Sec. 24. ELECTRIC DISTRIBUTION UTILITIES; EVSE-RELATED
SERVICE UPGRADES; REPORT

In the report due not later than January 15, 2025, pursuant to 2021 Acts and Resolves No. 55, Sec. 33, the Public Utility Commission shall include a reporting of service upgrade practices related to the installation of electric vehicle supply equipment (EVSE) across all electric distribution utilities, including a comparison of EVSE-related service upgrade practices and a description of the frequency and typical costs of EVSE-related service upgrades.
