6 account the nature of the personal data and the purposes of the processing of
7 the consumer's personal data;

8 (3) delete personal data provided by, or obtained about, the consumer;

9 (4) obtain a copy of the consumer's personal data processed by the
10 controller, in a portable and, to the extent technically feasible, readily usable
11 format that allows the consumer to transmit the data to another controller
12 without hindrance, where the processing is carried out by automated means,
13 provided the controller shall not be required to reveal any trade secret; and

14 (5) opt out of the processing of the personal data for purposes of:

15 (A) targeted advertising;

16 (B) the sale of personal data, except as provided in subsection
17 2420(b) of this title; or

18 (C) profiling in furtherance of solely automated decisions that
19 produce legal or similarly significant effects concerning the consumer.

1 (b)(1) A consumer may exercise rights under this section by a secure and
2 reliable means established by the controller and described to the consumer in
3 the controller’s privacy notice.

4 (2) A consumer may designate an authorized agent in accordance with
5 section 2419 of this title to exercise the rights of the consumer to opt out of the
6 processing of the consumer’s personal data for purposes of subdivision (a)(5)
7 of this section on behalf of the consumer.

8 (3) In the case of processing personal data of a known child, the parent
9 or legal guardian may exercise the consumer rights on the child’s behalf.

15 with a request by a consumer to exercise the consumer rights authorized

18 but not later than 45 days after receipt of the request.

19 (B) The controller may extend the response period by 45 additional
20 days when reasonably necessary, considering the complexity and number of
21 the consumer’s requests, provided the controller informs the consumer of the

1 extension within the initial 45-day response period and of the reason for the
2 extension.

3 (2) If a controller declines to take action regarding the consumer's
4 request, the controller shall inform the consumer without undue delay, but not
5 later than 45 days after receipt of the request, of the justification for declining

12 the administrative costs of complying with the request or decline to act on the
13 request.

14 (C) The controller bears the burden of demonstrating the manifestly
15 unfounded, excessive, or repetitive nature of the request.

16 (4)(A) If a controller is unable to authenticate a request to exercise any
17 of the rights afforded under subdivisions (a)(1)–(4) of this section using
18 commercially reasonable efforts, the controller shall not be required to comply
19 with a request to initiate an action pursuant to this section and shall provide
20 notice to the consumer that the controller is unable to authenticate the request
21 to exercise the right or rights until the consumer provides additional

1 information reasonably necessary to authenticate the consumer and the
2 consumer's request to exercise the right or rights.

3 (B) A controller shall not be required to authenticate an opt-out
4 request, but a controller may deny an opt-out request if the controller has a
5 good faith, reasonable, and documented belief that the request is fraudulent.

6 (C) If a controller denies an opt-out request because the controller
7 believes the request is fraudulent, the controller shall send a notice to the
8 person who made the request disclosing that the controller believes the request
9 is fraudulent, why the controller believes the request is fraudulent, and that the
10 controller shall not comply with the request.

11 (5) A controller that has obtained personal data about a consumer from a
12 source other than the consumer shall be deemed in compliance with a
13 consumer's request to delete the data pursuant to subdivision (a)(3) of this
14 section by:

15 (A) retaining a record of the deletion request and the minimum data
16 necessary for the purpose of ensuring the consumer's personal data remains
17 deleted from the controller's records and not using the retained data for any
18 other purpose pursuant to the provisions of this chapter; or

19 (B) opting the consumer out of the processing of the personal data for
20 any purpose except for those exempted pursuant to the provisions of this
21 chapter.

1 (d)(1) A controller shall establish a process for a consumer to appeal the
2 controller's refusal to take action on a request within a reasonable period of
3 time after the consumer's receipt of the decision.

4 (2) The appeal process shall be conspicuously available and similar to
5 the process for submitting requests to initiate action pursuant to this section.

6 (3) Not later than 60 days after receipt of an appeal, a controller shall
7 inform the consumer in writing of any action taken or not taken in response to
8 the appeal, including a written explanation of the reasons for the decisions.

9 (4) If the appeal is denied, the controller shall also provide the consumer

11 consumer may contact the Attorney General to submit a complaint.

12 § 2419. AUTHORIZED AGENTS AND CONSUMER OPT-OUT

13 (a) A consumer may designate another person to serve as the consumer's
14 authorized agent, and act on the consumer's behalf, to opt out of the processing

16 subdivision 2418(a)(5) of this title.

17 (b) The consumer may designate an authorized agent by way of, among

19 browser extension, or global device setting, indicating the consumer's intent to
20 opt out of the processing.

1 (c) A controller shall comply with an opt-out request received from an
2 authorized agent if the controller is able to verify, with commercially
3 reasonable effort, the identity of the consumer and the authorized agent's
4 authority to act on the consumer's behalf.

6 THIRD PARTIES; NOTICE AND DISCLOSURE TO
7 CONSUMERS; CONSUMER OPT-OUT

13 personal data for purposes that are neither reasonably necessary to, nor
14 compatible with, the disclosed purposes for which the personal data is
15 processed, as disclosed to the consumer, unless the controller obtains the
16 consumer's consent;

17 (3) shall establish, implement, and maintain reasonable administrative,
18 technical, and physical data security practices to protect the confidentiality,
19 integrity, and accessibility of personal data appropriate to the volume and
20 nature of the personal data at issue;

1 (4) shall not process sensitive data concerning a consumer without
2 obtaining the consumer’s consent or, in the case of the processing of sensitive

4 COPPA;

5 (5) shall not process personal data in violation of the laws of this State
6 and federal laws that prohibit unlawful discrimination against consumers;

7 (6) shall provide an effective mechanism for a consumer to revoke the
8 consumer’s consent under this section that is at least as easy as the mechanism
9 by which the consumer provided the consumer’s consent and, upon revocation
10 of the consent, cease to process the data as soon as practicable, but not later
11 than 15 days after the receipt of the request;

12 (7) shall not process the personal data of a consumer for purposes of
13 targeted advertising, or sell the consumer’s personal data without the
14 consumer’s consent, under circumstances where a controller has actual
15 knowledge, and willfully disregards, that the consumer is at least 13 years of
16 age but younger than 16 years of age; and

17 (8) shall not discriminate against a consumer for exercising any of the
18 consumer rights contained in this chapter, including denying goods or services,
19 charging different prices or rates for goods or services, or providing a different
20 level of quality of goods or services to the consumer.

1 (b) Subsection (a) of this section shall not be construed to require a
2 controller to provide a product or service that requires the personal data of a
3 consumer that the controller does not collect or maintain, or prohibit a
4 controller from offering a different price, rate, level, quality, or selection of
5 goods or services to a consumer, including offering goods or services for no
6 fee if the offering is in connection with a consumer's voluntary participation in
7 a bona fide loyalty, rewards, premium features, discounts, or club card
8 program.

9 (c) A controller shall provide consumers with a reasonably accessible,
10 clear, and meaningful privacy notice that includes:

11 (1) the categories of personal data processed by the controller;

12 (2) the purpose for processing personal data;

13 (3) how consumers may exercise their consumer rights, including how a
14 consumer may appeal a controller's decision with regard to the consumer's
15 request;

16 (4) the categories of personal data that the controller shares with third
17 parties, if any;

18 (5) the categories of third parties, if any, with which the controller
19 shares personal data; and

20 (6) an active email address or other online mechanism that the consumer
21 may use to contact the controller.

1 (d) If a controller sells personal data to third parties or processes personal
2 data for targeted advertising, the controller shall clearly and conspicuously
3 disclose the processing, as well as the manner in which a consumer may
4 exercise the right to opt out of the processing.

5 (e)(1) A controller shall establish, and shall describe in a privacy notice,
6 one or more secure and reliable means for consumers to submit a request to
7 exercise their consumer rights pursuant to this chapter.

8 (2) The means shall take into account the ways in which consumers
9 normally interact with the controller, the need for secure and reliable
10 communication of the requests, and the ability of the controller to verify the
11 identity of the consumer making the request.

12 (3) A controller shall not require a consumer to create a new account in
13 order to exercise consumer rights but may require a consumer to use an
14 existing account.

15 (4)(A) The means shall include:

16 (i) providing a clear and conspicuous link on the controller's
17 website to an web page that enables a consumer, or an agent of the consumer,
18 to opt out of the targeted advertising or sale of the consumer's personal data;
19 and

20 (ii) not later than January 1, 2026, allowing a consumer to opt out
21 of any processing of the consumer's personal data for the purposes of targeted

1 advertising, or any sale of the personal data, through an opt-out preference
2 signal sent to the controller with the consumer's consent indicating the
3 consumer's intent to opt out of any the processing or sale, by a platform,
4 technology, or other mechanism that shall:

5 (I) not unfairly disadvantage another controller;

6 (II) not make use of a default setting, but rather require the
7 consumer to make an affirmative, freely given, and unambiguous choice to opt
8 out of any processing of the consumer's personal data pursuant to this chapter;

9 (III) be consumer-friendly and easy to use by the average
10 consumer;

11 (IV) be as consistent as possible with any other similar
12 platform, technology, or mechanism required by any federal or State law or
13 regulation; and

14 (V) enable the controller to accurately determine whether the
15 consumer is a resident of this State and whether the consumer has made a
16 legitimate request to opt out of any sale of the consumer's personal data or
17 targeted advertising.

18 (B) If a consumer's decision to opt out of any processing of the
19 consumer's personal data for the purposes of targeted advertising, or any sale
20 of the personal data, through an opt-out preference signal sent in accordance
21 with the provisions of subdivision (A) of this subdivision (e)(4) conflicts with

1 the consumer's existing controller-specific privacy setting or voluntary
2 participation in a controller's bona fide loyalty, rewards, premium features,
3 discounts, or club card program, the controller shall comply with the
4 consumer's opt-out preference signal but may notify the consumer of the
5 conflict and provide to the consumer the choice to confirm the controller-
6 specific privacy setting or participation in the program.

7 (5) If a controller responds to consumer opt-out requests received
8 pursuant to subdivision (4)(A) of this subsection by informing the consumer of
9 a charge for the use of any product or service, the controller shall present the
10 terms of any financial incentive offered pursuant to subsection (b) of this
11 section for the retention, use, sale, or sharing of the consumer's personal data.

12 § 2421. PROCESSORS' DUTIES; CONTRACTS BETWEEN

13 CONTROLLERS AND PROCESSORS

14 (a) A processor shall adhere to the instructions of a controller and shall
15 assist the controller in meeting the controller's obligations under this chapter,
16 including:

17 (1) taking into account the nature of processing and the information
18 available to the processor, by appropriate technical and organizational
19 measures, to the extent reasonably practicable, to fulfill the controller's
20 obligation to respond to consumer rights requests;

1 (2) taking into account the nature of processing and the information
2 available to the processor, by assisting the controller in meeting the
3 controller’s obligations in relation to the security of processing the personal
4 data and in relation to the notification of a data broker security breach or
5 security breach, as defined in section 2430 of this title, of the system of the
6 processor, in order to meet the controller’s obligations; and

7 (3) providing necessary information to enable the controller to conduct
8 and document data protection assessments.

9 (b)(1) A contract between a controller and a processor shall govern the
10 processor’s data processing procedures with respect to processing performed
11 on behalf of the controller.

12 (2) The contract shall be binding and clearly set forth instructions for
13 processing data, the nature and purpose of processing, the type of data subject
14 to processing, the duration of processing, and the rights and obligations of both
15 parties.

16 (3) The contract shall require that the processor:

17 (A) ensure that each person processing personal data is subject to a
18 duty of confidentiality with respect to the data;

19 (B) at the controller’s direction, delete or return all personal data to
20 the controller as requested at the end of the provision of services, unless
21 retention of the personal data is required by law;

1 (C) upon the reasonable request of the controller, make available to
2 the controller all information in its possession necessary to demonstrate the
3 processor's compliance with the obligations in this chapter;

4 (D) after providing the controller an opportunity to object, engage
5 any subcontractor pursuant to a written contract that requires the subcontractor
6 to meet the obligations of the processor with respect to the personal data; and

7 (E) make available to the controller upon the reasonable request of
8 the controller, all information in the processor's possession necessary to
9 demonstrate the processor's compliance with this chapter.

10 (4) A processor shall provide a report of an assessment to the controller
11 upon request.

12 (c) This section shall not be construed to relieve a controller or processor
13 from the liabilities imposed on the controller or processor by virtue of the
14 controller's or processor's role in the processing relationship, as described in
15 this chapter.

16 (d)(1) Determining whether a person is acting as a controller or processor
17 with respect to a specific processing of data is a fact-based determination that
18 depends upon the context in which personal data is to be processed.

19 (2) A person who is not limited in the person's processing of personal
20 data pursuant to a controller's instructions, or who fails to adhere to the

1 instructions, is a controller and not a processor with respect to a specific
2 processing of data.

3 (3) A processor that continues to adhere to a controller's instructions
4 with respect to a specific processing of personal data remains a processor.

5 (4) If a processor begins, alone or jointly with others, determining the
6 purposes and means of the processing of personal data, the processor is a
7 controller with respect to the processing and may be subject to an enforcement
8 action under section 2425 of this title.

9 § 2422. CONTROLLERS' DATA PROTECTION ASSESSMENTS:

10 DISCLOSURE TO ATTORNEY GENERAL

11 (a) A controller shall conduct and document a data protection assessment
12 for each of the controller's processing activities that presents a heightened risk
13 of harm to a consumer, which for the purposes of this section includes:

14 (1) the processing of personal data for the purposes of targeted
15 advertising;

16 (2) the sale of personal data;

17 (3) the processing of personal data for the purposes of profiling, where
18 the profiling presents a reasonably foreseeable risk of:

19 (A) unfair or deceptive treatment of, or unlawful disparate impact on,
20 consumers;

21 (B) financial, physical, or reputational injury to consumers;

1 (C) a physical or other intrusion upon the solitude or seclusion, or the
2 private affairs or concerns, of consumers, where the intrusion would be
3 offensive to a reasonable person; or

4 (D) other substantial injury to consumers; and

5 (4) the processing of sensitive data.

6 (b)(1) Data protection assessments conducted pursuant to subsection (a) of
7 this section shall identify and weigh the benefits that may flow, directly and
8 indirectly, from the processing to the controller, the consumer, other
9 stakeholders, and the public against the potential risks to the rights of the
10 consumer associated with the processing, as mitigated by safeguards that can
11 be employed by the controller to reduce the risks.

12 (2) The controller shall factor into any data protection assessment the
13 use of de-identified data and the reasonable expectations of consumers, as well
14 as the context of the processing and the relationship between the controller and
15 the consumer whose personal data will be processed.

16 (c)(1) The Attorney General may require that a controller disclose any data
17 protection assessment that is relevant to an investigation conducted by the
18 Attorney General, and the controller shall make the data protection assessment
19 available to the Attorney General.

20 (2) The Attorney General may evaluate the data protection assessment
21 for compliance with the responsibilities set forth in this chapter.

1 (3) Data protection assessments shall be confidential and shall be
2 exempt from disclosure and copying under the Public Records Act.

3 (4) To the extent any information contained in a data protection
4 assessment disclosed to the Attorney General includes information subject to
5 attorney-client privilege or work product protection, the disclosure shall not
6 constitute a waiver of the privilege or protection.

7 (d) A single data protection assessment may address a comparable set of
8 processing operations that include similar activities.

9 (e) If a controller conducts a data protection assessment for the purpose of
10 complying with another applicable law or regulation, the data protection
11 assessment shall be deemed to satisfy the requirements established in this
12 section if the data protection assessment is reasonably similar in scope and
13 effect to the data protection assessment that would otherwise be conducted
14 pursuant to this section.

15 (f) Data protection assessment requirements shall apply to processing
16 activities created or generated after July 1, 2025 and are not retroactive.

17 § 2423. DE-IDENTIFIED AND PSEUDONYMOUS DATA;

18 CONTROLLERS' DUTIES; EXCEPTIONS; APPLICABILITY OF

19 CONSUMERS' RIGHTS; DISCLOSURE AND OVERSIGHT

20 (a) A controller in possession of de-identified data shall:

1 (1) take reasonable measures to ensure that the data cannot be associated
2 with an individual;

3 (2) publicly commit to maintaining and using de-identified data without
4 attempting to re-identify the data; and

5 (3) contractually obligate any recipients of the de-identified data to
6 comply with the provisions of this chapter.

7 (b) This chapter shall not be construed to:

8 (1) require a controller or processor to re-identify de-identified data or
9 pseudonymous data; or

10 (2) maintain data in identifiable form, or collect, obtain, retain, or access
11 any data or technology, in order to be capable of associating an authenticated
12 consumer request with personal data.

13 (c) This chapter shall not be construed to require a controller or processor
14 to comply with an authenticated consumer rights request if the controller:

15 (1) is not reasonably capable of associating the request with the personal
16 data or it would be unreasonably burdensome for the controller to associate the
17 request with the personal data;

18 (2) does not use the personal data to recognize or respond to the specific
19 consumer who is the subject of the personal data, or associate the personal data
20 with other personal data about the same specific consumer; and

1 (3) does not sell the personal data to any third party or otherwise
2 voluntarily disclose the personal data to any third party other than a processor,
3 except as otherwise permitted in this section.

4 (d) The rights afforded under subdivisions 2418(a)(1)–(4) of this title shall
5 not apply to pseudonymous data in cases where the controller is able to
6 demonstrate that any information necessary to identify the consumer is kept
7 separately and is subject to effective technical and organizational controls that
8 prevent the controller from accessing the information.

9 (e) A controller that discloses pseudonymous data or de-identified data
10 shall exercise reasonable oversight to monitor compliance with any contractual
11 commitments to which the pseudonymous data or de-identified data is subject
12 and shall take appropriate steps to address any breaches of those contractual
13 commitments.

14 § 2424. CONSTRUCTION OF CONTROLLERS' AND PROCESSORS'
15 DUTIES

16 (a) This chapter shall not be construed to restrict a controller's, processor's,
17 or consumer health data controller's ability to:

18 (1) comply with federal, state, or municipal laws, ordinances, or
19 regulations;

1 (2) comply with a civil, criminal, or regulatory inquiry, investigation,
2 subpoena, or summons by federal, state, municipal, or other governmental
3 authorities;

4 (3) cooperate with law enforcement agencies concerning conduct or
5 activity that the controller, processor, or consumer health data controller
6 reasonably and in good faith believes may violate federal, state, or municipal
7 laws, ordinances, or regulations;

8 (4) investigate, establish, exercise, prepare for, or defend legal claims;

9 (5) provide a product or service specifically requested by a consumer;

10 (6) perform under a contract to which a consumer is a party, including
11 fulfilling the terms of a written warranty;

12 (7) take steps at the request of a consumer prior to entering into a
13 contract;

14 (8) take immediate steps to protect an interest that is essential for the life
15 or physical safety of the consumer or another individual, and where the
16 processing cannot be manifestly based on another legal basis;

17 (9) prevent, detect, protect against, or respond to security incidents,
18 identity theft, fraud, harassment, malicious, or deceptive activities or any
19 illegal activity; preserve the integrity or security of systems; or investigate,
20 report, or prosecute those responsible for the action;

1 (10) engage in public or peer-reviewed scientific or statistical research
2 in the public interest that adheres to all other applicable ethics and privacy laws
3 and is approved, monitored, and governed by an institutional review board that
4 determines, or similar independent oversight entities that determine:

5 (A) whether the deletion of the information is likely to provide
6 substantial benefits that do not exclusively accrue to the controller;

7 (B) the expected benefits of the research outweigh the privacy risks;
8 and

9 (C) whether the controller or consumer health data controller has
10 implemented reasonable safeguards to mitigate privacy risks associated with
11 research, including any risks associated with re-identification;

12 (11) assist another controller, processor, consumer health data
13 controller, or third party with any of the obligations under this chapter; or

14 (12) process personal data for reasons of public interest in the area of
15 public health, community health, or population health, but solely to the extent
16 that the processing is:

17 (A) subject to suitable and specific measures to safeguard the rights
18 of the consumer whose personal data is being processed; and

19 (B) under the responsibility of a professional subject to
20 confidentiality obligations under federal, state, or local law.

