Message from Rep. Cordes of Bristol

“June 19, 2025

Hon. Jill Krowinski, Speaker of the House
Vermont House of Representatives State House
115 State Street
Montpelier, VT 05633

Dear Speaker Krowinski,

I am writing to formally tender my resignation from the Vermont House of Representatives, effective today.

It has been a tremendous honor and privilege to serve the people of my district and the State of Vermont. I will cherish the relationships we have built together, doing hard but good work, from standing up a healthcare system that would support Vermont through COVID to adding protections against gun violence and ensuring the right to abortion care. There is so much more that I am proud of; I know you know it all.

I'm also incredibly proud of our all-women leadership team, with you as its lead; I'll be cheering you on from afar (and close up when I'm back for visits).

Thank you again for your leadership and support - I always knew I could count on you, even—or especially—during struggle.

Onward.

Respectfully,
Mari K. Cordes, RN
State Representative, Addison-4 District”

Message from Rep. Surprenant of Barnard

“September 29th, 2025

To the Office of the Speaker:

Often, a resignation can appear to the outside viewer that something must have gone awry. Yet in my experience, it has been just the opposite. There isn’t an isolated moment that has led to my decision to step away. Simply, I’ve come to realize for myself that I can serve my community in so many abundant ways that don’t put strain on my values or my farming career. I have spent these past five years working to understand a system that has the sincere intention to best serve all Vermonters—and I have such genuine respect for each of you who continue to show up in this work with humility, integrity, and selflessness. I’ve gained so much from being in this role and will always feel gratitude towards my community who trusted me to be their voice. I have also learned that it is brave and compassionate to leave something that no longer makes space for you to be your best self. I believe that when we’ve outgrown our willingness to acquiesce, then it’s time to step aside for someone else who can and who wants to.

Going forward, there is so much work that I am excited to engage with, that allows for my passion in agriculture to be the focal point of my energies and efforts. I wish you all a productive and collaborative second half to the biennium. I know how hard you work—and I hope each of you finds ways to ground yourself when the challenges arise. As for me, I’ll be touching earth and taking all I’ve learned from within this chamber to build stronger or more resilient communities from outside these walls.

With sincere thanks to you all,

Heather Surprenant”

Message from Rep. Harrison of Chittenden

"The Honorable BetsyAnn Wrask
Clerk, Vermont House of Representatives
115 State St.
Montpelier, VT 05633

Dear BetsyAnn,

It is with apprehension that I will be resigning from the Vermont House of Representatives effective January 6, 2026, at 12:00 noon. It has been an honor and privilege to serve as a state representative for the past eight and half years.

For personal and family reasons, we will be moving soon, which will sadly mean my tenure at the State House will end.

While we all have different perspectives in this Chamber, I have valued how much we can all get along as friends and colleagues, regardless of the political stripes we may carry. Members of the House have even tolerated me with my March Madness announcements!

Serving has been a rewarding experience. I appreciated the work within our Appropriations Committee being able to come together when it really counts. The professionalism of our joint fiscal team and legislative counsel has been superb. And of course, I will miss the support of our “rock star” House Clerk and her office.

I owe a great deal of thanks to the Governor for giving me the opportunity when he first appointed me to fill the unexpired term of my predecessor and to the voters of the towns, I represent, for electing me four times. I thank the Speaker for having enough confidence in me to serve alongside our House Appropriations Chair.

Finally, and most importantly, I want to thank my wife Pat for her support and counsel throughout my tenure as a legislator. From campaigning to reviewing my updates to acting as a sounding board, she has been there for me.

I will miss you all.

Sincerely,

Representative Jim Harrison
Rutland-11

Remarks Journalized

On motion by **Rep. McCoy of Poultney**, the following remarks by **Rep. Scheu of Middlebury** were ordered printed in the Journal:

“Madam Speaker,

It’s not often the Vice Chair of the House Appropriations Committee leaves office in the middle of a biennium. But that’s what Representative Harrison is doing today. However, we couldn’t let him get away without a proper goodbye.

Therefore, the House Appropriations Committee offers the following House resolution relating to the hasty departure of our Colleague, Representative James Harrison

WHEREAS, Representative Jim Harrison officially joined the House Appropriations Committee on Tuesday, January 6, 2021, when the Committee met remotely during the COVID-19 pandemic, bravely navigating both state budgets and the mute button: and

WHEREAS, in January 2025 he became Vice Chair of the House Appropriations Committee and played a key role in negotiating a compromise FY26 budget that emerged from Committee by unanimous vote – an

achievement widely regarded as either a miracle or proof that humor can be a negotiating strategy; and

WHEREAS, in January 2022, when the committee resumed meeting in person, Representative Harrison proposed beginning each day with a joke or two, a suggestion that was agreed to before anyone had fully considered the consequences; and

WHEREAS, Representative Harrison soon became known as a connoisseur of comedy, a guardian of good humor, and a man who could spot a joke from miles away—though his own often took the scenic route, missed the exit, and stopped to ask for directions; and

WHEREAS, despite the repeated failure of his jokes to land, Representative Harrison has nonetheless succeeded, time and again, in bringing joy, good spirits, and the occasional extended silence to those around him; and

WHEREAS, State Representative Jim Harrison has served the people of this great state with dedication, integrity, and the remarkable ability to approach a punchline without ever actually reaching it; and

WHEREAS, he has long championed fiscal restraint—famously reminding the Committee that “\$50 is \$50”—even as he has quietly, generously, and deliciously undermined that principle by supplying a steady surplus of Jones Donuts; and

WHEREAS, Representative Harrison has embodied the true spirit of March Madness by sponsoring the Committee pool year after year, steadfastly ignoring logic, probability, and his own consistently dismal performance;

now therefore be it

Resolved by the House Appropriations Committee

That the House of Representatives hereby commends State Representative Jim Harrison for his years of devoted public service, his extraordinary contributions to the State, and his inspiring—if not entirely effective—pursuit of levity, good sportsmanship, and joy in public life; and

Be It Further Resolved

That Jim Harrison is officially recognized as the Legislature’s *Most Likely to Almost Tell a Joke*, a title he has earned with every brave attempt and every valiant, hilarious stumble; and

Be It Further Resolved

That the House encourages Representative Harrison to continue his noble comedic efforts, because, frankly, the chamber has not had this much fun being confused in years.

Representative Robin Scheu
Chair, House Appropriations Committee
January 6, 2026"

Remarks Journalized

On motion by **Rep. McCoy of Poultney**, the following remarks by **Rep. Page of Newport City** were ordered printed in the Journal:

"Madam Speaker:

I originally was not going to speak regarding the departure of the member of Chittenden Vermont, but then I thought to myself; you can not miss out on an opportunity like this to make a few comments. So, Madam Speaker, the words I am about to say are my own and not from the member from Rutland-11 District. As you know, there have been numerous instances when the Rutland member has asked me to speak on his behalf for one event or another and it has mainly been with the March Madness contest. This is not one of those times. The member has not provided me a script regarding his departure from this body and I am a little nervous about what I am about to say since these are my own words, and they are not from the member from Rutland. I'm actually here to praise our friend from Rutland for the service he has provided to his community and our State. It is my opinion that the member has done an exceptional job in representing his district. I also want to recognize the member's wife Pat. I have some experience dealing with the Rutland member here within this body and I can't imagine what it will be like for her to have the member home all the time. I wish Pat all the very best and I know that the two of them will be very happy in starting over in their new home.

I am also very thankful for some things from my Rutland-11 friend and others not so much. Much of the banter between the two of us over the years is familiar to this body and there are time limits for what I can say. So, I will simply make this one final comment. I do not think that it is an exaggeration to say that our colleague knows everyone in this building and within our State government. He genuinely likes everyone, and they like him as well. Madam Speaker, I would like to quote the humorist Will Rogers with your permission. The humorist Will Rogers once said "...that he never met a person he didn't like." Our Rutland Friend, in my opinion, is the Will Rogers of our State House. It has never mattered to the member who you were, what organization you were with or where you sat in this body. You as a person would be liked by the member and anyone who has ever met him would like him as well. He

has made an impression on all of us. In closing, I thank the member for being a friend to me and to all of us and wish him and Pat the best of times ahead as they begin their next adventure together. I would also conclude saying that the member from Rutland, he is the Big Deal here not me. Thank you.”
