17 Sec. 11a. ACT 250 APPEALS STUDY

18 (a) On or before January 15, 2026, the Land Use Review Board shall issue
19 a report evaluating whether to transfer appeals of permit decisions and
20 jurisdictional opinions issued pursuant to 10 V.S.A. chapter 151 to the Land

1 Division of the Superior Court. The Board shall convene a stakeholder group
2 that at a minimum shall be composed of a representative of environmental
3 interests, attorneys that practice environmental and development law in
4 Vermont, the Vermont League of Cities and Towns, the Vermont Association
5 of Planning and Development Agencies, the Vermont Chamber of Commerce,
6 the Land Access and Opportunity Board, the Office of Racial Equity, the
7 Vermont Association of Realtors, a representative of non-profit housing
8 development interests, a representative of for-profit housing development
9 interests, a representative of commercial development interests, an engineer
10 with experience in development, the Agency of Commerce and Community
11 Development, and the Agency of Natural Resources in preparing the report.
12 The Board shall provide notice of the stakeholder meetings on its website and
13 each meeting shall provide time for public comment.

14 (b) The report shall at minimum recommend:

15 (1) whether to allow consolidation of appeals at the Board, or with the
16 Environmental Division of the Superior Court, and how, if transferred to the
17 Board, appeals of permit decisions issued under 24 V.S.A. chapter 117 and the
18 Agency of Natural Resources can be consolidated with Act 250 appeals;

19 (2) how to prioritize and expedite the adjudication of appeals related to
20 housing projects, including the use of hearing officers to expedite appeals and
21 the setting of timelines for processing of housing appeals;

1 (48) “Forest block” means a contiguous area of forest in any stage of
2 succession and not currently developed for nonforest use. A forest block may
3 include features including recreational trails, wetlands, or other natural features
4 that do not themselves possess tree cover and improvements constructed for
5 farming, logging, or forestry purposes.

6 (49) “Habitat” means the physical and biological environment in which
7 a particular species of plant or wildlife lives.

8 Sec. 13. 10 V.S.A. § 6086(a)(8) is amended to read:

9 (8) Ecosystem protection; scenic beauty; historic sites.

10 (A) Scenic beauty, historic sites, and rare and irreplaceable natural
11 areas. Will not have an undue adverse effect on the scenic or natural beauty of
12 the area, aesthetics, historic sites, or rare and irreplaceable natural areas.

13 ~~(A)~~(B) Necessary wildlife habitat and endangered species. A permit
14 will not be granted if it is demonstrated by any party opposing the applicant
15 that a development or subdivision will destroy or significantly imperil
16 necessary wildlife habitat or any endangered species; ~~and~~:

17 (i) the economic, social, cultural, recreational, or other benefit to
18 the public from the development or subdivision will not outweigh the
19 economic, environmental, or recreational loss to the public from the
20 destruction or imperilment of the habitat or species; ~~or~~

1 (ii) all feasible and reasonable means of preventing or lessening
2 the destruction, diminution, or imperilment of the habitat or species have not
3 been or will not continue to be applied; or

4 (iii) a reasonably acceptable alternative site is owned or controlled
5 by the applicant which would allow the development or subdivision to fulfill
6 its intended purpose.

7 (C) Forest blocks and habitat connectors. A permit will not be
8 granted for a development or subdivision within or partially within a forest
9 block or habitat connector unless the applicant demonstrates that a project will
10 not result in an undue adverse impact on the forest block or habitat connector.
11 If a project as proposed would result in an undue adverse impact, a permit may
12 only be granted if effects are avoided, minimized, or mitigated as allowed in
13 accordance with rules adopted by the Board.

14 Sec. 14. CRITERION 8(C) RULEMAKING

15 (a) The Land Use Review Board (Board), in collaboration with the Agency
16 of Natural Resources, shall adopt rules to implement the requirements for the
17 administration of 10 V.S.A. § 6086(a)(8)(C). It is the intent of the General
18 Assembly that these rules discourage fragmentation of the forest blocks and
19 habitat connectors by encouraging clustering of development. Rules adopted
20 by the Board shall include:

1 (1) How forest blocks and habitat connectors are further defined,
2 including their size, location, and function, which may include:

3 (A) information that will be available to the public to determine
4 where forest blocks and habitat connectors are located; or

5 (B) advisory mapping resources, how they will be made available,
6 how they will be used, and how they will be updated.

7 (2) Standards establishing how impacts can be avoided or minimized,
8 including how fragmentation of forest blocks or habitat connectors is avoided
9 or minimized, which may include steps to promote proactive site design of
10 buildings, roadways and driveways, utility location, and location relative to
11 existing features such as roads, tree lines, and fence lines.

12 (3)(A) As used in this section, “fragmentation” generally means
13 dividing land that has naturally occurring vegetation and ecological processes
14 into smaller areas as a result of land uses that remove vegetation and create
15 physical barriers that limit species’ movement and interrupt ecological
16 processes between previously connected natural vegetation. However, the
17 rules shall further define “fragmentation” for purposes of avoiding,
18 minimizing, and mitigating undue adverse impacts on forest blocks and habitat
19 connectors. “Fragmentation” does not include the division or conversion of a
20 forest block or habitat connector by an unpaved recreational trail or by

1 improvements constructed for farming, logging, or forestry purposes below the
2 elevation of 2,500 feet.

