

I support annual funding of stable, service-supported housing for adults with developmental disabilities. I support \$10.82 million for the implementation of the pilot planning grant housing projects begun by Act 186.

I also support developing a pipeline for funding the annual development of stable, service-supported housing for adults with developmental disabilities. The VTDDC 2023 Housing Brief commissioned by Act 186 found that there is an immediate need for 602 units.

Sincerely,
Jeanne Eicks
Brookfield, VT
