

**No. 108. An act relating to the Child Abuse and Neglect Reporting Working Group.**

(S.239)

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. CHILD ABUSE AND NEGLECT REPORTING WORKING  
GROUP; REPORT

(a) The General Assembly finds:

(1) According to Child Trends, a research organization focused on improving the lives of children, youth, and families, data shows that from 2022 through 2024 Vermont had a rate of referrals to child welfare services that was over three times higher than the national level, with a rate of referral of 166 per 1,000 children in Vermont compared to 50 per 1,000 children nationally. Additionally, only 17 percent of such referrals in Vermont met the criteria for further action via an assessment or investigation compared to 54 percent nationally.

(2) While the General Assembly recently reviewed and revised child abuse and neglect substantiation procedures that occur after a referral has been accepted by the Department for Children and Families, there has not been a similar review of the training and requirements for mandatory reporting of suspected child abuse or neglect to ensure they employ best practices and provide sufficient guidance and resources for mandatory reporters.

(3) Data from Child Trends further shows that post-response services such as mental health services, substance misuse treatment, family therapy,

child care, parenting education, and resources to assist families living in poverty were provided to only 28 percent of victims in Vermont compared with the national average of 57 percent.

(4) The provision of services to children and families prior to, during, and after a report of suspected child abuse or neglect is an essential element in a comprehensive child protection system.

(b) There is created the Child Abuse and Neglect Reporting Working Group for the purpose of examining the existing statutes and the Department for Children and Families' rules and policies regarding mandatory reporting of abuse and neglect of a child and recommending changes to modernize them and reflect current best practices. During its examination of mandatory reporting, the Working Group shall consider what services and strategies may be employed prior to any report of suspected abuse or neglect for the purpose of providing assistance to families before a situation rises to the level of requiring a report.

(c) The Working Group shall be composed of the following members:

(1) a member with lived experience as an abused or neglected child, appointed by the Vermont Child, Youth, and Family Advisory Council;

(E) identifying alternatives to reporting suspected child abuse or neglect when such alternatives are in the best interests of the child.

(2) The Working Group shall avoid expanding its review into matters unrelated to mandatory reporting obligations, thresholds, or processes unless necessary to resolve an identified reporting issue.

(3) Any recommendations shall remain consistent with federal requirements under the Child Abuse Prevention and Treatment Act (CAPTA), which establishes minimum standards related to state definitions of abuse and
