

My Name is Allison Dercoli
I live in West Townshend Vermont

I am writing to you to whom it may concern,
Because the Working Lands Enterprise Fund needs \$3 million dollars to support
Vermonters!

My business was able to stay alive and doubled in size because of the Vermont Working
Lands matching funds grant for 100K last year. I make Kimchi and Sauerkraut in
Southern Vermont. It is not an easy business to represent in a small community but we
are growing and last year we purchased over 50 thousand pounds of Vermont grown
produce to make our food.

Again, Please appropriate \$3 million for the Working Lands Enterprise Fund. It
will keep small businesses around and thriving.

Thank you
Allison Dercoli