3 (B) As used in this subsection (a), “recreational trail” has the same
4 meaning as “trails” in 10 V.S.A. § 442.

5 (4) Criteria to identify the circumstances when a forest block or habitat
6 connector is eligible for mitigation. As part of this, the criteria shall identify
7 the circumstances when the function, value, unique sensitivity, or location of
8 the forest block or habitat connector would not allow mitigation.

9 (5) Standards for how impacts to a forest block or habitat connector may
10 be mitigated. Standards may include:

11 (A) appropriate ratios for compensation;

12 (B) appropriate forms of compensation such as conservation
13 easements, fee interests in land, and other forms of compensation; and

14 (C) appropriate uses of on-site and off-site mitigation.

15 (b) The Board shall convene a working group of stakeholders to provide
16 input to the rule prior to pre-filing with the Interagency Committee on
17 Administrative Rules. The Board shall convene the working group on or
18 before July 1, 2025.

19 (c) The Board shall file a final proposed rule with the Secretary of State
20 and Legislative Committee on Administrative Rules on or before June 15,
21 2026.

1 Sec. 15. 10 V.S.A. § 127 is amended to read:

2 § 127. RESOURCE MAPPING

3 (a) ~~On or before January 15, 2013, the~~ The Secretary of Natural Resources
4 shall complete and maintain resource mapping based on the Geographic
5 Information System (GIS) or other technology. The mapping shall identify
6 natural resources throughout the State, including forest blocks and habitat
7 connectors, that may be relevant to the consideration of energy projects and
8 projects subject to chapter 151 of this title. The Center for Geographic
9 Information shall be available to provide assistance to the Secretary in carrying
10 out the ~~GIS-based~~ resource mapping.

11 (b) The Secretary ~~of Natural Resources~~ shall consider the ~~GIS-based~~
12 resource maps developed under subsection (a) of this section when providing
13 evidence and recommendations to the Public Utility Commission under
14 30 V.S.A. § 248(b)(5) and when commenting on or providing
15 recommendations under chapter 151 of this title to District Commissions on
16 other projects.

17 (c) The Secretary shall establish and maintain written procedures that
18 include a process and science-based criteria for updating resource maps
19 developed under subsection (a) of this section. Before establishing or revising
20 these procedures, the Secretary shall provide opportunities for affected parties
21 and the public to submit relevant information and recommendations.

5 the conversion of primary agricultural soils necessary to satisfy subdivision

11 (2) As used in this section, an “interested party” means any one of the
12 following:

13 (A) Any 20 persons by signed petition who own property or reside
14 within the region. The petition must designate one person to serve as the
15 representative of the petitioners regarding all matters related to the objection.
16 The designated representative shall have participated in the regional plan
17 adoption process.

18 (B) A party entitled to notice under subsection (d) of this section.

19 (3) Any objection under this section shall be limited to the question of
20 whether the regional plan is consistent with the regional plan elements and
21 future land use areas as described in section 4348a of this title. The

1 requirements of section 4352 of this title related to enhanced energy planning
2 shall be under the sole authority of the Department of Public Service and shall
3 not be reviewed by the Land Use Review Board.

4 (4) The Land Use Review Board shall hear any objections of regional
5 plan adoption concurrently with regional plan review under subsection (h) of
6 this section and 10 V.S.A. § 6033. The Land Use Review Board decision of
7 approval of a regional plan shall expressly evaluate any objections and state
8 the reasons for their decisions in writing. If applicable, the decision to uphold
9 an objection shall suggest modifications to the regional plan.

10 (j) Minor amendments to regional plan future land use map. A regional
11 planning commission may submit a request for a minor amendment to
12 boundaries of a future land use area for consideration by the Land Use Review
13 Board with a letter of support from the municipality. The request may only be
14 submitted after an affirmative vote of the municipal legislative body and the
15 regional planning commission board. The Land Use Review Board, after
16 consultation with the Community Investment Board and the regional planning
17 commissions, shall provide guidance about what constitutes a minor
18 amendment. Minor amendments may include any change to a future land use
19 area consisting of fewer than 10 acres. A minor amendment to a future land
20 use area shall not require an amendment to a regional plan and shall be

1 included in the next iteration of the regional plan. The Board may adopt rules
2 to implement this section.

3 (k) An affirmative determination of regional plan compliance issued
4 pursuant to this section shall remain in effect until the end of the period for
5 expiration or readoption of the plan to which it applies.

6 (l) Regional planning commissions shall be provided up to 18 months from
7 a negative determination by the Land Use Review Board to obtain an
8 affirmative determination of regional plan compliance. If a regional planning
9 commission is unable to obtain affirmative determination of regional plan
10 compliance, the plan shall be considered unapproved and member
11 municipalities shall lose any associated benefits related to designations, such as
12 Act 250 exemptions or eligibility for State infrastructure investments.

13 (m) Upon approval by the Land Use Review Board, the plan shall be
14 considered duly adopted, shall take effect, and is not appealable. The plan
15 shall be immediately submitted to the entities listed in subsection (d) of this
16 section.

