

H.468

SHORT FORM

Introduced by Representatives Galfetti of Barre Town and Waszazak of Barre
City

Referred to Committee on

Date:

Subject: Internal security and public safety; emergency management;

miscellaneous amendments relating to flood response and resilience

Statement of purpose of bill as introduced: This bill proposes to establish State programs that offer technical assistance to municipalities for planning flood-resilient infrastructure, including roadwork adaptations, and applying for federal and State infrastructure grants. This bill also proposes to support specialized flood mitigation projects, including lifting or removing flood-prone bridges and removing dams that pose significant flood risks to nearby communities.

An act relating to flood response and assistance programs for flood resilient infrastructure improvements

It is hereby enacted by the General Assembly of the State of Vermont:
