal year 2025 from Opioid Abatement Special Fund to the Department of Health (VDH) for the purpose of awarding a grant to the City of Burlington for establishing an overdose prevention center upon submission of a grant proposal that has been approved by the Burlington City Council.

Sections 3 and 4 – Study and Appropriation

Sec. 3 would require that VDH contract with a researcher or independent consulting entity with expertise in the field of rural addiction or overdose prevention centers, or both, to study the impact of the overdose prevention center pilot program authorized in Sec. 2. The study shall evaluate the current impacts of the overdose crisis in Vermont, as well as any changes up to four years following the implementation of the overdose prevention center pilot programs. In addition to interim annual reports, VDH would submit a final report with the results of the study and recommendations to the General Assembly on or before January 15, 2029.

Sec. 4 would appropriate \$300,000 to VDH from the Opioid Abatement Special Fund for the purpose of funding the study required by Sec. 2.
