

Massachusetts

“Rapid-fire trigger activator”, any: (i) manual, power-driven or electronic device that is designed and functions to increase the rate of fire of a semiautomatic firearm, rifle or shotgun when the device is attached to the weapon; (ii) part of a semiautomatic firearm, rifle shotgun or combination of parts that is designed and functions to increase the rate of fire of a semiautomatic firearm, rifle or shotgun by eliminating the need for the operator of the weapon to make a separate movement for each individual function of the trigger; or (iii) other device, part or combination of parts that is designed and functions to substantially increase the rate of fire of a semiautomatic firearm, rifle or shotgun above the standard rate of fire for semiautomatic weapons that are not equipped with that device, part or combination of parts.

Illinois

"A person shall not manufacture, possess, sell, or offer to sell, purchase, manufacture, import, transfer, or use any device, part, kit, tool, accessory or combination of parts that is designed to and functions to increase the rate of fire of a semiautomatic firearm above the standard rate of fire for semiautomatic firearms that is not equipped with that device, part, or combination of parts."

Texas

A device designed and intended to make a handgun capable of automatically shooting more than one shot, without manual reloading, by a single function of the trigger.
