<p>Sec. 1. LEGISLATIVE INTENT <i>[Effective on 7.1.26]</i></p>	<p>Sec. 1. FINDINGS; LEGISLATIVE INTENT <i>[Effective on 7.1.26]</i></p> <p>(a) Findings. The General Assembly finds that:</p> <p>(1) Implementation of school district consolidation under 2015 Acts and Resolves No. 46 (Act 46) resulted in the creation of larger supervisory unions, supervisory districts, and unified union school districts, which have achieved measurable administrative efficiencies, including reductions in per-pupil central office costs and the elimination of duplicative governance structures, while maintaining or improving student opportunities in many regions.</p> <p>(2) Regional high schools serving broader geographic areas provide expanded and more equitable access to academic programming, career and technical education, co-curricular opportunities, and specialized staff, which are often not sustainable at smaller scales.</p> <p>(3) Research demonstrates that closing small elementary schools often yields limited or inconsistent cost savings once transportation, capital adjustments, and community impacts are considered, and may negatively affect student outcomes and family engagement, particularly in rural areas.</p> <p>(4) Nationally, the average public school district enrolls approximately 5,000 students, while the median district size is substantially smaller, commonly cited near 1,500 students, reflecting a wide distribution of district scale across the United States.</p> <p>(5) In rural states, school district design must account not only for enrollment but also for geographic size, as districts are often measured in square miles. Larger geographic areas can present barriers to equitable access to educational opportunity, requiring careful balancing</p>

Notwithstanding section 4772 of this title, issuance of a corrected bill issued under this section does not extend the time for payment of the original bill nor relieve the taxpayer of any interest or penalties associated with the original bill. If the owner of a homestead fails to declare a homestead as required under this section, the Commissioner shall notify the municipality, and the municipality shall issue a corrected tax bill. If the corrected bill is less than the original bill and there are also no unpaid current year taxes, interest, or penalties and no past year delinquent taxes or penalties and interest charges, any overpayment shall be reflected on the corrected tax bill and refunded to the taxpayer.

(i) An owner filing a new or corrected declaration or dwelling use attestation or rescinding an erroneous declaration or dwelling use attestation after October 15 shall not be entitled to a refund resulting from the correct property classification, and any additional property tax and interest that would result from the correct classification shall not be assessed as tax and interest, but shall instead constitute an additional penalty to be assessed and collected in the same manner as penalties under subsection (g) of this section. Any change in property classification under this subsection shall not be entered on the grand list.
