Favorable with Recommendation of Amendment

S. 193.

An act relating to establishing a forensic facility for certain criminal justice-involved persons.

Reported favorably with recommendation of amendment by Senator Hashim for the Committee on Judiciary.

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 13 V.S.A. § 4815a is added to read:

§ 4815a. COMPETENCY RESTORATION SERVICES WITHIN
FORENSIC FACILITY

(a) A person shall be transferred to the forensic facility established in section 4826 of this title if the person:

(1) has been charged with an offense punishable by a life sentence;

(2)(A) has been held without bail pursuant to section 7553 of this title;

or

(B) if the person is not held without bail pursuant to section 7553 of this title, the person's release would create a substantial risk of bodily injury to another person;

(3) is not currently receiving treatment through an order of hospitalization pursuant to 18 V.S.A. § 7619 or section 4822 of this title; and

(4) has been found not competent to stand trial.

(b)(1)(A) Upon admission, the forensic facility shall cause the person to be evaluated for competency to stand trial not less often than the shorter of either:

(i) every six months; or

(ii) upon the determination by the forensic facility's clinical services director that the person is likely competent to stand trial.

(B) The results of all evaluations shall be supplied to the court and the parties to the underlying criminal action.

(2)(A) At the request of a party, the court may order that a second or subsequent evaluation include an opinion on whether the person's competency can be restored. If the court finds that the person may be found likely competent to stand trial, the court shall immediately notify the State's Attorney and the person's counsel in the criminal case. If the court finds by clear and convincing evidence that the person cannot be restored to competency, the court shall order continued commitment of the person, taking into account the least restrictive conditions applicable, unless subdivision (B) of this subdivision (2) applies.

(B) If the court finds that the release of a person who cannot be restored to competency would not create a substantial risk of bodily injury to another person, the court shall:

(i) order the release of the person under a prescribed regimen of medical, psychiatric, or psychological care or treatment that the forensic facility's clinical services director has certified as appropriate and that has been found by the court to be appropriate; and

(ii) order, as an explicit condition of release, that the person comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment together with any other conditions appropriate to protect the public.

(c) The person shall remain at the forensic facility until the person is restored to competency or until there is a final disposition of the charges against the person.

(d) The person shall receive competency restoration services while at the forensic facility according to a plan approved by the forensic facility's clinical services director. Such services shall include any appropriate combination of medication, education, accommodations, habilitation, or other services identified as necessary or proper to achieve and maintain competency to stand trial. The person's refusal to receive competency restoration services shall not be grounds for release or dismissal from the forensic facility.

(e) Competency restoration services shall be provided to the person at the forensic facility, or at another location as part of a discharge plan, until the person is restored to competency or until there is a final disposition of the charges against the person.

(f)(1) The Commissioner shall actively monitor compliance with orders issued pursuant to subdivision (2)(B) of subsection (b) and shall immediately return a person to the forensic facility if:

(A) the person was previously restored to competence pursuant to this section and released from the facility;

(B) the Commissioner has reason to believe that the person is again incompetent; and

(C) the person's continued release would create a substantial risk of bodily injury to another person.

(2) The Commissioner shall notify the court where the person was committed upon return of the person to the forensic facility. Upon readmission, the court shall hold a hearing at which the State's Attorney shall have the burden of establishing by clear and convincing evidence that the person is not competent. If the court finds that the person is not competent, the court shall order the person readmitted to the forensic facility for competency restoration treatment pursuant to this section. If the court finds that the person is competent, the court shall order the person restored to the status the person had when the person was returned to the facility.

(g) The Commissioner shall receive prior approval of the Criminal Division of the Superior Court where the person's underlying criminal charge is pending for any competency restoration plan involving involuntary medication. The court shall not approve involuntary medication unless the court finds that:

(1) the involuntary medication is medically appropriate;

(2) the involuntary medication serves the important governmental interests of bringing to trial an individual accused of a serious crime and ensuring a fair, timely prosecution;

(3) the involuntary medication significantly furthers these important governmental interests by making it substantially likely to render the defendant competent to stand trial; and

(4) any alternative, less intrusive treatments are unlikely to achieve the same results.

