Senator Bray:

I understand you are scheduling testimony on S.5. This is the most significant regulation of the heating industry ever contemplated by any legislature anywhere. It is important that your committee listen to those that you wish to regulate: Vermont's retail heating oil and propane businesses.

Dead River Company provides heat and hot water to Vermonters in Windsor, Rutland & Orange Counties.

I look forward to testifying in your committee on how this policy will impact our business, employees and customers.

Thank you for your consideration.

Sincerely,
