

# CTE IS PUBLIC EDUCATION

and it is critical to economic development

By 2030, one in three Vermonters will be over 60.

We are well-poised to fill the labor pipeline.

# CTE LEARNERS GRADUATE AND EARN AT HIGHER RATES

Students who were CTE concentrators earned **\$3,359** more per year than non-CTE students.

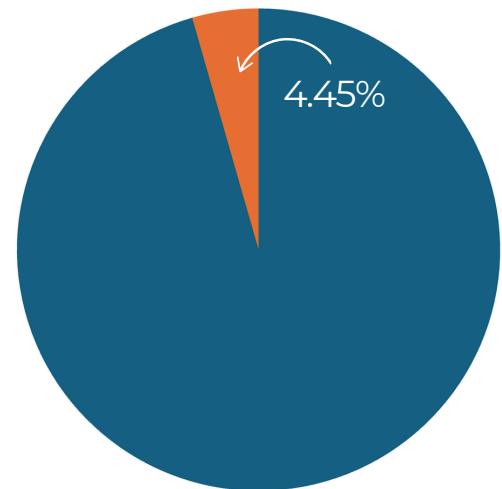

In Addison County, for FY26, all public education spending will be \$123 million dollars. Our budget is \$5.79 million.

We are only 4.45% of the entire spending done in Addison County on public education, yet **we serve 1 in 3 high school students.**

CTE in VT works, and costs very little in comparison.

CTE is public education.

Solve the structure, governance, and finance of PreK-12 before adjusting CTE.
