

1 S.50

2 An act relating to increasing the size of solar net metering projects that  
3 qualify for expedited registration

4 The Senate concurs in the House proposal of amendment with further  
5 proposal of amendment by adding a new section to be Sec. 1a to read as  
6 follows:

7 Sec. 1a. NET METERING RENEWABLE ENERGY CREDITS

8 OWNERSHIP

9 The Public Utility Commission (PUC) shall allow a customer who owns a  
10 net metering system that was commissioned between January 1, 2023 and July  
11 1, 2025 to change the customer's decision to retain the attributes once. The  
12 customer shall be allowed to transfer the attributes to the utility by submitting a  
13 request to the PUC by September 2, 2025.
