Testimony from Jomerson Rangel of Rutland City, VT
Vermont Adult Learning student

Hello Everyone,

Since I arrived in this country, I understood that learning English was something I had to take on right away. I knew it was essential to move forward, build a better future, and fit in with my community. At the beginning, it was not easy. However, I did not give up.

While working, I also kept going to classes at Vermont Adult Learning. This program, along with the support of my teacher Rebecca, has helped me grow step by step and build up my confidence.

Learning English has also helped me a lot in my job. It allows me to communicate better with customers and coworkers, understand instructions clearly, and feel more confident while working. Because of this, I can do my job more efficiently and provide better service.

Today, I am able to communicate more clearly in many everyday situations. I no longer depend on a translator, except when I come across technical vocabulary. I understand that I still have a long way to go, but I continue to work on my pronunciation and keep improving my fluency every day.

Thank you for your time and for supporting programs like this that truly make a difference.

Jomerson Rangel Moreno