17 (g)(n) Regional plans may be reviewed from time to time and may be
18 amended in the light of new developments and changed conditions affecting
19 the region.

1 ~~(h)~~(o) In proceedings under 10 V.S.A. chapter 151, 10 V.S.A. chapter 159,
2 and 30 V.S.A. § 248, in which the provisions of a regional plan or a municipal
3 plan are relevant to the determination of any issue in those proceedings:

4 (1) the provisions of the regional plan shall be given effect to the extent
5 that they are not in conflict with the provisions of a duly adopted municipal
6 plan; and

7 (2) to the extent that such a conflict exists, the regional plan shall be
8 given effect if it is demonstrated that the project under consideration in the
9 proceedings would have a substantial regional impact as determined by the
10 definition in the regional plan.

11 (p) Regional planning commissions shall adopt a regional plan in
12 conformance with this title on or before December 31, 2026.

13 Sec. 49. 24 V.S.A. § 4348a is amended to read:

14 §4348a. ELEMENTS OF A REGIONAL PLAN

16 4302 of this title and shall include the following:

18 and development of land and of public services and facilities, and to protect the
19 environment.

20 (2) A ~~land-use~~ natural resources and working lands element, which shall
21 consist of a map or maps and ~~statement of present and prospective land uses~~

9 areas reserved for flood plain, forest blocks, habitat connectors, recreation
10 areas and recreational trails, and areas identified by the State, regional planning

5 development activities in relation to the provision of necessary community
6 facilities and services.

9 development rights, acquisition of development rights, or farmer assistance
10 programs.

11 ~~(F)~~(C) Indicates those areas that are important as forest blocks and
12 habitat connectors and plans for land development in those areas to minimize

15 management of those areas for wildlife habitat, water quality, timber
16 production, recreation, or other values or functions identified by the regional
17 planning commission.

18 (D) Encourages preservation of rare and irreplaceable natural areas,
19 scenic and historic features and resources.

7 siting of renewable energy resources; a statement of policy on patterns and
8 densities of land use likely to result in conservation of energy; and an

10 energy resources and areas that are unsuitable for siting those resources or
11 particular categories or sizes of those resources.

12 (4) A transportation element, ~~which may consist~~ consisting of a
13 statement of present and prospective transportation and circulation facilities,
14 and a map showing existing and proposed highways, including limited access
15 highways, and streets by type and character of improvement, and where
16 pertinent, anticipated points of congestion, parking facilities, transit routes,
17 terminals, bicycle paths and trails, scenic roads, airports, railroads and port
18 facilities, and other similar facilities or uses, and recommendations to meet
19 future needs for such facilities, with indications of priorities of need, costs, and
20 method of financing.

1 area boundaries for the land uses in subdivisions (A)–(J) of this subdivision
2 (12) as appropriate and any other special land use category the regional
3 planning commission deems necessary; descriptions of intended future land
4 uses; and policies intended to support the implementation of the future land use
5 element using the following land use categories:

6 (A) Downtown or village centers. These areas are the mixed-use
7 centers bringing together community economic activity and civic assets. They
8 include downtowns, villages, and new town centers previously designated
9 under chapter 76A and downtowns and village centers seeking benefits under
10 the Community Investment Program under section 5804 of this title. The
11 downtown or village centers are the traditional and historic central business
12 and civic centers within planned growth areas, village areas, or may stand
13 alone. Village centers are not required to have public water, wastewater,
14 zoning, or subdivision bylaws.

15 (B) Planned growth areas. These areas include the high-density
16 existing settlement and future growth areas with high concentrations of
17 population, housing, and employment in each region and town, as appropriate.
18 They include a mix of historic and nonhistoric commercial, residential, and
19 civic or cultural sites with active streetscapes, supported by land development
20 regulations; public water or wastewater, or both; and multimodal transportation
21 systems. These areas include new town centers, downtowns, village centers,

1 growth centers, and neighborhood development areas previously designated
2 under chapter 76A of this title. These areas should generally meet the smart
3 growth principles definition in chapter 139 of this title and the following
4 criteria:

5 (i) The municipality has a duly adopted and approved plan and a
6 planning process that is confirmed in accordance with section 4350 of this title
7 and has adopted bylaws and regulations in accordance with sections 4414,
8 4418, and 4442 of this title.

9 (ii) This area is served by public water or wastewater
10 infrastructure.

11 (iii) The area is generally within walking distance from the
12 municipality's or an adjacent municipality's downtown, village center, new
13 town center, or growth center.

14 (iv) The area excludes identified flood hazard and river corridor
15 areas, except those areas containing preexisting development in areas suitable
16 for infill development as defined in section 29-201 of the Vermont Flood
17 Hazard Area and River Corridor Rule.

18 (v) The municipal plan indicates that this area is intended for
19 higher-density residential and mixed-use development.

20 (vi) The area provides for housing that meets the needs of a
21 diversity of social and income groups in the community.

