

1 H.882

2 SHORT FORM

3 Introduced by Representative Bos-Lun of Westminster

4 Referred to Committee on

5 Date:

6 Subject: Conservation and development; wastewater systems; servicing

7 Statement of purpose of bill as introduced: This bill proposes to require the  
8 servicing and cleaning of wastewater systems at least every three years. The  
9 bill would require the Agency of Natural Resources to identify in rule the types  
10 of wastewater systems that would require regular cleaning. The rules would  
11 require those systems requiring regular cleaning to be pumped and inspected  
12 for issues and have their components cleaned if necessary. The bill would  
13 require that, upon completion of servicing, the person servicing the wastewater  
14 system submit a record of the servicing and cleaning to the Agency of Natural  
15 Resources.

16 An act relating to requiring the regular servicing and cleaning of wastewater  
17 systems

18 It is hereby enacted by the General Assembly of the State of Vermont:
