RESELLER PROCESS

1) Tickets are purchased by 'individuals' via the Flynn website

2) The purchaser then makes the tickets available on resale sites — frequently multiple sites are used.

3) Resale sites then place them for sale investing heavily in SEO to drive unwitting consumers away from the primary venue to their sites.

Please provide your mobile phone number so that we can contact you with updates about your order.

Here's why smart season ticket holders never list exclusively on Ticketmaster. Let me break this down with real numbers. When you list your tickets on just one marketplace like Ticketmaster, you're only reaching about 30% of potential buyers. That's like trying to sell your house, but only showing it to 1 in 3 buyers who are interested.

Here's what the pros do instead: They list on multiple marketplaces simultaneously - not just Ticketmaster, but thirteen different sites including StubHub, SeatGeek, Gametime, and TickPick - reaching 100% of potential buyers.

But here's the problem - that takes hours of work and constant price updates across every site.

That's why we built Local Arena Tix. We automatically list your tickets across every major marketplace, update pricing in real-time, and charge lower fees than anyone else.

The best part? You can get started for just \$9 a month. That's it! No hidden fees.

We've helped season ticket holders sell thousands of tickets, and we'd love to help you too.