1 (vii) The area is served by planned or existing transportation
2 infrastructure that conforms with “complete streets” principles as described
3 under 19 V.S.A. chapter 24 and establishes pedestrian access directly to the
4 downtown, village center, or new town center. Planned transportation
5 infrastructure includes those investments included in the municipality’s capital
6 improvement program pursuant to section 4430 of this title.

7 (C) Village areas. These areas include the traditional settlement area
8 or a proposed new settlement area, typically composed of a cohesive mix of
9 residential, civic, religious, commercial, and mixed-use buildings, arranged
10 along a main street and intersecting streets that are within walking distance for
11 residents who live within and surrounding the core. These areas include
12 existing village center designations and similar areas statewide, but this area is
13 larger than the village center designation. Village areas shall meet the
14 following criteria:

15 (i) The municipality has a duly adopted and approved plan and a
16 planning process that is confirmed in accordance with section 4350 of this title.

17 (ii) The municipality has adopted bylaws and regulations in
18 accordance with sections 4414, 4418, and 4442 of this title.

19 (iii) Unless the municipality has adopted flood hazard and river
20 corridor bylaws, applicable to the entire municipality, that are consistent with
21 the standards established pursuant to 10 V.S.A. § 755b (flood hazard) and

1 10 V.S.A. § 1428(b) (river corridor), the area excludes identified flood hazard
2 and river corridors, except those areas containing preexisting development in
3 areas suitable for infill development as defined in 29-201 of the Vermont
4 Flood Hazard Area and River Corridor Rule.

5 (iv) The municipality has either municipal water or wastewater. If
6 no public wastewater is available, the area must have soils that are adequate for
7 wastewater disposal.

8 (v) The area has some opportunity for infill development or new
9 development areas where the village can grow and be flood resilient.

10 (D) Transition or infill area. These areas include areas of existing or
11 planned commercial, office, mixed-use development, or residential uses either
12 adjacent to a planned growth or village area or a new stand-alone transition or
13 infill area and served by, or planned for, public water or wastewater, or both.
14 The intent of this land use category is to transform these areas into higher-
15 density, mixed-use settlements, or residential neighborhoods through infill and
16 redevelopment or new development. New commercial linear strip
17 development is not allowed as to prevent it negatively impacting the economic
18 vitality of commercial areas in the adjacent or nearby planned growth or
19 village area. This area could also include adjacent greenfields safer from
20 flooding and planned for future growth.

1 (E) Resource-based recreation areas. These areas include large-scale
2 resource-based recreational facilities, often concentrated around ski resorts,
3 lakeshores, or concentrated trail networks, that may provide infrastructure,
4 jobs, or housing to support recreational activities.

5 (F) Enterprise areas. These areas include locations of high economic
6 activity and employment that are not adjacent to planned growth areas. These
7 include industrial parks, areas of natural resource extraction, or other
8 commercial uses that involve larger land areas. Enterprise areas typically have
9 ready access to water supply, sewage disposal, electricity, and freight
10 transportation networks.

11 (G) Hamlets. Small historic clusters of homes and may include a
12 school, place of worship, store, or other public buildings not planned for
13 significant growth; no public water supply or wastewater systems; and mostly
14 focused along one or two roads. These may be depicted as points on the future
15 land use map.

16 (H) Rural; general. These areas include areas that promote the
17 preservation of Vermont’s traditional working landscape and natural area
18 features. They allow for low-density residential and some limited commercial
19 development that is compatible with productive lands and natural areas. This
20 may also include an area that a municipality is planning to make more rural
21 than it is currently.

1 (I) Rural; agricultural and forestry. These areas include blocks of
2 forest or farmland that sustain resource industries, provide critical wildlife
3 habitat and movement, outdoor recreation, flood storage, aquifer recharge, and
4 scenic beauty, and contribute to economic well-being and quality of life.
5 Development in these areas should be carefully managed to promote the
6 working landscape and rural economy, and address regional goals, while
7 protecting the agricultural and forest resource value.

8 (J) Rural; conservation. These are areas of significant natural
9 resources, identified by regional planning commissions or municipalities based
10 upon existing Agency of Natural Resources mapping that require special
11 consideration for aquifer protection; for wetland protection; for the
12 maintenance of forest blocks, wildlife habitat, and habitat connectors; or for
13 other conservation purposes. The mapping of these areas and accompanying
14 policies are intended to help meet requirements of 10 V.S.A. chapter 89. Any
15 portion of this area that is approved by the LURB as having Tier 3 area status
16 shall be identified on the future land use map as an overlay upon approval.

17 (b) The various elements and statements shall be correlated with the land
18 use element and with each other. The maps called for by this section may be
19 incorporated on one or more maps; and may be referred to in each separate
20 statement called for by this section.

1 (c) The regional plan future land use map shall delineate areas within the
2 regional planning commission’s member municipalities that are eligible to
3 receive designation benefits as centers and neighborhoods when the future land
4 use map is approved by the Land Use Review Board per 10 V.S.A. § 6033.
5 The areas eligible for designation as centers shall be identified on the regional
6 plan future land use map as regional downtown centers and village centers.
7 The areas eligible for designation as neighborhoods shall be identified on the
8 regional plan future land use map as planned growth areas and village areas in
9 a manner consistent with this section and chapter 139 of this title. This
10 methodology shall include all approved designated downtowns, villages, new
11 town centers, neighborhood development areas, and growth centers existing on
12 December 31, 2025, unless the subject member municipality requests
13 otherwise.

