# The Need & Why

- **\$1.6 million increase in base funding for Vermont's local recovery organizations (Sec. B.313)**

- An increase in base funding for recovery organizations will allow these organizations to extend hours of operation (including new opportunities to open centers on weekends), match external funding sources to further increase services, and offer competitive wages to attract and retain a skilled workforce.
- State investment in recovery organizations is an upstream investment in prevention with long-term cost savings.

**Thank You!**
