

To whom it may concern,  
I'm writing in support of the allocation of \$10,820,000 for the implementation of the pilot planning grant housing begun by Act 186. My niece Emily is an adult with a developmental disability, and I support developing a pipeline for funding the annual development of stable, service-supported housing for adults with developmental disabilities like Emily.  
Thank you for your consideration!

Sincerely,

Chris Tormey