14 (d) With the exception of preexisting, nonconforming designations
15 approved prior to the establishment of the program, the areas eligible for
16 designation benefits upon the Land Use Review Board’s approval of the
17 regional plan future land use map for designation as a center shall not include
18 development that is disconnected from a downtown or village center and that
19 lacks an existing or planned pedestrian connection to the center via a complete
20 street.

1 (e) The Vermont Association of Planning and Development Agencies shall
2 develop, maintain, and update standard methodology and process for the
3 mapping of areas eligible for Tier 1B status under 10 V.S.A. § 6033 and
4 designation under chapter 139 of this title. The methodology shall be issued
5 on or before December 31, 2024, in consultation with the Department of
6 Housing and Community Development and Land Use Review Board.

7 Sec. 50. REGIONAL PLANNING COMMISSION STUDY

8 (a) The Vermont Association of Planning and Development Agencies
9 (VAPDA) shall hire an independent contractor to study the strategic
10 opportunities for regional planning commissions to better serve municipalities
11 and the State. This study shall seek to ensure that the regional planning
12 commissions are statutorily enabled and strategically positioned to meet
13 ongoing and emerging State and municipal needs and shall review the
14 following: governance, funding, programs, service delivery, equity,
15 accountability, and staffing.

16 (b) A stakeholder group composed of the Vermont League of Cities and
17 Towns, Vermont Council on Rural Development, the Department of Housing
18 and Community Development, the Agency of Administration, the Office of
19 Racial Equity, legislators, and others will be invited to participate in the study
20 to provide their insights into governance structure, accountability, and
21 performance standards.

1 dwelling, including no additional land or lot area than would be required for a
2 single-unit dwelling. In any district that is served by municipal sewer and
3 water infrastructure that allows residential development, multiunit dwellings
4 with four or fewer units shall be a permitted use on the same size lot as single-
5 unit dwelling, unless that district specifically requires multiunit structures to
6 have more than four dwelling units.

7 * * *

8 (12) In any area served by municipal sewer and water infrastructure that
9 allows residential development, bylaws shall establish lot and building
10 dimensional standards that allow five or more dwelling units per acre for each
11 allowed residential use, ~~and density.~~ Any lot that is smaller than one acre but
12 granted a variance of not more than 10 percent shall be treated as one acre for
13 the purposes of this subsection. Density and minimum lot size standards for
14 multiunit dwellings shall not be more restrictive than those required for single-
15 family dwellings.

16 (13) In any area served by municipal sewer and water infrastructure that
17 allows residential development, bylaws shall permit any affordable housing
18 development, as defined in subdivision 4303(2) of this title, including mixed-
19 use development, to exceed density limitations for residential developments by
20 an additional 40 percent, rounded up to the nearest whole unit, which shall

1 include exceeding maximum height limitations by one floor, provided that the
2 structure complies with the Vermont Fire and Building Safety Code.

3 (14) No zoning or subdivision bylaw shall have the effect of prohibiting
4 unrelated occupants from residing in the same dwelling unit.

5 Sec. 53. 24 V.S.A. § 4413 is amended to read:

6 § 4413. LIMITATIONS ON MUNICIPAL BYLAWS

7 (a)(1) The following uses may be regulated only with respect to location,
8 size, height, building bulk, yards, courts, setbacks, density of buildings, off-
9 street parking, loading facilities, traffic, noise, lighting, landscaping, and
10 screening requirements, and only to the extent that regulations do not have the
11 effect of interfering with the intended functional use:

12 (A) State- or community-owned and -operated institutions and
13 facilities;

14 (B) public and private schools and other educational institutions
15 certified by the Agency of Education;

8 § 4428. PARKING BYLAWS

9 (a) Parking regulation. Consistent with section 4414 of this title and with
10 this section, a municipality may regulate parking.

11 (b) Parking space size standards. For the purpose of residential parking, a
12 municipality shall define a standard parking space as not larger than nine feet
13 by 18 feet, however a municipality may allow a portion of parking spaces to be
14 smaller for compact cars or similar use. A municipality may require a larger
15 space wherever American with Disabilities Act-compliant spaces are required.

16 (c) Existing nonconforming parking. A municipality shall allow an
17 existing nonconforming parking space to count toward the parking requirement
18 of an existing residential building if new residential units are added to the
19 building.

1 take into account the existence or availability of employer “transit pass” and
2 rideshare programs, public transit routes, and public parking spaces in the
3 vicinity of the development.

4 § 5803. DESIGNATION OF DOWNTOWN AND VILLAGE CENTERS

5 (a) Designation established. A regional planning commission may apply to
6 the LURB for approval and designation of all centers by submitting the
7 regional plan future land use map adopted by the regional planning
8 commission. The regional plan future land use map shall identify downtown
9 centers and village centers as the downtown and village areas eligible for
10 designation as centers. The Department and State Board shall provide
11 comments to the LURB on areas eligible for center designation as provided
12 under this chapter.