Sec. 2. 13 V.S.A. § 4817 is amended to read:

§ 4817. COMPETENCY TO STAND TRIAL; DETERMINATION;
DISMISSAL

* * *

(e) When a person has been found incompetent to stand trial for an alleged misdemeanor offense, the charges against the person shall be dismissed without prejudice if, after the finding of incompetence, the case remains inactive for a continuous period of time equal to or greater than the maximum sentence for the offense. Dismissal under this section shall not be required if the court finds that dismissing the case would be contrary to the interests of justice.

Sec. 3. 13 V.S.A § 4819a is added to read:

§ 4819a. FORENSIC FACILITY PLACEMENT FOR PERSONS
ACQUITTED OF CERTAIN CRIMES

(a) A person who is charged with an offense punishable by a life sentence and is found not guilty only by reason of insanity at the time of the offense charged shall be committed to a forensic facility pursuant to this section. This section shall not be construed to prohibit the temporary transfer of a person requiring inpatient treatment through an order of hospitalization pursuant to 18 V.S.A. § 7619 or section 4822 of this title.

(b)(1) A hearing shall be held by the court where the person was tried within 48 hours following admission to the forensic facility, unless that period is extended by the court.

(2) Prior to the date of the hearing, the court shall order that a forensic risk assessment of the person be conducted that includes:

(A) the person's history and present dangerousness;

(B) a description of any tests that were employed and the results of the tests;

(C) the examiner's findings; and

(D) the examiner's opinion as to whether the person's release would create a substantial risk of bodily injury to another person.

(3)(A) At the hearing, the court shall order the person committed to the forensic facility if the State's Attorney establishes by clear and convincing evidence that the person is suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person.

(B) If the court finds that the State's Attorney has not established by clear and convincing evidence that the person is suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person, the court shall enter an order releasing the person pursuant to subdivision (e)(2) of this section.

(c) A person committed to the forensic facility pursuant to this section shall not be released until the court finds pursuant to subsection (e) of this section that the person is no longer suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person.

(d) The Commissioner of Corrections shall, taking into account the least restrictive conditions applicable, provide adequate care and individualized treatment at the forensic facility to persons ordered committed pursuant to this section. In order that the Commissioner may adequately determine the nature of the person's condition and needs, all persons committed pursuant to this section shall be promptly examined by qualified personnel in order to provide a proper evaluation, diagnosis, and treatment plan.

(e)(1)(A)(i) The State's Attorney shall petition the committing court for evaluation of the person not less often than the shorter of either:

(I) every six months after the date that the person is committed pursuant to subdivision (b)(3)(A) of this section; or

(II) certification to the Commissioner of Corrections by the forensic facility's clinical services director that the person is no longer suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person.

(ii) The Commissioner of Corrections shall provide all reports required under this section to the State's Attorney, who shall file them with the petition.

(B) A person committed pursuant to subdivision (b)(3)(A) of this section may petition the committing court for release on the grounds that the person is no longer suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person. A petition shall not be filed pursuant to this subdivision (B) until at least 90 days after the issuance of the commitment order.

(2) If the reviewing court finds by clear and convincing evidence that the person is no longer suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person, the court shall:

(A) order the release of the person under a prescribed regimen of medical, psychiatric, or psychological care or treatment that the forensic facility's clinical services director has certified as appropriate and that has been found by the court to be appropriate; and

(B) order, as an explicit condition of release, that the person comply with the prescribed regimen of medical, psychiatric, or psychological care or treatment together with any other conditions appropriate to protect the public.

(3) If the court finds that the person is suffering from a qualifying condition that, upon the person's release, would create a substantial risk of bodily injury to another person, the court shall deny the petition and order the person committed to the forensic facility for continued treatment pursuant to this section.

(f) The Commissioner shall actively monitor compliance with orders issued pursuant to subdivision (e)(2) of this section and shall immediately return the person to the forensic facility if the Commissioner determines that the person is noncompliant with the order and that the noncompliance may create a risk of bodily injury to another person. The Commissioner shall notify the court where the person was committed upon return of the person to the forensic facility. Upon readmission, the court shall hold a hearing at which the State's Attorney shall have the burden of establishing by a preponderance of the evidence that the person was noncompliant with the court's order for conditional release and that the noncompliance creates a risk of bodily injury to another person.

(g) At any hearing under this section, the victim may express the victim's views concerning the offense and preferences for the person's placement and care, and the court may consider the victim's testimony.
