

VCIA will enhance its position as a global thought leader, resource and champion of captive insurance for Vermont and the world.

THANK YOU

Governor Scott & the entire Vermont Legislature for ensuring The Green Mountain State, in an increasingly competitive domicile landscape, remains the top captive destination in the world.

To see this dynamic industry in action

Join us at our 41st Annual Conference August 11-13 in Burlington

Contact VCIA President Ian Davis

What makes Vermont the number one captive domicile in the world?

Robust infrastructure leading to a sophisticated and mature captive community

Experienced and knowledgeable regulatory team and member association (VCIA) responding to the latest needs of the industry

Responsive legislation updated annually resulting from strong cooperation among the Governor, legislature, DFR, and VCIA

Supportive measures for captives enacted into law in 1981, well ahead of other jurisdictions

What is a captive & why form one?

A captive is a wholly owned subsidiary providing risk mitigation services to its parent company or related entities

Captives can control costs, reduce or eliminate losses by implementing effective loss control programs

Self insurance that insures a variety of risks that may not be covered by commercial insurers

Retain investment income and provide evidence of insurance and access to reinsurers

Gross written premiums, 2020 - 2024, in billions

About VCIA

The Vermont Captive Insurance Association (VCIA, est. 1985), provides legislative advocacy and awareness on both the state and federal levels for over 400 member organizations, and offers best-in-class captive education and networking opportunities, culminating in our flagship annual conference every August. The largest captive insurance conference in America, VCIA is a vital tourist boon for the Burlington economy every summer.

HARP's membership in VCIA delivers real, tangible value. The depth of the VCIA community, combined with access to best-in-class captive education, keeps us informed, connected, and operating at a higher level. Just as important, VCIA's strong legislative advocacy ensures that our interests are well represented and that the captive industry remains stable, credible, and forward-looking. We view VCIA as an essential partner in our long-term success.

-Kelly Mahncke, captive owner