13 (b) Inclusions. The areas mapped by the regional planning commissions as
14 a center shall allow for the designation of preexisting, designated downtowns,
15 village centers and new town centers in existence on or before December 31,
16 2025.

17 (c) Exclusions. With the exception for preexisting, nonconforming
18 designations approved prior to the establishment of the program under this
19 chapter or areas included in the municipal plan for the purposes of relocating a
20 municipality's center for flood resiliency purposes, the areas eligible for
21 designation benefits upon the LURB's approval of the regional plan future land

1 use map for designation as a Center shall not include development that is
2 disconnected from a Center and that lacks a pedestrian connection to the
3 Center via a complete street.

4 (d) Approval. The LURB shall conduct its review pursuant to 10 V.S.A.
5 § 6033.

6 (e) Transition. All designated downtowns, village centers, or new town
7 centers existing as of December 31, 2025 will retain current benefits until
8 December 31, 2026 or until approval of the regional future land use maps by
9 the LURB, whichever comes first. All existing designations in effect
10 December 31, 2025 will expire December 31, 2026 if the regional plan does
11 not receive LURB approval under this chapter. All benefits for unexpired
12 designated downtowns, village centers, and new town centers that are removed
13 under this chapter shall remain in effect until July 1, 2034. Prior to June 30,
14 2026, no check-in or renewals shall be required for the preexisting
15 designations. New applications for downtowns, villages, and new town centers
16 may be approved by the State Board prior to the first public hearing on a
17 regional future land use map or until December 31, 2025, whichever comes
18 first.

19 (f) Benefits Steps. A center may receive the benefits associated with the
20 steps in this section by meeting the established requirements. The Department
21 shall review applications from municipalities to advance from Step One to

1 Two and from Step Two to Three and issue written decisions. The Department
2 shall issue a written administrative decision within 30 days following an
3 application. If a municipal application is rejected by the Department, the
4 municipality may appeal the administrative decision to the State Board. To
5 maintain a downtown approved under chapter 76A after December 31, 2026,
6 the municipality shall apply for renewal following a regional planning
7 approval by the LURB and meet the program requirements. Step Three
8 designations that are not approved for renewal revert to Step Two. The
9 municipality may appeal the administrative decision of the Department to the
10 State Board. Appeals of administrative decisions shall be heard by the State
11 Board at the next meeting following a timely filing stating the reasons for the
12 appeal. The State Board's decision is final. The Department shall issue
13 guidance to administer these steps.

14 (1) Step One.

15 (A) Requirements. Step One is established to create an accessible
16 designation for all villages throughout the State to become eligible for funding
17 and technical assistance to support site-based improvements and planning. All
18 downtown and village centers shall automatically reach Step One upon
19 approval of the regional plan future land use map by the LURB. Regional plan
20 future land use maps supersede preexisting designated areas that may already
21 meet the Step One requirement.

1 (B) Benefits. A center that reaches Step One is eligible for the
2 following benefits:

3 (i) funding and technical assistance eligibility for site-based
4 projects, including the Better Places Grant Program under section 5810 of this
5 chapter, access to the Downtown and Village Center Tax Credit Program
6 described in 32 V.S.A. § 5930aa et seq., and other programs identified in the
7 Department's guidance; and

8 (ii) funding priority for developing or amending the municipal
9 plan, visioning, and assessments.

10 (2) Step Two.

11 (A) Requirements. Step Two is established to create a mid-level
12 designation for villages throughout the State to increase planning and
13 implementation capacity for community-scale projects. A center reaches Step
14 Two if it:

15 (i) meets the requirements of Step One or if it has a designated
16 village center or new town center under chapter 76A of this title upon initial
17 approval of the regional plan future land use map and prior to December 31,
18 2026;

19 (ii) has a confirmed municipal planning process pursuant to
20 24 V.S.A. § 4350;

1 (iii) has a municipal plan with goals for investment in the center;

2 and

3 (iv) a portion of the center is listed or eligible for listing in the
4 National Register of Historic Places.

5 (B) Benefits. In addition to the benefits of Step One, a center that
6 reaches Step Two is eligible for the following benefits:

7 (i) funding priority for bylaws and special-purpose plans, capital
8 plans, and area improvement or reinvestment plans, including priority
9 consideration for the Better Connections Program and other applicable
10 programs identified by Department guidance;

11 (ii) funding priority for infrastructure project scoping, design,
12 engineering, and construction by the State Program and State Board;

13 (iii) the authority to create a special taxing district pursuant to
14 chapter 87 of this title for the purpose of financing both capital and operating
15 costs of a project within the boundaries of a center;

16 (iv) priority consideration for State and federal affordable housing
17 funding;

18 (v) authority for the municipal legislative body to establish speed
19 limits of less than 25 mph within the center under 23 V.S.A. § 1007(g);

20 (vi) State wastewater permit fees capped at \$50.00 for residential
21 development under 3 V.S.A. § 2822;

1 (vii) exemption from the land gains tax under 32 V.S.A.
2 § 10002(p); and

3 (viii) assistance and guidance from the Department for
4 establishing local historic preservation regulations.

5 (3) Step Three.

