

House Proposal of Amendment

S. 60

An act relating to establishing the Farm Security Special Fund to provide grants for farm losses due to weather conditions

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) In 2023 and 2024, Vermont experienced extreme flooding and other weather-based disasters that devastated farms and other working lands businesses across the State.

(2) Many existing State and federal programs that are designed to support farms and forestry operations are difficult to access, are administratively burdensome, are not equitably distributed to small- and medium-scale farmers and forestry operations, and currently do not meet the needs of Vermont farmers and forestry operations in a holistic way.

(3) In particular, because federal crop insurance programs are not designed to serve the needs of smaller scale or more diversified farming operations, many Vermont farmers are not covered by crop insurance.

(4) The State should establish a permanent funding support program to:

(A) maintain the viability of farms and forestry operations in Vermont in order to ensure food security, resilience, rural economic vitality, and environmental health;

(B) continuously invest in farms and forestry operations in a way that makes them more resilient to current and future challenges; and

(C) provide a source of relief funds permanently available to farmers and forestry operations impacted by weather-based emergencies.

Sec. 2. 6 V.S.A. chapter 207 is amended to read:

CHAPTER 207. PROMOTION AND MARKETING, AND SUPPORT OF VERMONT FARMS, FOODS, AND PRODUCTS
