11 Subject: Commerce and trade; consumer protection; generative artificial
12 intelligence

13 Statement of purpose of bill as introduced: This bill proposes to require
14 providers of generative artificial intelligence systems to provide consumers
15 with a tool that would determine whether content was created or altered by the
16 provider's system. This bill also proposes to require that providers of
17 generative artificial intelligence systems give users of the system an option to
18 add a watermark to media that was generated by artificial intelligence.

19 An act relating to the regulation of generative artificial intelligence systems

1 It is hereby enacted by the General Assembly of the State of Vermont:
