

## House Proposal of Amendment

### S. 27

An act relating to medical debt relief and excluding medical debt from credit reports

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. STATE TREASURER; MEDICAL DEBT RELIEF;

#### APPROPRIATION

(a) The sum of \$1,000,000.00 is appropriated to the State Treasurer from the General Fund in fiscal year 2026 for the purpose of contracting with a nonprofit entity to acquire and repay certain medical debts incurred by Vermont residents as set forth in this section.

(b) The State Treasurer shall ensure that the entity with which the Treasurer contracts under this section will:

(1) purchase the medical debt of eligible debtors from health care providers at fair market value;

(2) abolish the debt with no cost or tax consequences for the debtor;

(3) coordinate with the health care provider or collections agency to ensure that any adverse information resulting from the medical debt is removed from the debtor's consumer credit report following the contractor's purchase and abolition of the debt; and

(4) notify each individual whose medical debt was abolished pursuant to this section:

(A) the amount of the individual's medical debt that was abolished and the name of the health care provider or providers from whom the entity purchased the individual's debt;

(B) the estimated percentage of the federal poverty level that corresponds to the individual's household income; and

(C) that financial assistance policies are available at all Vermont hospitals in accordance with 18 V.S.A. § 9482, including the following minimum discounts:

(i) a 100 percent discount for individuals with household income at or below 250 percent of the federal poverty level; and

(ii) at least a 40 percent discount for individuals with household income between 250 and 400 percent of the federal poverty level.

(c) In order to be eligible for repayment of medical debt under this section, the following conditions must be met:

(1) the debtor shall be a Vermont resident who either has a household income that is at or below 400 percent of the federal poverty level for the applicable household size or who owes medical debt in an amount that is five percent or more of the debtor's household income; and

(2) the debtor's patient account still maintains an outstanding balance even after the health care provider has completed its routine efforts to collect the amounts due.

Sec. 2. 2022 Acts and Resolves No. 83, Sec. 53(b)(5)(B), as amended by 2022 Acts and Resolves No. 185, Sec. C.102 and 2023 Acts and Resolves No. 78, Sec. E.1000, is further amended to read:

(B) ~~\$20,000,000~~ \$19,000,000 shall be appropriated to the State Treasurer's Office and used for redeeming State of Vermont general obligation bonds prior to maturity.

Sec. 3. 1 V.S.A. § 151 is added to read:

#### § 151. BEHAVIORAL HEALTH

“Behavioral health” means any behavioral condition bearing on health, including stress-linked physical symptoms, patient activation, and health behaviors that can be addressed through support, counseling, change techniques, coaching, and other interventions. As used in the Vermont Statutes Annotated, the term does not include mental health conditions or substance use disorders. The General Assembly recognizes that using the term “behavioral health” to describe mental health conditions or substance use disorders has a stigmatizing impact, which may deter individuals from seeking health care for those conditions, but also recognizes that some jurisdictions interpret the term to incorporate those conditions and that therefore it may be necessary under limited circumstances to include the term in the definition of health care services for the sole reason of avoiding any question about the intended scope of a specific statute.

Sec. 4. 9 V.S.A. § 2466d is added to read:

#### § 2466d. REPORTING OF MEDICAL DEBT INFORMATION

##### PROHIBITED

(a) A credit reporting agency shall not report or maintain in the file on a consumer information relating to a medical debt.

(b) As used in this section:

(1) “Health care services” means all supplies, care, and services of a medical, dental, behavioral health, mental health, substance use disorder

treatment, surgical, psychiatric, therapeutic, diagnostic, preventative, rehabilitative, or supportive nature, including medication.

(2) “Medical debt” means debt arising from health care services, including dental services, or from health care goods, including products, devices, durable medical equipment, and prescription drugs. “Medical debt” does not include debt arising from services provided by a veterinarian; debt charged to a credit card unless the credit card is issued under an open-end or closed-end credit plan offered solely for the payment of health care services; debt charged to a home equity or general-purpose line of credit; or secured debt.