6 (A) Requirements. Step Three is established to create an advanced
7 designation for downtowns throughout the State to create mixed-use centers
8 and join the Vermont Downtown Program. A center reaches Step Three if the
9 Department finds that it meets the following requirements:

10 (i) Meets the requirements of Step Two, or if it has an existing
11 downtown designated under chapter 76A of this title in effect upon initial
12 approval of the regional future land use map and prior to December 31, 2026.

13 (ii) Is listed or eligible for listing in the National Register of
14 Historic Places.

15 (iii) Has a downtown improvement plan.

16 (iv) Has a downtown investment agreement.

17 (v) Has a capital program adopted under section 4430 of this title
18 that implements the Step Three requirements.

19 (vi) Has a local downtown organization with an organizational
20 structure necessary to sustain a comprehensive long-term downtown
21 revitalization effort, including a local downtown organization that will

1 collaborate with municipal departments, local businesses, and local nonprofit
2 organizations. The local downtown organization shall work to:

3 (I) enhance the physical appearance and livability of the area
4 by implementing local policies that promote the use and rehabilitation of
5 historic and existing buildings, by developing pedestrian-oriented design
6 requirements, by encouraging new development and infill that satisfy such
7 design requirements, and by supporting long-term planning that is consistent
8 with the goals set forth in section 4302 of this title;

9 (II) build consensus and cooperation among the many groups
10 and individuals who have a role in the planning, development, and
11 revitalization process;

12 (III) market the assets of the area to customers, potential
13 investors, new businesses, local citizens, and visitors;

14 (IV) strengthen, diversify, and increase the economic activity
15 within the downtown; and

16 (V) measure annually progress and achievements of the
17 revitalization efforts as required by Department guidelines.

18 (vii) Has available public water and wastewater service and
19 capacity.

20 (viii) Has permanent zoning and subdivision bylaws.

1 (ix) Has adopted historic preservation regulations for the district
2 with a demonstrated commitment to protect and enhance the historic character
3 of the downtown through the adoption of bylaws that adequately meet the
4 historic preservation requirements in subdivisions 4414(1)(E) and (F) of this
5 title, unless recognized by the program as a preexisting designated new town
6 center.

7 (x) Has adopted design or form-based regulations that adequately
8 regulate the physical form and scale of development with compact lot,
9 building, and unit density, building heights, and complete streets.

10 (B) Benefits. In addition to the benefits of Steps One and Two, a
11 municipality that reaches Step Three is eligible for the following benefits:

12 (i) Funding for the local downtown organization and technical
13 assistance from the Vermont Downtown Program for the center.

14 (ii) A reallocation of receipts related to the tax imposed on sales of
15 construction materials as provided in 32 V.S.A. § 9819.

16 (iii) Eligibility to receive National Main Street Accreditation from
17 Main Street America through the Vermont Downtown Program.

19 (v) Housing appeal limitations as described in chapter 117 of this
20 title.

1 (vi) Highest priority for locating proposed State functions by the
2 Commissioner of Buildings and General Services or other State officials, in
3 consultation with the municipality, Department, State Board, the General
4 Assembly committees of jurisdiction for the Capital Budget, and the regional
5 planning commission. When a downtown location is not suitable, the
6 Commissioner shall issue written findings to the consulted parties
7 demonstrating how the suitability of the State function to a downtown location
8 is not feasible.

9 (vii) Funding for infrastructure project scoping, design, and
10 engineering, including participation in the Downtown Transportation and
11 Related Capital Improvement Fund Program established by section 5808 of
12 this title.

13 § 5804. DESIGNATED NEIGHBORHOOD

14 (a) Designation established.

15 (1) A regional planning commission may request approval from the
16 LURB for designation of areas on the regional plan future land use maps as a
17 designated neighborhood under 10 V.S.A. § 6033. Areas eligible for
18 designation include planned growth areas and village areas identified on the
19 regional plan future land use map. This designation recognizes that the vitality
20 of downtowns and villages is supported by adjacent and walkable
21 neighborhoods and that the benefits structure must ensure that investments for

1 sprawl repair or infill development within a neighborhood is secondary to a
2 primary purpose to maintain the vitality and livability and maximize the
3 climate resilience and infill potential of centers.

4 (2) Approval of planned growth areas and village areas as designated
5 neighborhoods shall follow the same process as approval for designated
6 centers provided for in 10 V.S.A. § 6033 and consistent with sections 4348 and
7 4348a of this title.

8 (b) Transition. All designated growth center or neighborhood development
9 areas existing as of December 31, 2025 will retain current benefits until
10 December 31, 2026 or upon approval of the regional plan future land use maps,
11 whichever comes first. All existing neighborhood development area and
12 growth center designations in effect on December 31, 2025 will expire on
13 December 31, 2026 if the regional plan future land use map is not approved.
14 All benefits that are removed for unexpired neighborhood development areas
15 and growth centers under this chapter shall remain active with prior
16 designations existing as of December 31, 2025 until December 31, 2034. Prior
17 to December 31, 2026, no check- ins or renewal shall be required for the
18 existing designations. New applications for neighborhood development area
19 designations may be approved by the State Board prior to the first hearing for a
20 regional plan adoption or until December 31, 2025, whichever comes first.