1 (b) The obligations imposed on controllers, processors, or consumer health
2 data controllers under this chapter shall not restrict a controller's, processor's,
3 or consumer health data controller's ability to collect, use, or retain data for
4 internal use to:

5 (1) conduct internal research to develop, improve, or repair products,
6 services, or technology;

7 (2) effectuate a product recall;

8 (3) identify and repair technical errors that impair existing or intended
9 functionality; or

10 (4) perform internal operations that are reasonably aligned with the
11 expectations of the consumer or reasonably anticipated based on the
12 consumer's existing relationship with the controller or consumer health data
13 controller, or are otherwise compatible with processing data in furtherance of
14 the provision of a product or service specifically requested by a consumer or
15 the performance of a contract to which the consumer is a party.

16 (c)(1) The obligations imposed on controllers, processors, or consumer
17 health data controllers under this chapter shall not apply where compliance by
18 the controller, processor, or consumer health data controller with this chapter
19 would violate an evidentiary privilege under the laws of this State.

20 (2) This chapter shall not be construed to prevent a controller, processor,
21 or consumer health data controller from providing personal data concerning a

1 consumer to a person covered by an evidentiary privilege under the laws of the
2 State as part of a privileged communication.

3 (d)(1) A controller, processor, or consumer health data controller that
4 discloses personal data to a processor or third-party controller pursuant to this
5 chapter shall not be deemed to have violated this chapter if the processor or
6 third-party controller that receives and processes the personal data violates this
7 chapter, provided, at the time the disclosing controller, processor, or consumer
8 health data controller disclosed the personal data, the disclosing controller,
9 processor, or consumer health data controller did not have actual knowledge
10 that the receiving processor or third-party controller would violate this chapter.

11 (2) A third-party controller or processor receiving personal data from a
12 controller, processor, or consumer health data controller in compliance with
13 this chapter is not in violation of this chapter for the transgressions of the
14 controller, processor, or consumer health data controller from which the third-
15 party controller or processor receives the personal data.

16 (e) This chapter shall not be construed to:

17 (1) impose any obligation on a controller or processor that adversely
18 affects the rights or freedoms of any person, including the rights of any person:

19 (A) to freedom of speech or freedom of the press guaranteed in the
20 First Amendment to the United States Constitution; or

21 (B) under 12 V.S.A. § 1615;

1 (2) apply to any person’s processing of personal data in the course of the
2 person’s purely personal or household activities; or

3 (3) require an independent school as defined in 16 V.S.A. § 11(a)(8) or a
4 private institution of higher education, as defined in 20 U.S.C. § 1001 et seq.,
5 to delete personal data or opt out of processing of personal data that would
6 unreasonably interfere with the provision of education services by or the
7 ordinary operation of the school or institution.

8 (f)(1) Personal data processed by a controller or consumer health data
9 controller pursuant to this section may be processed to the extent that the
10 processing is:

11 (A) reasonably necessary and proportionate to the purposes listed in
12 this section; and

13 (B) adequate, relevant, and limited to what is necessary in relation to
14 the specific purposes listed in this section.

15 (2)(A) Personal data collected, used, or retained pursuant to subsection
16 (b) of this section shall, where applicable, take into account the nature and
17 purpose or purposes of the collection, use, or retention.

18 (B) The data shall be subject to reasonable administrative, technical,
19 and physical measures to protect the confidentiality, integrity, and accessibility
20 of the personal data and to reduce reasonably foreseeable risks of harm to
21 consumers relating to the collection, use, or retention of personal data.

1 (g) If a controller or consumer health data controller processes personal
2 data pursuant to an exemption in this section, the controller or consumer health
3 data controller bears the burden of demonstrating that the processing qualifies
4 for the exemption and complies with the requirements in subsection (f) of this
5 section.

6 (h) Processing personal data for the purposes expressly identified in this
7 section shall not solely make a legal entity a controller or consumer health data
8 controller with respect to the processing.

9 § 2425. ENFORCEMENT BY ATTORNEY GENERAL; NOTICE OF
10 VIOLATION; CURE PERIOD; REPORT; PENALTY

11 (a) The Attorney General shall have exclusive authority to enforce
12 violations of this chapter.

13 (b)(1) During the period beginning on July 1, 2025 and ending on
14 December 31, 2026, the Attorney General shall, prior to initiating any action
15 for a violation of any provision of this chapter, issue a notice of violation to the
16 controller or consumer health data controller if the Attorney General
17 determines that a cure is possible.

