An act relating to public libraries and the Department of Libraries

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

The General Assembly finds:

(1) The State of Vermont and its communities depend on libraries as centers for learning, social connection, technological access, disaster preparedness and response, support of health care and social services, and numerous other vital services.

(2) As places of public accommodation, public libraries are obligated to ensure that their services, facilities, and resources are inclusive and accessible to all. However, many of Vermont’s existing library facilities require improvements in order to fulfill this obligation and meet programming needs.

(3) Early literacy is integral to student preparedness and success. Vermont’s Department of Libraries and statewide network of public libraries are uniquely suited to play a critical role in improving the literacy skills of students throughout the State.

(4) It is essential that the State raise awareness about public libraries and their offerings in order to ensure their continued beneficial impact and continued accessibility for all Vermont residents.