1 (c) Requirements. A designated neighborhood shall meet the requirements
2 for planned growth area or village area as described in section 4348a of this
3 title.

4 (d) Benefits. A designated neighborhood is eligible for the following
5 benefits:

6 (1) funding priority for bylaws and special-purpose plans, capital plans,
7 and area improvement or reinvestment plans, including priority consideration
8 for the Better Connections Program and other applicable programs identified
9 by Department guidance;

10 (2) funding priority for Better Connections and other infrastructure
11 project scoping, design, engineering, and construction by the State Community
12 Investment Program and Board;

13 (3) eligibility for the Downtown and Village Center Tax Credit Program
14 described in 32 V.S.A. § 5930aa et seq.;

15 (4) priority consideration for State and federal affordable housing
16 funding;

17 (5) certain housing appeal limitations under chapter 117 of this title;

18 (6) authority for the municipal legislative body to lower speed limits to
19 less than 25 mph within the neighborhood;

20 (7) State wastewater application fee capped at \$50.00 for residential
21 development under 3 V.S.A. § 2822(j)(4)(D);

1 (8) exclusion from the land gains tax provided by 32 V.S.A. § 10002(p);
2 and
3 (9) the authority to create a special taxing district pursuant to chapter 87
4 of this title for the purpose of financing both capital and operating costs of a
5 project within the boundaries of a neighborhood.

6 § 5805. GRANTS AND GIFTS

7 The Department of Housing and Community Development may accept
8 funds, grants, gifts, or donations of up to \$10,000.00 from individuals,
9 corporations, foundations, governmental entities, or other sources, on behalf of
10 the Community Planning and Revitalization Division to support trainings,
11 conferences, special projects, and initiatives.

12 § 5806. DESIGNATION DATA CENTER

13 The Department, in coordination with the LURB, shall maintain an online
14 municipal planning data center publishing approved regional plan future land
15 use maps adoptions and amendments and indicating the status of each
16 approved designation within the region, and associated steps for centers.

17 § 5807. BETTER PLACES PROGRAM; CROWD GRANTING

18 (a)(1) There is created the Better Places Program within the Department of
19 Housing and Community Development, and the Better Places Fund, which the
20 Department shall manage pursuant to 32 V.S.A. chapter 7, subchapter 5. This
21 shall be the same Fund created under the prior section 2799 of this title.

2 community revitalization through collaborative grantmaking for projects that
3 create, activate, or revitalize public spaces.

4 (3) The Department may administer the Program in coordination with
5 and support from other State agencies and nonprofit and philanthropic partners.

6 (b) The Fund is composed of the following:

7 (1) State or federal funds appropriated by the General Assembly;

10 (c) As used in this section, “public space” means an area or place that is
11 open and accessible to all persons with no charge for admission and includes
12 village greens, squares, parks, community centers, town halls, libraries, and
13 other publicly accessible buildings and connecting spaces such as sidewalks,
14 streets, alleys, and trails.

15 (d)(1) The Department of Housing and Community Development shall
16 establish an application process, eligibility criteria, and criteria for prioritizing
17 assistance for awarding grants through the Program.

18 (2) The Department may award a grant to a municipality, a nonprofit
19 organization, or a community group with a fiscal sponsor for a project that is
20 located in or serves an area designated under this chapter that will create a new
21 public space or revitalize or activate an existing public space.

1 (3) The Department may award a grant to not more than three projects
2 per calendar year within a municipality.

3 (4) The minimum amount of a grant award is \$5,000.00, and the
4 maximum amount of a grant award is \$40,000.00.

5 (5) The Department shall develop matching grant eligibility
6 requirements to ensure a broad base of community and financial support for
7 the project, subject to the following:

8 (A) A project shall include in-kind support and matching funds raised
9 through a crowdfunding approach that includes multiple donors.

10 (B) An applicant may not donate to its own crowdfunding campaign.

11 (C) A donor may not contribute more than \$10,000.00 or 35 percent
12 of the campaign goal, whichever is less.

13 (D) An applicant shall provide matching funds raised through
14 crowdfunding of not less than 33 percent of the grant award. The Department
15 may require a higher percent of matching funds for certain project areas to
16 ensure equitable distribution of resources across Vermont.

17 (e) The Department of Housing and Community Development, with the
18 assistance of a fiscal agent, shall distribute funds under this section in a manner
19 that provides funding for projects of various sizes in as many geographical
20 areas of the State as possible.

1 (f) The Department of Housing and Community Development may use up
2 to 15 percent of any appropriation to the Fund from the General Fund to assist
3 with crowdfunding, administration, training, and technological needs of the
4 Program.

5 Sec. 67. MUNICIPAL TECHNICAL ASSISTANCE REPORT

6 (a) On or before December 31, 2025, the Commissioner of Housing and
7 Community Development shall develop recommendations for providing

19 improvements qualify for exemption and shall issue a written decision
20 approving or denying the exemption. The Agency shall notify the property

1 owner, the municipality where the property is located, and the Commissioner
2 of Taxes of its decision.

3 (c) If the property owner fails to use the property according to the terms of