18 (2) If the controller or consumer health data controller fails to cure the
19 violation within 60 days after receipt of the notice of violation, the Attorney
20 General may bring an action pursuant to this section.

1 (3) Annually, on or before February 1, the Attorney General shall
2 submit a report to the General Assembly disclosing:

3 (A) the number of notices of violation the Attorney General has
4 issued;

5 (B) the nature of each violation;

6 (C) the number of violations that were cured during the available
7 cure period; and

8 (D) any other matter the Attorney General deems relevant for the
9 purposes of the report.

10 (c) Beginning on January 1, 2027, the Attorney General may, in
11 determining whether to grant a controller or processor the opportunity to cure
12 an alleged violation described in subsection (b) of this section, consider:

13 (1) the number of violations;

14 (2) the size and complexity of the controller or processor;

15 (3) the nature and extent of the controller's or processor's processing
16 activities;

17 (4) the substantial likelihood of injury to the public;

18 (5) the safety of persons or property;

19 (6) whether the alleged violation was likely caused by human or
20 technical error; and

21 (7) the sensitivity of the data.

1 (d) This chapter shall not be construed as providing the basis for, or be
2 subject to, a private right of action for violations of this chapter or any other
3 law.

4 (e) Subjection to the exception in subsection (f) of this section, a violation
5 of the requirements of this chapter shall constitute an unfair and deceptive act
6 in commerce in violation of section 2453 of this title and shall be enforced
7 solely by the Attorney General, provided that a consumer private right of
8 action under subsection 2461(b) of this title shall not apply to the violation.

9 (f) The Attorney General shall provide guidance to controllers and
10 processors for compliance with the terms of the Vermont Data Privacy Act.
11 Any processor or controller that, in the opinion of the Attorney General,
12 materially complies with the guidance provided by the Attorney General shall
13 not constitute an unfair and deceptive act in commerce.

14 § 2426. CONSUMER HEALTH DATA PRIVACY

15 (a) Except as provided in subsections (b) and (c) of this section and
16 subsections 2417(b) and (c) of this title, no person shall:

17 (1) provide any employee or contractor with access to consumer health
18 data unless the employee or contractor is subject to a contractual or statutory
19 duty of confidentiality;

20 (2) provide any processor with access to consumer health data unless the
21 person and processor comply with section 2421 of this title;

1 (3) use a geofence to establish a virtual boundary that is within 1,750
2 feet of any health care facility, including any mental health facility or
3 reproductive or sexual health facility, for the purpose of identifying, tracking,
4 collecting data from, or sending any notification to a consumer regarding the
5 consumer's consumer health data; or

6 (4) sell, or offer to sell, consumer health data without first obtaining the
7 consumer's consent.

8 (b) Notwithstanding section 2416 of this title, subsection (a) of this section,
9 and the provisions of sections 2415–2425 of this title, inclusive, concerning
10 consumer health data and consumer health data controllers, apply to persons
11 that conduct business in this state and persons that produce products or
12 services that are targeted to residents of this state.

13 (c) Subsection (a) of this section shall not apply to any:

14 (1) body, authority, board, bureau, commission, district or agency of this
15 State or of any political subdivision of this State;

16 (2) person who has entered into a contract with an entity described in
17 subdivision (1) of this subsection to process consumer health data on behalf of
18 the entity;

19 (3) institution of higher education;

20 (4) national securities association that is registered under 15 U.S.C. 78o-
21 3 of the Securities Exchange Act of 1934, as may be amended;

1 (5) financial institution or data subject to Title V of the Gramm-Leach-
2 Bliley Act, Pub. L. No. 106-102, and regulations adopted to implement that
3 act;

4 (6) covered entity or business associate, as defined in 45 C.F.R.
5 § 160.103;

6 (7) tribal nation government organization; or

7 (8) air carrier, as:

8 (A) defined in 49 U.S.C. § 40102, as may be amended; and

9 (B) regulated under the Federal Aviation Act of 1958, 49 U.S.C.
10 § 40101 et seq. and the Airline Deregulation Act of 1978, 49 U.S.C. § 41713,
11 as may be amended.

12 Sec. 2. EFFECTIVE DATE

13 This act shall take effect on July 1, 2026.
