

As someone working in the school system to prevent our middle, high school and even our elementary students from vaping, the banning of flavors which target kids, will go a long way to accomplishing this.

The passage of S.18 will result in decreasing the number of kids who start vaping and reduce the growing numbers of kids already addicted who are seeking treatment.

This [3 minute video created by our students](https://www.youtube.com/watch?app=desktop&v=QMBXjPesE2w) shares their experience and needs.

Thank you,
Livy Bulger
